REPORT ON THE ADMINISTRATION OF THE EXCISE DEPARTMENT IN THE LOWER PROVINCES, BENGAL, DURING THE YEAR 1903-1904.

The 7th November 1904.—The following extracts from the Report of the Commissioner of Excise and Salt, Bengal, on the Administration of the Excise Department in the Lower Provinces of Bengal during the year 1903-1904, as well as the letter from the Board of Revenue reviewing the Report, are published for general information.

L. P. SHIRRES,
Secy. to the Govt. of Bengal.

No. 8068B., dated Calcutta, the 24th August 1904.

From—H. WHEELER, Esq., Secretary to the Board of Revenue, L. P.,
To—The Secretary to the Government of Bengal, Financial Department.

I AM directed by the Board of Revenue to submit the report received from the Commissioner of Excise, Bengal, upon the administration of the Excise Department during the year 1903-04.

Member in charge:
THE HON'BLE MR. K. G. GUPTA, I.C.S.

2. *Paragraph 4 of the Report.*—The rearrangement of the report, more especially under the head of "country spirit," has permitted of its curtailment without detracting from its value.

3. *Paragraphs 18, 32 and 97 of the Report.*—The most noticeable features of the revenue results of the year are the large increase (Rs. 4,45,075) under the head of "country spirits," and the decrease (Rs. 60,062) under the head of "opium." Favourable settlements of shop licenses were the main factor in

the former instance, while in the latter, the more stringent measures taken in Chittagong to prevent the smuggling of opium to Burma affected the receipts under this head to the extent of Rs. 72,902.

It will be observed that the new settlements for the current year (1904-05) exhibit a general increase of revenue (*paragraph 20*).

4. *Paragraphs 37 and 39 of the Report.*—The decrease of 2,230 gallons L. P. in the consumption of rum is consistent with the general decline in the popularity of this liquor which has been characteristic of recent years. The relation of the rate of duty to the consumption of rum was discussed in the Board's letter No. 3106B., dated the 7th April 1904.

5. *Paragraphs 30, 40, 47, 48, 49, 52, 53, 54, 68, 80, 86, and 92 of the Report.*—A general increase is noticeable in the number of shops licensed for the sale of the different articles of excise as noted in the margin. The explanation generally given is that the new licenses were in response to an ascertained demand, or with the object of checking illicit practices, while the considerable fluctuations under the heads of fermented tari shops and of permits for the home-brewing of pachwai were largely due to the successful working of season licenses for home consumption and the splitting up of shops in the former case, and to the popularity of household licenses in the latter. It will be observed from paragraphs 23, 114, and 115 that the general principles laid down by Government regulating the number and sites of shops are borne in mind by the Commissioner of Excise, and the Board have no reason for supposing that the number of licenses issued is unduly added to. Nevertheless, the Board do not view the increase in the number of licenses with favour, and will see whether the requirements of new localities cannot be met by a redistribution of existing shops and the transfer of unimportant shops to other sites. With reference to the issue of licenses for temporary shops at fairs, etc. (*paragraph 117*), Government have recently approved of proposals submitted by the Board calculated to prevent abuse in this respect (*vide* Government order No. 4055S.R., dated the 11th August 1904).

6. *Paragraphs 60, 70, and 71 of the Report.*—The whole subject of the arrangements regulating the cultivation of ganja is under separate discussion with Government, as the outcome of Mr. Rainy's deputation referred to in paragraph 63 (*vide* Board's letter No. 6808B., dated the 23rd July 1904).

In paragraph 70 Mr. Badshah has not adopted the co-efficients for the conversion of ganja of the different varieties into the one denomination of *chur*, which in their report referred to the Board have recommended, but the figures * arrived at by such a calculation would not be widely different from those given in the report.

* Year.	As given in the present report. Mds. of chur.	As calculated according to Board's letter No. 6808B., dated the 23rd July 1904, para. 4. Mds. of chur.
1901-02 ...	3,914	3,976
1902-03 ...	4,119	4,179
1903-04 ...	3,926	3,993

The further effect of the enhancement of the duty upon *chur* ganja (paragraphs 69 and 71) upon the manufacture of it and of the other varieties of the drug will be watched with interest.

7. *Paragraph 79 of the Report.*—With reference to the statement that ganja is no longer cultivated in the Feudatory States of Chota Nagpur with a view to competition with the Rajshahi product, it is noted that in the Report upon the Excise Administration of the Central Provinces for the year 1902-03 (*paragraph 10*) the complaint was made that the smuggling of ganja from the States into the district of Sambalpur was common. The Commissioner of Excise will be asked to inquire.

8. *Paragraph 82 of the Report.*—As regards the statement that the large decrease of the sale of *siddhi* in Patna was due to the high retail prices charged by the vendors, the majority of the shops being in the hands of men who are also wholesale licensees, it is observed that the recommendation of the Hemp Drugs Commission [paragraph 741(*f*) of their Report] was opposed to the combination of retail and wholesale licenses, although the Government of India recognised that no hard-and-fast rule was required. Steps should be taken to break the monopoly.

Letter of the Government of India in the Finance and Commerce Department to the address of the Government of Bengal, No. 1713S.R., dated the 16th April 1896 (paragraph 9).

9. *Paragraph 96 of the Report.*—The Board await the further explanation called for by the Excise Commissioner regarding the increase in the consumption of opium in Puri. Reference has already been made to the peculiar circumstances of the Chittagong district. The previously existing restriction upon the issue of opium to retail shops has been reintroduced (*paragraph 100*) and the treasury price of opium has been enhanced by one rupee per seer (*paragraph 99*). The effect of these changes is still being watched.

10. *Paragraph 98 of the Report.*—The Board do not agree with the view expressed by the Collector of Burdwan (Mr. O'Brien) that the imposition of the revised limit of possession of opium has favoured the growth of the practice of opium smoking.

11. *Paragraph 105 of the Report.*—The Board view with satisfaction the vigorous measures taken for the repression of the cocaine habit, but the matter is one which calls for unabated vigilance.

12. *Paragraph 109 of the Report.*—The large increase in the number of prosecutions in the Sonthal Parganas for the offence of illicit distillation is somewhat at variance with the anticipation expressed by the Board in reviewing the results of the previous year, to the effect that the cheapening of licit liquor was acting as a successful check upon malpractices, but it is observed that the more numerous convictions were largely the result of more energetic measures against the *Paharias*, and that the consumption of distillery liquor increased slightly. The Board would only repeat the admonition which they have before given to the local officers that repressive measures should be carried out with discretion, and not with an excess of zeal. The co-operation of the village headmen, if secured, will be the surest and least objectionable means of prevention.

The Board trust that it is the case, as the figures purport to show, that the measures for the check of illicit distillation in thana Raina of the Burdwan district are at length proving successful. The decrease of convictions on the same account in Midnapore is not altogether satisfactory, viewed in conjunction with the falling off in the consumption of distillery liquor in the same district (*paragraph 28*), though other explanations are offered of both phenomena.

In the district of Chittagong special measures for the check of opium smuggling to Burma have been taken, though it is perhaps as yet too early to claim them to have been largely successful.

13. *Paragraph 122 of the Report.*—Mr. Badshah has devoted considerable attention to the improvement of the quality of the liquor sold, though there is still much room for improvement. The whole subject is under separate discussion.

14. *Paragraph 134 of the Report.*—The attention of the District Officers of Howrah, Saran, and Cuttack will be drawn to the omissions noticed in the matter of the inspection of the Excise branches of their offices.

15. The results of the year's administration may be thus summed up: the total receipts amounted to 163 lakhs, (an increase of five lakhs over the receipts of the year before), of which over 138 lakhs, or nearly 85 per cent. were contributed by the three principal sources of revenue, viz, (1) country spirit, (2) ganja, and (3) opium. In this connection the following comparative figures will be of interest:—

Year.	Country Spirit.						Ganja.			Opium.		
	Outstills.			Distillery liquor.								
	No. of licenses.	Total receipts.	Incidence per license.	Consumption in Gallons L. P.	Total receipts.	Incidence per gallon L. P.	Consumption in maund reduced to char.	Total receipts.	Incidence per maund.	Consumption in maunds.	Total receipts.	Incidence per maund.
1	2	3	4	5	6	7	8	9	10	11	12	13
		Rs.	Rs.		Rs.	Rs.		Rs.	Rs.		Rs.	Rs.
1902-03	2,134	37,86,147	1,746	650,009	37,28,080	5·7	4,179	32,02,120	760	2,332	26,82,344	1,1576
1903-04	2,148	40,13,225	1,871	692,804	38,90,440	5·6	3,968	33,31,724	836	2,308	25,96,205	1,1249

In both ganja and opium there was a decrease in consumption with a perceptible rise in the incidence of taxation, results upon which the Department may well congratulate itself. The figures regarding country spirit do not at first sight appear equally satisfactory. The revenue from outstills showed a marked

increase, but the incidence per license has also largely risen, showing that the growth of revenue was mainly due to enhanced taxation. The consumption of distillery liquor exhibited an increase with a slight falling off in the incidence of taxation, and efforts will be directed towards raising the license fees, so as to increase the cost of liquor. It will be observed that drinking is indulged in chiefly in Bihar and Chota Nagpur, and also in Calcutta and its immediate neighbourhood, where there is a large admixture of Biharis and upcountry men, and it was in these areas that the bulk of the increase in consumption took place, due in Calcutta to the growth of the mill population, in Chota Nagpur to the extension of the collieries, and in Bihar to the prevalence of plague against which country spirit is popularly regarded as a prophylactic. Among the other satisfactory features may be mentioned the determined crusade carried on against the spread of the pernicious cocaine habit, and the measures taken to improve the quality of distillery liquor.

16. Mr. Badshah was practically in charge of the Excise Department throughout the year, and the thanks of the Board are due to him for the ability and energy which he has devoted to his duties. In all the details of administration, and in the disposal of business particularly, his efforts have effected a marked improvement.

No. 61E., dated Calcutta, the 11th July 1904.

SECTION III.—RECEIPTS AND EXPENDITURE.

Total revenue and charges.

13. The excise revenue and charges of the Province for the last five years are shown below:—

Period.	Revenue.	Charges.	Net revenue.	Percentage of charges.
	Rs.	Rs.	Rs.	
1899-1900	1,39,65,984	6,85,984	1,32,80,000	4·91
1900-1901	1,46,48,409	6,73,358	1,39,75,051	4·59
1901-1902	1,50,25,817	6,75,818	1,43,49,499	4·49
1902-1903	1,57,87,729	7,72,606	1,50,15,123	4·89
1903-1904	1,62,96,470	8,12,836	1,54,83,634	4·98
Difference of the past two years ...	+ 5,08,741	+ 40,230	+ 4,68,511	+ ·09

The net revenue shows an increase of Rs. 4,68,511, or 3·12 per cent., over the figure of the previous year, and is the highest on record.

SECTION IV.—DEMAND AND COLLECTION OF REVENUE.

Revenue under different heads.

18. The total revenue under the several heads of exciseable articles was Rs. 1,62,96,470 as against Rs. 1,57,87,729 in the previous year, showing an increase of Rs. 5,08,741, or 3·2 per cent. The increase was common to all but eight districts. The largest increase (Rs. 94,451) took place in Manbhum. The increase was also considerable in the 24-Parganas (Rs. 47,773), Gaya (Rs. 35,365), Saran (Rs. 34,321), Calcutta (Rs. 28,629), and Ranchi (Rs. 28,292). On the other hand, the decrease was heavy in Chittagong (Rs. 68,309), Midnapore (Rs. 15,143), and Cuttack (Rs. 10,292). There was an increase under every head except Opium; Rum, and Majum. The largest increase occurred, as in the previous year, under the head "Country spirits," being Rs. 4,45,075. Ganja comes next with an increase of Rs. 69,602, followed by "Miscellaneous," *pachwai* and *tari*, which yielded an increase of Rs. 24,004, Rs. 21,712, and Rs. 18,528, respectively. The largest decrease (Rs. 60,062) occurred under the head "Opium." The fluctuations in the revenue under the several heads of exciseable articles are discussed in the sections devoted to them.

SECTION V.—COUNTRY SPIRIT.

Geographical distribution of Central Distillery and Outstill systems.

25. The *Central Distillery* system is in force in the Sonthal Parganas (Bhagalpur Division) and throughout the Burdwan, Presidency, Dacca, and Orissa Divisions, with outstills only in certain isolated and sparsely populated tracts in Bankura and Midnapore, in the jungle tracts of Cuttack, and in the district of Angul and Khondmals.

The *Outstill* system is in force throughout the Rajshahi and Chittagong Divisions, in the Chota Nagpur Division, except Hazaribagh, in the districts of Purnea and Malda in the Bhagalpur Division, and in the district of Angul and Khondmals in the Orissa Division; while in the Patna Division, in the districts of Monghyr and Bhagalpur in the Bhagalpur Division, and in Hazaribagh what is known as "the dual system" prevails, *i. e.*, there is a central distillery in each district for the supply of the principal town area and outstills for the rest of the district. A small area in Manbhum (Chota Nagpur Division) bordering on Burdwan is under the Central Distillery system.

Distillery liquor—Licenses for retail sale.

26. The total number of licenses issued was the same as in the previous year, viz., 1,237. In five districts nine new shops were opened in order to meet ascertained local demands and to check illicit practices. On the other hand, nine shops were closed in five districts on the ground that the sales were small or that the sites were objectionable.

Distillery liquor—License-fees.

27. There was an increase in the revenue from license-fees from Rs. 13,29,293 to Rs. 13,56,030, or to the extent of Rs. 26,737. The increase is marked in the 24-Parganas (Rs. 9,709), Hooghly (Rs. 7,180), and Howrah (Rs. 4,405). The increase is generally attributed to favourable settlements and to larger collections of advance fees. On the other hand, the decrease was large in Patna (Rs. 7,193) and Cuttack (Rs. 4,012). The decrease in Patna was due to the closure of a shop on account of its objectionable site and to the reduction of the license-fee of the distillery shop in the Dinapore cantonment, which had risen to a high figure in the previous year. In Cuttack the fees of the distillery shops were reduced for a similar reason.

Distillery liquor—Consumption and duty.

28. The consumption of distillery liquor in L.-P. gallons rose from 6,52,009 to 6,92,664; there was thus an increase of 40,655 gallons L.-P. Of the 31 districts in which the distillery system is in force, there was an increase of 44,818 gallons L.-P. in 21 districts and a decrease of 4,163 gallons in the remaining 10 districts. The increase was most marked in Calcutta, where the consumption rose from 2,46,272 to 2,57,635 gallons L.-P., or by 11,363 gallons L.-P. The whole of this increase took place in the latter end of the year. A portion of the increase was due to the advance supplies taken by the retail vendors in the latter part of March, as the Superintendent's office remained closed during the first four days of April 1904 on account of the Easter holidays. As for the rest of the increase, the Superintendent of Excise Revenue, Calcutta, has not yet been able to come to any definite conclusion. In my judgment it was due to some extent to the prosperous condition of the people. The increase was also large in Patna (7,644 gallons L.-P.), Monghyr (5,440 gallons L.-P.), Gaya (4,811 gallons L.-P.), Saran (3,084 gallons L.-P.), and was due to the celebration of a large number of marriages and a poor outturn of *tari*. In Patna and Saran the increase is also attributed to the fact that liquor was regarded as a prophylactic against plague. In Cuttack there was an increase of 2,262 gallons L.-P., and it was due to the vigilance of the Preventive Officers in checking illicit practices and to the return of a Madras regiment. The increase of 1,071 gallons L.-P. in the Sonthal Parganas was due to increased consumption of licit liquor in consequence of a reduction in retail prices. In Midnapore there was a decline of 1,649 gallons L.-P., and it was due to high prices of food-grains and completion of railway works and the consequent exodus of coolies. The decrease of 758 gallons L.-P. in Backergunge is attributed to the growing popularity of foreign liquor and rum. As a result of the increased consumption in the Province, the receipts from duty rose from Rs. 23,21,154 to Rs 24,46,787, or by Rs. 1,25,633.

Distillery liquor—Total receipts.

29. The total receipts, which were made up of license-fees, distillery fees, and duty, amounted to Rs. 38,90,440 as against Rs. 37,32,029 in the previous year, showing an

increase of Rs. 1,58,420. The license-fees of distillery liquor shops are capable of further enhancement, especially in some parts of Bihar.

Outstills—Licenses.

30. The total number of licenses issued was 2,145 as against 2,134 in the previous year, showing an increase of 11. There was an increase of 23 outstills in ten districts, and it was due to the opening of new outstills in order to meet local requirements and to check illicit practices, while 11 outstills were closed in four districts as they appeared unnecessary. In Darjeeling one branch shop on the border of Sikkim was closed on account of the objection raised by the Political Agent of Sikkim.

Outstills—License-fees.

31. The revenue from license-fees increased from Rs. 37,26,567 to Rs. 40,13,222, or by Rs. 2,86,655. Of the 30 districts in which the outstill system was in force, there was an increase of Rs. 2,95,031 in 27 districts and a decrease of Rs. 8,376 in the remaining three districts. The increase was large in Manbhum (Rs. 81,561), Ranchi (Rs. 26,729), Saran (Rs. 24,256), Gaya (Rs. 21,121), Jalpaiguri (Rs. 17,221), Hazaribagh (Rs. 15,500), Palamau (Rs. 15,373), Purnea (Rs. 13,506), Monghyr (Rs. 12,718), and Muzaffarpur (Rs. 10,944). The increase is generally attributed to healthy competition at the annual sales. In Manbhum the fees rose very high and much above the real value of shops at the settlement held in March 1903 on account of keen competition. In Jalpaiguri the increase was due to the check put on the smuggling of Bhutan and Kuch Bihar liquor by the constant patrolling of the border by the Preventive officers of the district and the consequent increase in the demand for outstill liquor. In Singhbhum there was a decrease of Rs. 6,762, and it is attributed to the dulness of the timber trade and lac business along the railway line.

Total revenue.

32. The total receipts from distillery liquor and outstills was Rs. 79,03,662 as against Rs. 74,58,587, showing an increase of Rs. 4,45,075.

SECTION VI.—COUNTRY RUM.

Licenses.

34. Ten licenses for the retail sale of rum only were taken out, viz., nine in Calcutta and one in Darjeeling, as against eleven licenses in the previous year. In Calcutta one rum shop remained closed throughout the year, as an unobjectionable site could not be secured. Rum is also sold under cover of licenses for the sale of distillery spirits and of imported liquor.

License-fees.

35. The receipts from license-fees amounted to Rs. 21,762 as against Rs. 24,737 in the previous year, showing a decrease of Rs. 2,975. In Calcutta there was a decrease of Rs. 2,555, and it was due to the fact that one shop remained closed throughout the year and another was settled at a reduced fee in the latter end of the year. The decrease of Rs. 420 in Darjeeling was due to the settlement of the shop at a reduced fee on account of decrease in sales.

SECTION VII.—IMPORTED LIQUOR.

Licenses.

40. The total number of licenses issued for the sale of imported liquor was 653 as against 645 in the previous year, showing an increase of 8. There was an increase of two licenses under the head "Railway Refreshment Room," two under "Dining Car," six under "Steamer," seven under "General retail," and five under "Dâk Bungalow," while there was a decrease of 12 licenses under the head "Wholesale" and two under "Hotel." The fluctuations are generally unimportant. Four new retail licenses were issued in Backergunge to check illicit sales and to meet ascertained demands, and one new retail license in each of the districts of Bankura and Darbhanga to meet ascertained local demands. The increase of one retail license in Calcutta was due to the settlement of an additional license out of the sanctioned number. In Calcutta two dining-car licenses were taken out by Messrs. Kellner & Co. for the postal trains running between Calcutta and Bombay.

Revenue.

41. The total receipts, which are derived from license-fees alone, amounted to Rs. 3,76,951 as against Rs. 3,74,075, showing an increase of Rs. 2,876. There was a total increase amounting to Rs. 18,272 in 25 districts, while in 19 districts

there was a decrease amounting to Rs. 15,396. In two districts the revenue was stationary. No license was taken out for the sale of imported liquor in Angul and the Khondmals. The increase was over Rs. 1,000 in Hooghly (Rs. 2,227), the 24-Parganas (Rs. 2,098), Dacca (Rs. 1,229), Mymensingh (Rs. 2,930), Faridpur (Rs. 1,812), and Backergunge (Rs. 4,740). The increase was due to favourable settlements, collection of a larger amount of advance fees, and increase in the number of licenses. There was a decrease of Rs. 9,169 in Calcutta, and it was due to the decrease in the number of wholesale licenses and to the closing of a number of bars attached to hotels in consequence of the prohibition of the employment of females. A part of the decrease is also nominal, and was due to the payment, in the first quarter of the preceding year, of two months' advance fees on account of imported liquor retail licenses subsidiary to country spirit and rum retail licenses which were settled triennially in that year. The decrease of Rs. 1,070 in Darjeeling was due to a reduction of the fees of certain shops, which rose to a high figure in the previous year.

SECTION IX.—TARI.

Statistics.

47. The total number of licenses increased from 15,250 to 16,075, and the receipts from Rs. 10,77,171 to Rs. 10,95,699, showing an increase of 825 in licenses and of Rs. 18,528 in revenue.

Fermented tari.

48. The number of licenses issued was 13,839 as against 13,312 in the previous year, showing an increase of 527. The increase is most marked in the 24-Parganas (288), Gaya (65), the Sonthal Parganas (64), and Darbhanga (26). The increase in the 24-Parganas was due to the fact that 563 season tari licenses were issued as against 273 licenses in the previous year. These licenses are current only for three months during the hot season, *viz.*, from May to July. The fee charged is Rs. 3 in each case, and the holders of the licenses are permitted to be in possession of tari for home consumption, no sale being allowed. It is reported that the system was worked with success during the year. The increase in Gaya and Darbhanga was due to the splitting up of shops with heavy fees in order to lessen the burden of taxation on individual shops. The increase in the Sonthal Parganas was due to the opening of new shops in localities where there was a demand for tari and illicit practices were suspected. The receipts from fermented tari increased from Rs. 10,69,578 to Rs. 10,87,971, or by Rs. 18,393. The increase was large in the 24-Parganas (Rs. 9,094), Howrah (Rs. 4,529), Muzaffarpur (Rs. 2,706), Puri (Rs. 2,077), the Sonthal Parganas (Rs. 2,022), Shahabad (Rs. 1,517), and Calcutta (Rs. 1,189), and was due to favourable settlements, increase in the number of shops, and realization of a larger amount of advance fees. The decrease was heavy in Gaya (Rs. 2,707), Darbhanga (Rs. 1,668), and Bhagalpur (Rs. 1,490). The decrease in Gaya was nominal, and was due to the collection of a smaller amount of advance fees in consequence of the late settlement of tari shops owing to the outbreak of plague. In Bhagalpur also the business of the tari vendors fell off in consequence of the outbreak of plague. The decrease in that district was also, to some extent, due to indifferent crops in some localities and to the scanty supply of tari for want of rain. In Darbhanga some old shops remained unsettled owing to a combination among the *pasis* (tari vendors). As in previous years, the bulk of the revenue was derived from the seven districts of the Patna Division and Monghyr and Bhagalpur, which contributed between them Rs. 6,79,847, or 62 per cent. of the total amount. The revenue was also considerable in Burdwan (Rs. 11,414), Hooghly (Rs. 36,259), Howrah (Rs. 35,818), the 24-Parganas (Rs. 96,822), Calcutta (Rs. 78,526), Murshidabad (Rs. 11,214), Purnea (Rs. 13,603), Malda (Rs. 10,484), the Sonthal Parganas (Rs. 21,793), Cuttack (Rs. 40,298), and Puri (Rs. 14,888). There was no revenue from fermented *tari* in Jalpaiguri, Darjeeling, Tippera, and Noakhali.

Fresh tari.

49. Licenses for the sale of fresh *tari* were issued in 27 districts as against 26 districts in the previous year. The number of licenses increased from 1,938 to 2,236, and the revenue from Rs. 5,651 to Rs. 5,957. The increase is most marked in Tippera, where the revenue rose from Rs. 512 to Rs. 797. The increase was due to the activity shown by the excise staff in issuing these licenses.

SECTION X.—PACHWAI.

Statistics.

52. There was an increase in the total number of licenses issued from 13,030 to 13,958, and in the receipts from Rs. 5,76,226 to Rs. 5,97,938, there being thus an increase of 928 licenses and of Rs. 21,712 in revenue.

Licenses for retail sale, and revenue.

53. The number of licenses for retail sales increased from 1,651 to 1,676, and the revenue from Rs. 5,27,855 to Rs. 5,48,889. In Birbhum 14 new shops were opened in order to check illicit manufacture of pachwai, which was reported to be prevalent in that district. The increase of ten licenses in Singhbhum was due to the opening of new shops in localities where there was a demand for the liquor and illicit practices were suspected. The increase in revenue (Rs. 21,034) was due to the settlement of shops at enhanced fees on account of competition at the annual sales and also to the increase in the number of licenses. The increase is most marked in Burdwan (Rs. 16,432), Birbhum (Rs. 2,875), Hooghly (Rs. 1,355), and Manbhum (Rs. 1,139). There was a decrease of Rs. 1,162 and Rs. 944, respectively, in the districts of Darjeeling and Murshidabad. The decrease was mainly due to the settlement of shops at reduced fees at the settlement held in March 1904, and consequent realization of a smaller amount of advance fees. As in previous years, the bulk of the *pachwai* revenue was derived from Burdwan (Rs. 2,38,077) and Birbhum (Rs. 1,39,349), the total revenue on this account from the two districts being Rs. 3,77,426, or 63·1 per cent of the entire revenue. The receipts were also considerable in the Sonthal Parganas (Rs. 57,129), Darjeeling (Rs. 41,540), Murshidabad (Rs. 27,203), and Bankura (Rs. 22,448).

SECTION XII.—GANJA.

Statistics.

61. The area cultivated was 2,730 bighas, which is less than the limit of 976 acres fixed by the Government of India. The outturn shows a very large increase, which is reported to be due partly to timely rains, partly to the care and trouble which the cultivators bestowed on the crop, and partly to the manufacture of a large quantity of both sorts of flat ganja on account of an increased demand for these two varieties. The average outturn per bigha was 3 maunds 32 seers; but if all kinds of ganja are reduced to the level of *chur*, the figure should be 2 maunds 18 seers 11 chitaks, against 1 maund 17 seers 9 chitaks in 1902-1903 and 1 maund 37 seers 3 chitaks in 1901-1902.

Wholesale prices.

62. The price of *chur* ganja was very high until the month of October owing to the large demand for it, but it declined gradually until it stood at Rs. 16 to Rs. 20 per maund at the end of the year. Prices of other sorts of ganja also fell to a considerable extent towards the close of the year in consequence of a bumper crop.

Deputation of Mr. G. Rainy.

63. Mr. G. Rainy, Joint-Magistrate, was deputed by Government in January last to supervise the manufacture, weighment, and storage of ganja in the public golas at Naugaon. He has submitted a special report, with his suggestions for the prevention of the smuggling of ganja from the ganja mohal. The report was forwarded to the Board under cover of my letter No. 46E., dated the 20th June 1904.

Rates of duty.

69. The rate of duty on *chur* ganja was raised from Rs. 7-8 to Rs. 10 per seer in the districts of the Orissa Division, and from Rs. 9 to Rs. 12 per seer in other districts with effect from the 1st January 1904.

Consumption and export of duty-paid ganja.

70. As in previous years, ganja was consumed in every district in the Province. The consumption was largest in Calcutta. It was also considerable in the districts of Mymensingh, Shahabad, Dacca, Purnea, Monghyr, Bhagalpur, and the 24-Parganas. The quantity of each kind of ganja issued on payment

of duty and the total duty levied thereon in the last three years are shown in the following statement :—

Year.	Quantity issued on payment of duty.					Total duty levied.
	Chur.	Round.	Flat, small twigs.	Flat, large twigs	Total.	
	Mds.	Mds.	Mds.	Mds.	Mds.	Rs.
1901-1902	2,806	1,491	166	1,152	5,115	15,90,130
1902-1903	2,463	1,470	184	1,312	5,379	16,67,691
1903-1904	1,939	1,588	161	1,818	5,495	16,79,238

Reduced to their *chur* equivalent, the figures showing the issues of ganja for the three years are respectively 3,914 maunds, 4,119 maunds, and 3,926 maunds. Four thousand nine hundred and fifty-four gross maunds (taking all the varieties together) were consumed in Bengal as against 4,843 maunds, while 541 maunds were exported duty-paid as against 536 maunds in the previous year, showing an increase of 111 and 5 maunds in the former and the latter respectively. There was thus an increase of 116 maunds of ganja in the total duty-paid issues, while the total amount of the duty levied shows a comparatively small increase of Rs. 11,647 only. This is due to a larger issue of flat ganja, large twigs, which contains most inert matter and the duty on which is the lowest. The *chur* equivalent of the ganja consumed in Bengal in the year was 3,494 maunds, against 3,658 maunds in the previous year. There was thus a decline in consumption, and this was in the main due to a short crop of the previous season. There was, however, an increase in the amount realized from duty owing to the enhancement of the rate on *chur* with effect from 1st January 1904.

Total revenue.

72. The total receipts amounted to Rs. 33,31,722 as against Rs. 32,62,120 in the year 1902-1903, the net increase being Rs. 69,602. The increase was most marked in the districts of Mymensingh (Rs. 13,336), the 24-Parganas (Rs. 11,171), Shahabad (Rs. 10,536), Rajshahi (Rs. 7,153), and Manbhum (Rs. 6,943). The increase in all the districts, except Rajshahi, is both in license-fees and duty, and in the last-mentioned district in duty only.

SECTION XVI.—OPIUM.

Licenses for retail sale.

92. The total number of licenses issued for the retail vend of opium was 1,716 as against 1,697 in the previous year, showing an increase of 19. There was an increase of 26 shops in 13 districts, due to the opening of new shops in order to meet local requirements and to check illicit practices, while in three districts 7 shops were closed on the ground that they were unnecessary or that the sales were small.

License-fees.

95. There was an increase in the revenue from license-fees from Rs. 7,22,104 to Rs. 7,29,854, or to the extent of Rs. 7,750. The increase was most marked in the 24-Parganas (Rs. 6,309) and Hooghly (Rs. 3,022), and is generally attributed to favourable settlements and to larger collections of advance fees. In Chittagong there was a decline of Rs. 5,931, and it was due to the fall in the value of opium shops in consequence of the abolition of the restrictive system. There was a decrease of Rs. 3,292 in Calcutta, and it was due to the fact that several licenses, the fees of which rose to a high figure at the triennial settlements held in March 1902, were either cancelled for non-payment of fees or surrendered, and had to be resettled at lower fees. Of the 47 districts, there was an increase of Rs 24,713 in 31 districts and a decrease of Rs. 16,963 in the remaining 16 districts.

Consumption and duty.

96. The quantity of opium sold was 2,258 maunds 15 seers 1 chitak as against 2,351 maunds 20 seers 15 chitaks in the previous year, showing a decrease of 93 maunds 5 seers 14 chitaks. The decrease was large in Chittagong (86 maunds 26 seers), Midnapore (14 maunds 36 seers), Calcutta (13 maunds 23 seers),

Cuttack (8 maunds 23 seers) and Patna (6 maunds 16 seers). The decrease in Chittagong was due to the close and constant watch kept by the Excise staff over the retail sales in order to check the smuggling of the drug into Arracan, and to the increased facilities afforded by the local authorities for the supply of opium in Akyab. The decrease in Midnapore was due to successive bad harvests, and also to the fact that the smuggling of duty-paid opium from licensed shops into Balasore (where the duty is higher by Rs. 2) was brought under control. The decrease in Calcutta is attributed in part to the smuggling of opium from the producing districts, and may also be due to some extent to the spread of the cocaine habit. The consumption of opium in Cuttack during the year 1902-1903 was abnormal in consequence of unhealthy competition between the old and the new vendors and the reduction of prices. The decrease in Patna was due to the high retail prices charged by the vendors, most of the shops having been settled with two men. In Balasore there was an increase of 11 maunds 14 seers and it was due to better crops and competition among the retail vendors. A portion of the increase was also due to the advance supplies taken by the vendors in the latter part of March, as the Collector's office remained closed during the first four days of April 1904 on account of the Easter holidays. The increase of 9 maunds in Puri is attributed to the fact that opium was more largely used on account of malarious fever. This explanation seems hardly admissible in view of such a large increase, and further enquiries are being made. Of the 47 districts, there was an increase of 51 maunds 17 seers 10 chitaks in 26 districts and a decrease of 144 maunds 23 seers 8 chitaks in the remaining 21 districts. As a result of the decreased consumption, receipts from duty fell from Rs. 19,30,050 to Rs. 18,62,238.

Total receipts.

97. The total receipts amounted to Rs. 25,92,092 as against Rs. 26,52,154 in the previous year, showing a decrease of Rs. 60,062. There was an increase of Rs. 7,750 in license-fees, but a decrease of Rs. 67,812 in duty.

SECTION XVII.—COCAINE.

License and revenue.

104. Licenses for the sale of cocaine are granted to approved druggists and chemists, a nominal fee of Re. 1 being charged for each license. The total number of licenses issued was 344 as against 349 in the previous year, and the receipts from license-fees amounted to Rs. 349 as against Rs. 339. The number of licenses issued was large in Calcutta (85), Nadia (22), Patna (18), Rangpur (17), Rajshahi (16), Dacca (16), Pabna (13), Midnapore (12), Tippera (12), Murshidabad (11), and Burdwan (10). The number of licenses in these districts has been reduced during the current year.

Abuses.

105. The number of persons convicted of illicit sale and possession of cocaine was 181, viz., 169 in Calcutta, 3 in Hooghly, 2 in each of the districts of Murshidabad, Monghyr, Bhagalpur, and Purnea, and 1 in the 24-Parganas. In Calcutta the drug was largely used by all classes of the people as an intoxicant and as a stimulant, and strenuous efforts were made to prevent the spread of the cocaine habit. Owing to the vigorous measures taken, several consignments of the drug, the invoiced value of which was Rs. 42,738 and the market price about a lakh of rupees, were reshipped by the Banks to whose care they had been sent by the dealers in England and Germany. Numerous prosecutions were instituted against betel-sellers and others for illicit sale and possession of cocaine, nearly all of which ended in conviction. The number of persons thus convicted in Calcutta was 169 in the year under report, against 57 in the previous year. At first some difficulty was experienced in striking at possession owing to the uncertainty of the law. As no limit for retail sales had been fixed in the past, under the law possession of the drug as an ordinary exciseable article was not penal. Attempts were made to cut off supplies of cocaine by treating the article as a foreign exciseable article, but in the end they proved infructuous. As the institution of prosecutions for sale only was not sufficient to bring under control the use of the drug, a limit of sixty grains was fixed for retail sale under the Board's Notification No. 11521B., dated the 1st December 1903, published on page 1563, Part I of the *Calcutta Gazette* of the 2nd idem. It is reported that this measure has had a salutary effect. Petty dealers and others are now afraid to keep

comparatively large quantities in their possession, as they are liable to prosecution under section 61 of the Excise Act. Dealers are afraid to obtain their supplies direct from England and Germany. It is believed that the drug finds its way to Chandernagore and is brought back to Calcutta in small parcels. Some quantity is also imported from Madras and from the United Provinces. I have placed myself in communication with the authorities of these two Provinces. The net result of the labours of the Department has been that the use of the drug, which a great scientist has declared to be a scourge of humanity, has been brought under some control.

SECTION XIX.—MISCELLANEOUS.

Policy of the Government of India with regard to the drink question.

113. In Mr. Baker's letter No. 2455S.R., dated the 21st April 1904, was enunciated the policy of the Government of India with regard to the drink question. In Mr. Shirres' letter No. 352T.—F., dated the 7th May 1904, it was asked that the various matters referred to by the Supreme Government should be fully noticed in the present report.

New shops.

114. It has been already stated in a previous paragraph that fresh legislation with regard to the excise systems of Bengal is before the Council, and when the Bill revised by the Select Committee is translated into law, it is believed that important reforms will be put into operation in this Province. In the meanwhile it becomes necessary to state what has been done in the past. In the first place, careful attention is paid to the subject of opening new shops for the sale of intoxicating liquors and drugs, and the facilities for the vend of these exciseable articles are not enlarged without special justification in each case. It must have been already observed in this report that no change was made in the year in the total number of distillery liquor shops. There was an increase of 11 in the total number of outstills; six of which were opened in the district of Chittagong in order to meet ascertained local demands and to prevent the illicit smuggling of country spirit from the Chittagong Hill Tracts. In the number of imported liquor licenses there was an increase of 8 only, 5 of which were granted to Dâk Bungalows.

Sites.

115. Careful attention has also been given to the subject of sites of liquor shops. Several shops have been closed in deference to public opinion. The sites of all country-spirit shops were overhauled in the year under review, and the District Officers have been instructed to remove old shops even, as far as possible, from sites that may be open to objection. With regard to new shops, the District Officers' attention has been drawn in each case to the rules contained in the Excise Manual. In the course of my inspections I have personally examined sites, and in a few cases I have directed the removal of shops from localities which appeared to me to be open to objection. I have examined the sites of a large number of shops in Calcutta, and it has been decided not to renew one or two licenses at the next triennial settlements.

Grog shops in Calcutta.

116. In Calcutta special measures have been taken to provide that grog shops shall have no backdoors or entrances, and it is hoped that within a short time none of these shops will be open to objection in this matter.

Temporary shops.

117. In the course of my inspections I have carefully examined the grounds for opening temporary shops at fairs or religious gatherings. I have already submitted to the Board my suggestions as to the regulations to be framed for the grant of licenses in these cases.

Employment of women and sales to children.

118. The employment of females in licensed shops, save with the permission of the Board, has been prohibited. The permission has been given in a few exceptional cases. The sale of opium to children under the age of 12 has been prohibited under a rule approved by Government.

Restriction of outstill areas.

119. From time to time enquiries have been made whether the outstill area cannot be restricted in some districts. In cases in which the distillery area can properly be extended proposals will be submitted to the Board.

Dinapur country-spirit shop.

120. It has been arranged from the beginning of the current year that no sales of liquor for consumption off the premises shall be made at the Dinapur country-spirit shop. This measure has been found necessary in order to prevent European soldiers from obtaining their supplies through native messengers.

Loss of revenue in consequence of the steps taken to regulate the consumption of liquor and drugs.

121. In Calcutta and elsewhere strenuous efforts have been made to enforce the rules with regard to *madak* and *chandu*, and it is believed that there has been some loss to the opium revenue in consequence. Mr. Bignell's stringent regulations have compelled the closure of liquor shops in Calcutta punctually at 9. P. M. A large number of the license-holders waited on the Superintendent of Excise Revenue, Calcutta, and urged that they were losing money in consequence of these regulations and that they would not be able to pay the present license-fees. The Superintendent drew their attention to the condition of their licenses, which required that liquor shops should be closed at 9 P. M.

Manufacture of wholesome liquor.

122. Considerable attention has been paid in the year to the subject of manufacturing a wholesome liquor in the central distilleries. The arrangements in all these distilleries have been overhauled, and a memorandum on the subject has been prepared by one of the Inspectors of Excise. Suggestions have, from time to time, been made to the distillers with regard to stills. Steam distillation has been tentatively introduced in the Russa Distillery. A memorandum with regard to the processes of manufacture has been prepared at my request by Mr. Harold Mann, M. SC., Scientific Adviser to the Tea Association, and it is now under consideration.

DONATIONS AND ENDOWMENTS MADE BY PRIVATE INDIVIDUALS FOR PUBLIC PURPOSES DURING THE YEAR 1903.

MUNICIPAL DEPARTMENT—LOCAL SELF-GOVERNMENT.

Calcutta, the 31st October 1904.

RESOLUTION No. 2735T.—M.

It is customary to publish each year a statement showing the donations made by private individuals for public purposes during the preceding calendar year. The accompanying statement, which shows against the name of each donor of Rs. 1,000 or upwards the sum or sums contributed by him, has accordingly been compiled from information furnished to Government, and His Honour avails himself of the opportunity of its publication to express his appreciation of the public spirit which the record of the year evinces.

2. Among the donations made during the year the following deserve especial mention. Rai Suraj Mal Bahadur gave a donation of Rs. 30,000 for the construction of a Dharamsala at Gosain Bagh and also Rs. 5,000 for the erection of a similar building at Delha, both in the district of Gaya. Babu Rajendra Narayan Bhanja of Kanika contributed Rs. 25,000 towards the improvement of the Cuttack General Hospital, and also paid Rs. 2,799 for the excavation of a tank at Gobindpur, in the same district. Babu Harendra Lal Rai made a donation of Rs. 24,000 for the construction of an Outdoor Dispensary in connection with the Mitford Hospital at Dacca. The late Rai Surja Narain Singh Bahadur gave Rs. 18,000 for the construction of a Hospital at Karangarh in the Bhagalpur district. Donations amounting in the aggregate to Rs. 17,713 were made by the Hatwa Raj under the management of the Court of Wards, out of which a sum of Rs. 8,718 was spent on the construction of the Victoria Hospital at Hatwa, and the balance on drainage and embankment works elsewhere in the district of Saran and on the re-excavation of a tank. Babu Dooly Chand of Calcutta contributed Rs. 16,000 for the construction of a Dharamsala at Puri. Babu Baldeo Lal Nakphopha gave a sum of Rs. 15,000 towards the maintenance of the Lady Elgin Zenana Hospital at Gaya, and Babu Girish Chandra Bose made a similar donation for the maintenance of a Dispensary at Ghritakandi in the district of Faridpur. Messrs. Kilburn & Co., the Managing Agents to the India General Navigation and Railway Company, spent Rs. 14,500 in the construction of a public road at Rajabagan, in the Garden Reach Municipality.

3. Besides these, there are other instances of liberality which the Lieutenant-Governor is glad to acknowledge. Prominent among them are the following. Babu Thakur Das gave Rs. 10,000 for the construction of two new wards in connection with the Ranchi Hospital; Babu Jogendra Lal Saha spent Rs. 8,223 on the excavation of a tank at Chandpur in the district of Pabna; Rai Sitab Chand Nahar Bahadur made over to the public a building of the estimated value of Rs. 8,000 at Azimganj, to be held in trust under the name of the "Mackenzie Public Hall"; Babu Satish Chandra Chaudhury gave Rs. 8,000 for the construction of an Outdoor Dispensary in connection with the Nasirabad Hospital; Syed Khurshed Nawab contributed Rs. 7,919 and Her Highness the Maharani of Hatwa Rs. 7,646 towards the construction of the Bankipore new Hospital building; Babu Iswar Chandra Hazra gave a sum of Rs. 7,000 for the maintenance of six beds in the Iswar Chandra Charitable Dispensary at Amragori in the district of Howrah, supplementing the donation of Rs. 12,000 which he had made in 1894 for the establishment of the dispensary; Babu Ram Brahma Rai expended Rs. 7,000 in the excavation of a tank at Kamarpara in the district of Burdwan; and Babu Trannath Banerjee gave Rs. 6,515 for the construction of a burning ghat and, rest-house at Panihati in the district of the 24-Parganas.

4. Other donations are mentioned in detail in the statement, and, while space prevents him from reviewing them individually, the Lieutenant-Governor desires to express no less an appreciation of the liberality displayed by the donors.

ORDER:—Ordered that a copy of this Resolution and of the statement be forwarded to the Judicial, Political, Appointment, Revenue, General, Financial, Legislative, Marine, and Public Works Departments of this Government for information.

Ordered also that a copy of the Resolution and of the statement be forwarded to the Board of Revenue, the Inspector-General of Civil Hospitals, the Sanitary Board, and to all Commissioners of Divisions for information.

Ordered also that the Resolution and the statement be published in the Supplement to the *Calcutta Gazette* and also in the Government vernacular Gazettes for general information.

By order of the Lieutenant-Governor of Bengal.

L. P. SHIRRES,

Secretary to the Govt. of Bengal.

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-guage is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

☁, dew, o, overcast.

No. 4067.—The 12th November 1904.—Whereas an application has been made by a large majority of the tenants of private estate Beldanga, tauzi No. 280, in the district of Murshidabad, for a survey and a record-of-rights in respect of all lands included in the estate, and whereas they have deposited a part of the cost of the operations:

Murshidabad.

In exercise of the powers conferred upon him by section 101 (*f*) (*a*) of the Bengal Tenancy Act, VIII of 1885, as amended by the Bengal Tenancy Amendment Act, III (B.C.) of 1898, the Lieutenant-Governor of Bengal is pleased to direct that a survey shall be made and a record-of-rights prepared in respect of all lands included within the boundaries of the said estate.

The particulars to be recorded in the survey and record-of-rights shall be the following, viz:—

(*a*) the name of each tenant or occupant;
(*b*) the class to which each tenant belongs, that is to say, whether he is a tenure-holder, raiyat holding at fixed rates, settled raiyat, occupancy raiyat, non-occupancy raiyat, or under-raiyat, and, if he is a tenure-holder, whether he is a permanent tenure-holder or not, and whether his rent is liable to enhancement during the continuance of his tenure;
(*c*) the situation, quantity and one or more of the boundaries of the land held by each tenant or occupier;
(*d*) the name of each tenant's landlord;
(*e*) the money-rent payable at the time the record-of-rights is being prepared; or if a produce-rent, the fact that produce-rent is paid and the customary terms according to which such rent is paid;
(*f*) the mode in which that rent has been fixed, whether by contract, by order of a Court, or otherwise;
(*g*) if the rent is a gradually increasing rent, the time at which, and the steps by which, it increases;
(*h*) the special conditions and incidents, if any, of the tenancy;
(*i*) if the land is claimed to be rent-free, whether or not rent is actually paid, and, if not paid, whether or not the occupant is entitled to hold the land without payment of rent, and, if so entitled, under what authority;
(*j*) the name of each proprietor, with the character and extent of his interest, and situation, quantity, and one or more of the boundaries of the proprietor's private lands, as defined in Chapter XI of the Act;
(*k*) the customs of the villages regulating the methods of irrigation, and the duties and rights of both landlords and tenants with respect to the use and maintenance of the means of irrigation.

No. 4070.—The 12th November 1904.—Whereas a settlement of land revenue is about to be made in respect of the newly formed char lands in the district of Malda, bounded by Jandipur, Surja-Narainpur and Narainpur on the north, the river Ganges on the south, Sunderpur on the east, and by the river Ganges on the west, and situated in thana Shibganj, district Malda:

Malda.

In exercise of the powers conferred upon him by section 101 (2) (*d*) of the Bengal Tenancy Act, VIII of 1885, as amended by Act III (B.C.) of 1898, the Lieutenant-Governor of Bengal is pleased to order that a survey shall be made and a record-of-rights prepared in respect of all lands included within the external boundaries of the said lands.

The particulars to be recorded in the survey and record-of-rights shall be the following:—

(*a*) the name of each tenant or occupant;
(*b*) the class to which each tenant belongs, that is to say, whether he is a tenure-holder, raiyat holding at fixed rates, settled raiyat, occupancy raiyat, non-occupancy raiyat or under-raiyat, and if he is a tenure-holder, whether he is a permanent tenure-holder or not, and whether his rent is liable to enhancement during the continuance of his tenure;
(*c*) the situation and quantity and one or more of the boundaries of the land held by each tenant or occupier;
(*d*) the name of each tenant's landlord;
(*e*) the money-rent payable at the time the record-of-rights is being prepared, or if a produce-rent, the fact that a produce-rent is paid, and the customary terms according to which such rent is paid;
(*f*) the mode in which that rent has been fixed—whether by contract, by order of a Court, or otherwise;
(*g*) if the rent is a gradually increasing rent, the time at which, and the steps by which, it increases;
(*h*) the special conditions and incidents, if any, of the tenancy;
(*i*) if the land is claimed to be held rent-free—whether or not rent is actually paid, and if not paid, whether or not the occupant is entitled to hold the land without payment of rent, and if so entitled, under what authority;

(*j*) The customs of the villages regulating the methods of irrigation and the duties and rights of both landlords and tenants with respect to the use and maintenance of the means of irrigation.

No. 4071.—The 12th November 1904.—Under section 3 of the Bengal Survey Act, V (B.C.) of 1875, the Lieutenant-Governor of Bengal is pleased to order that a survey shall be made of all the lands situated in the new Char Diara Jandipur in thana Shibganj, in the district of Malda, and that the boundaries of estates, tenures, mauzas and fields included within the same shall be demarcated.

REVISED WATER-RATE RULES FOR THE MIDNAPORE CANAL.

The 15th November 1904.

No. 65.—Notification.—In exercise of the powers conferred on him by sections 99 and 78 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal is pleased to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Midnapore Canal with effect from the 1st April 1905. These rules and rates will supersede those now in force.

A draft of the rules and rates was published in the *Calcutta Gazette* of the dates noted in the margin as Notification No. 59, dated the 4th October 1904.

The 5th, 12th, 19th and 26th October, and 2nd and 9th November 1904.

D. B. HORN,
Secy. to the Govt. of Bengal

GENERAL CONDITIONS.

1. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition for the distribution of water to the lessees, for the closing of the outlets in rotation when required, for providing drainage channels and generally for all engineering work involved in its management. The word "canal" is here used as defined in section 3 of the Act.

2. The Deputy Collector is responsible for the assessment and collection of water-rates accruing to Government from the canal.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those specially provided for in Rule 19, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries; and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that, as far as practicable, one-seventh of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer and the Deputy Collector, and shall also be recorded with its irrigable area in the registers to be kept by them.

ON APPLICATIONS.

7. Applications for leases under section 74 of the Act shall be presented to the Deputy Collector or his subordinates. These applications must be made in writing and may be on plain paper. The officer receiving them shall enter on the back any further data required.

8 A separate application must be presented for the lands in each village, but *tahsilalaida* or other lands lying within the village boundary at the time of survey may be included.

9. Applications for the supply of water are to be made to the Subdivisional Canal Officer or Sub-Overseer, either verbally or in writing.

ON LEASES AND PERMITS.

10. Ordinarily seven-year leases may be granted for the whole irrigable area of a block or, subject to the provisions of Rule 8, for definite parts of a block, under the following conditions:—

(*i*) The whole irrigable area of a village, so far as situated within the block, must be included in the lease: provided that a lease for less than 10 acres is not granted without the special sanction of the Divisional Canal Officer.

(*ii*) No permit shall be granted when the supply of water must of necessity be delivered across an unleased area, unless in the opinion of the Subdivisional Canal Officer a village channel exists which will deliver water across the unleased area without waste.

11. Villages which apply for a lease less than seven years in advance of the date of expiry fixed under Rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as seven-year leases.

12. The following procedure is to be followed in granting leases:—

(*i*) Before a permit for a long lease is granted, the written consent of the Divisional Canal Officer shall be obtained, and, on the date of issue, copies of these

permits shall be forwarded—one to the Divisional Canal Officer and one direct to the Subdivisional Canal Officer.

(*n*) When water is urgently required, the zilladar may grant a covering lease after obtaining the consent of the Subdivisional Canal Officer, to whom copies of the permits granted are to be sent on the date of issue. This applies to new leases as well as to renewals. In the case of renewals, the area given in the previous lease may be entered in the application until the correct area has been ascertained. A covering lease shall be current for one year only.

13. When a lease is granted, an agreement shall be taken in Appendix I or II and a "permit" shall be given to the lessee or lessees in a form similar to that prescribed in Schedule C of the Act (Appendix III or IV).

14. Except with the special sanction of the Chief Engineer the area under long lease will be limited to 71,000 acres under the Midnapore weir and 9,000 acres under the Panchkoorah weir, making a total of 80,000 acres.

15. Single waterings may be given only when water is available over and above the quantity required to irrigate the long leases.

16. In the Tidal Reaches supply will only be given by single waterings.

ON WATER-RATES.

17. Water supplied between 16th June and 30th November, whether by flow or lift, shall be charged as follows:—

(I) For water supplied on a long lease, Rs. 2 per acre per annum.

(II) For water supplied on a covering lease, when a permit for a long lease is not subsequently issued, Rs. 3 per acre.

(III) For each single watering Re. 1 per acre, the rate being payable in advance to the Subdivisional Canal Officer.

18. The rates to be charged for water supplied between the 1st December and 15th June shall be Rs. 2-8 per acre.

ON DEMAND STATEMENTS.

19. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Deputy Collector in such form as shall from time to time be sanctioned by the Lieutenant-Governor. Persons charged under Rule 29 shall be served, by post or otherwise, with a statement showing the amounts charged, to enable them to lodge an appeal to the Collector under section 91 of the Act, if they desire to do so.

20. The rates for water supplied from June to November shall be payable in two equal instalments, falling due, respectively, on the 1st January and 1st February following; but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment. The rates for water supplied under Rule 18 shall fall due on the 1st April following.

21. Water-rates imposed under Rule 29 shall fall due as soon as the assessment is made, and shall be realised at once.

ON REMISSIONS.

22. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(I) By the Deputy Collector for errors in assessment of rates.

(II) By the Divisional Canal Officer for injury to a crop on a leased area caused by—

(*a*) deficiency in the supply of water;

(*b*) deficiency in the drainage.

For (*a*) and (*b*) a written application must be made at least 15 days before the crop is cut.

23. Remissions on other grounds than above require the sanction of Government.

24. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realizable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

25. Before awarding compensation under section 16 of the Act, or making reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

26. When a long lease is entered into, the Deputy Collector, or other officer in charge of the Revenue Division, shall select, as representative of the cultivators, a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. *Mukhyas* should usually be selected; or, if it is undesirable in any particular case to appoint the *mukhya*, the reasons for passing him over and selecting others in preference are to be noted by the Deputy Collector in the list of cultivators' representatives to be maintained by him.

27. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

(I) In the preparation of applications for leases.

(II) In the measurement of irrigated lands.

(III) In giving the names of the occupiers of the various fields.
(IV) In receiving demand statements and informing the cultivators of the demands against them.
(V) In receiving *tappas* from the zilladars and distributing them.
(VI) In attending, when required, at enquiries and complaints.
(VII) In reporting to the zilladars any mutations of holdings of persons who have signed a long lease.
(VIII) In assisting the tahsildar in collecting rates.

28. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may lie within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Deputy Collector may disallow this free irrigation, and recover the rates, in whole or in part, from the *mukhya* or other representative, if the assistance specified in Rule 27 has not been efficiently rendered to the satisfaction of the Local Officers. The reasons for such disallowances are to be recorded by the Deputy Collector in the list of cultivators' representatives maintained by him.

ON UNAUTHORISED IRRIGATION.

29. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged: this rate may, however, be reduced at the discretion of the Deputy Collector.

30. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and, if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal. If the Divisional Canal Officer is of opinion that the area should be assessed, he shall make a note on the case and forward the whole record to the Deputy Collector. Separate proceedings shall be taken in the case of each village irrigated without authority.

31. On receipt of the record mentioned in Rule 30, and after hearing any objection that may be raised, the Deputy Collector shall determine whether the water-rates can be legally charged, and if so, he shall assess the area irrigated without authority, and fix the rates allowed under Rule 29. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate. These unauthorised irrigation cases must be disposed of by the Deputy Collector within a month of the receipt of the record from the Divisional Canal Officer.

32. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases the persons assessed under Rule 29 shall also pay the water-rates due in respect of the lease subsequently granted. Provided that the total of these two rates shall not exceed the maximum rate chargeable under Rule 29. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under Rule 29.

ON PENALTIES AND CANCELLING OF LEASES.

33. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted, or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

34. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Deputy Collector to—

(I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up, and also if specially so ordered, unless half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.
(II) Cancel any long lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.
(III) Cancel any lease which cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

35. Water may be given free of charge for filling tanks and for manufacturing or other purposes by order of the Divisional Canal Officer, who, however, if he thinks fit, may charge a rate of Re. 1 per 10,000 cubic feet for it. The same rate will be assessed if water is taken without authority into a tank or otherwise used in an unauthorised manner for any purpose except for irrigation.

36. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

37. Unless specially exempted by the Lieutenant-Governor from the operation of this rule, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

APPENDIX L

APPLICATION FOR A LONG LEASE.

(*Yearly rate, 10 annas 8 pies per bigha: water to be supplied each year from the 16th June to 30th November only.*)

We the undersigned, of Mauza , Pargana , Thana , apply for water to be supplied from Distributary of the Midnapore Canal for a term of years, commencing on the 16th June and ending 30th November. The supply of water is required for the irrigation of the block of land formed by our holdings as specified below.

2. We agree that the amounts due shall be payable to the Deputy Collector or other Officer in charge of the Revenue Division, Midnapore Canal, or to such person as he may appoint on the 1st January and 1st February, or if Rs. 10 or under on 1st of January of each year, and shall be payable independently of our requiring water in any particular year or not.

3. We also agree to be bound by the rules published in the *Calcutta Gazette* for pages Notification No.

4. We agree that this application shall not be deemed to have been completed until all the irrigable fields within the block have been signed for, and that failing such completion any covering lease which may have been granted shall be enforced.

5. We agree that the areas and amounts as given in the statement below are correct at the commencement of the lease, and in token of agreement we attach our individual signature or mark.

6. Our heirs and representatives shall be bound by the terms of this agreement in case of our decease.

NOTIFICATION.

AUTHORS and publishers of text-books for use in the schools in Bengal are hereby informed that in the Vernacular and English Readers for students of all grades, a certain proportion of the reading lessons should consist of suitable biographical selections, such as would inculcate in the pupils habits of order, diligence and truthfulness, combined with submission to authority, and reverence to their elders. It is desirable that these lessons should be drawn from the lives of Hindu, Muhammadan and Christian worthies, instead of being confined to one section of individuals.

Director of Public Instruction, Bengal.

NOTIFICATION.

IN reference to the Middle Scholarship Course for 1906, published by this office dated the 6th August 1904, it is notified in respect of the Presidency and Burdwan Divisions that students already possessing Messrs. Macmillan and Company's Practical Geometry and Mensuration may use that book for the Middle Scholarship Examination of 1906. Students using P. Ghose's book named Practical Geometry and Mensuration should pay special attention to Mensuration, as this subject has been treated in detail in the book. Such students may also be taught simple problems in Practical Geometry if possible by the use of the former book.

NOTIFICATION.

Annual Examination of Pleaders in Surveying.

1. The next Survey examination for pleaders will be held in February 1905.

2. Applications for admission to appear at the examination should in the first place be submitted to the District Judge in whose Court or in Courts subordinate to whom the pleader ordinarily practises. The District Judge will require evidence from all applicants that they have undergone some training in practical surveying. He will not countersign the application of a candidate who fails to satisfy him on this point; nor will such a candidate be permitted to appear at the examination.

3. Candidates whose applications have been countersigned by the District Judge must submit their applications to the Director of Public Instruction, and these must be received on or before the 15th December 1904. After this date no more applications will be received.

4. The application should state the centre at which the candidate intends to appear, and all particulars as to the length of time the applicant has practised in the Court and the full address, &c., necessary to secure that letters will reach the applicant.

5. Each application should be accompanied by the prescribed fee of Rs. 30,* which will in no case be refunded.

6. Only pleaders practising in one of the Courts of the Province of Bengal will be eligible for the examination.

7. The examination will be held at four centres, viz., Dacca, Patna, Cuttack, and Sibpur.

8. The subjects for examination are noted below:—

(1) Paper on General Elementary Surveying, including Theodolite and Levelling.
(2) Practical examination in the field in—
  (*a*) Chain, and chain and compass surveying.
  (*b*) Plane tabling.
  (*c*) Plotting.
  (*d*) Levelling.
  (*e*) Use of Theodolite and the permanent and temporary adjustment of instruments.

9. Candidates are required to secure 40 per cent. of the marks in the paper on surveying and 50 per cent. in the practical portion of the examination.

10. The rules regarding the Pleader's Survey examination were published in the *Calcutta Gazette* of the 28th September 1904.

11. The programme for the examination will be published in the *Calcutta Gazette*.

A. PEDLER,
Director of Public Instruction, Bengal.

The 15th October 1904.

* The fee must be deposited in the Bank or local treasury and the receipt for the same should accompany the application. On no account cash or money-order will be received.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.:

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

RED SEA—GULF OF ADEN.

Perim island—New light on Balfe point.

No. 383 (first publication).—The Bombay Government has given notice (No. 110 of 1904) that a new fixed white light will be exhibited on Balfe point, Perim Island, in the same position as the old one.

The light will be elevated 46 feet above high water and visible in clear weather from a distance of 10 miles.

The light which is a Petroleum lamp, 4th order Dioptric Port Light, will be shown from a conical masonry pillar 23 feet high, the height of the building from base to ram being 31 feet.

Further notice will be given when the light is ready for exhibition.

This Notice affects the following Admiralty Charts:—Red Sea General Chart, No. 2623; Red Sea Sheet V, No. 8C, Jebel Teir to Perim Island, No. 143, Perim Island and Bab-el-Mandeb Small Strait, No. 2592, Straits of Bab-el-Mandeb and approaches, No. 3180, and Gulf of Aden Sheet II, Western Portion, No. 6B: Also, List of Lights, Part VI, 1904, No. 143.

CEYLON—South coast.

Belligam bay approach—Rock reported.

No. 384 (first publication).—The British Admiralty has given notice (No. 930 of 1904) of the existence of a rock, with a depth of 3 fathoms over it, situated in the approach to Belligam bay in a position from which Mirissi point bears N. 18° W., distant 2 miles, and Dondra head light-house East.

Approximate position, lat. 5° 55¼′ N., long. 80° 27′ E.

(*Variation 1° Westerly in 1904.*)

This Notice affects the following Admiralty Charts :—Cape Comorin to Cocanada, No. 828; Ceylon, south coast, No. 813 : Also, Bay of Bengal Pilot, 1901, page 91.

CHINA SEA.

Carimata strait—Non-existence of wreck.

No. 385 (first publication).—The British Admiralty has given notice (No. 942 of 1904) that on a recent examination of the area where the *Bryn Gwyn* was reported to have foundered in 1888, no trace was found of the wreck. It has accordingly been expunged from the Admiralty Charts.

Approximate position, lat. 0° 49′ 45″ S., long. 107° 57′ 15″ E.

This Notice affects the following Admiralty Charts :—China sea, Nos. 1263, 2660a; Eastern archipelago, No. 941a; Carimata strait, No. 2160 : Also, China Sea Directory, vol. I., 1896, page 487.

CHINA SEA—Gaspar strait.

Oromaso bank—Non-existence of—.

No. 386 (first publication).—With reference to Notice to Mariners No. 8, dated 9th January 1893, issued by this office, the British Admiralty has given further notice (No. 944 of 1904,) that an examination of the area where a sand bank, with about 2 fathoms of water over it, was reported to have been seen in 1892 by the Master of the Italian ship *Oromaso* in approximately lat. 1° 50′ S., long. 107° 30′ 45″ E., proved no trace of such a bank could be found. As this bank was not sounded over but merely stated to have been seen, it is assumed to be one of those deceptive appearances so common in this part of the world, and it has accordingly been expunged from the Admiralty Charts.

This Notice affects the following Admiralty Charts :—China sea, No. 1263; Eastern archipelago, No. 941a; Carimata strait, No. 2160; Banka and Gaspar straits, No. 2149 : Also, China Sea Directory, vol. I, 1896, page 461.

No. 387 (first publication).—The British Admiralty has given notice (No. 951 of 1904) that a *red fixed* light has been established on Arenas point, Bagatao island, about a quarter of a mile to the north-eastward of the *flashing* light on the west point of the island. It is elevated 43 feet above high water; should be visible in clear weather from a distance of 6 miles up port Sorsogon; and is shown from a white frame structure.

Approximate position, lat. 12° 50′ N., long. 123° 48′ E.

This Notice affects the following Admiralty Chart :—Plan of port Sorsogon on No. 2395 : Also, List of Lights, part VI. 1904, page 105; and Eastern Archipelago, part I, 1902, page 338.

CHINA SEA—Sulu Archipelago—Sulu approach.

Tulian island—Height—Rock reported to the east of—.

No. 388 (first publication).—The British Admiralty has given notice (No. 952 of 1904) that the height of Tulian island is only about 80 feet, and not 208 feet as shown on the Admiralty Charts.

Also, that a rock, with a depth of 4 feet over it, exists in the fairway between Tulian and Jolo islands in a position about 3¾ cables S. 75° E. from Tulian islands summit. The letters P.D. have been placed on the Chart against the rock.

Approximate position, lat. 6° 1′ N., long. 120° 52′ 30″ E.

(*Variation 1° Easterly in 1904.*)

This Notice affects the following Admiralty Plan :—Sulu roadstead on No. 923 : Also, Eastern Archipelago, part I, 1902, page 114.

CHINA SEA—South Natuna islands.

Robin Hood reef—Amended position—Panganj—Channel to the west of—.

No. 389 (first publication).—With reference to Notice to Mariners No. 238, dated 16th July 1904, issued by this office, the British Admiralty has given further notice (No. 959 of 1904) that Robin Hood reef is situated about three-quarters of a mile to the northward of the position assigned to it in the Admiralty Charts, or in approximately lat. 2° 49′ N., long. 108° 59′ 10″ E.

Also, that a channel about a mile broad and with depths of from 9 to 13 fathoms exists to the westward of Panjang island, and to the eastward of Sipu and Sabiung. The coast reef extends for about 6½ cables off the west coast of Panjang, and for about 1¾ cables to the eastward of Sipu and Sabiung.

Approximate position, Panjang, S.-W. point, lat. 2° 43¾′ N., long. 108° 53′ E.

This Notice affects the following Admiralty Chart:—South Natuna islands, No. 2104: Also, China Sea Directory, vol. II, 1899, page 83.

CHINA, EAST COAST—Yang tse kiang, south channel.

Fairway buoy moved.

No. 390 (first publication).—The British Admiralty has given notice (No. 961 of 1904) that the South channel Fairway light and bell buoy, Yang tse kiang, has been moved South 1¾ miles to a position from which the Tung sha light-vessel bears N. 48° W., distant 10$\frac{4}{10}$ miles, and Yang tse cape S. 62° W.

Approximate position, lat. 31° 2′ N., long. 122° 9¼′ E.

This Notice affects the following Admiralty Charts:—Kue shan islands to the Yang tse kiang, No. 1199; approaches to the Yang tse kiang, No. 1602: Also, China Sea Directory, vol. III, 1904, page 406.

AUSTRALIA—Spencer gulf.

Port Lincoln approach—An uncharted rock discovered.

No. 391 (first publication).—The President, Marine Board, Port Adelaide, has given notice (No. 13 of 1904), informing Masters of vessels, fishermen, and others concerned, that an uncharted rock has been discovered between Howard Rock and Porter Rock, near the approach to Port Lincoln, in lat. 34° 51′ 40″ S, long. 136° 7′ 30″ E., and in which position 10 fathoms is shown on the chart.

It consists of isolated, bare, jagged granite rocks, with from 3 feet to 6 feet on them a L.W.S., on which the sea has not been seen to break. Its extent is about 200 yards, east and west, and 50 yards north and south, and the water gradually deepens to seven fathom at a quarter of a mile all round.

This affects Admiralty Chart 2589B.

INDIA, WEST—Bombay coast.

Buoys between Alibag and Vengurla replaced in position.

No. 392 (second publication).—With reference to Notice to Mariners No. 216, dated the 25th June last, issued by this office, the Bombay Government has given further notice (No. 109 of 1904) that the undermentioned buoys were replaced in position on the dates marked against each:—

Port Victoria—Buoyage and landmark altered.

No. 359 (third publication).—The British Admiralty has given notice (No. 865 of 1904) that the following alterations have been made in the buoyage of port Victoria:—

1. The outer red and white buoy has been moved S. 63° W., three-quarters of a cable to a position, in a depth of 5 fathoms, from which the summit (847 feet) of St. Anne island bears S. 83° E., distant 11¼ cables, and the west point of Cerf island S. 8° E. There is no bell on this buoy.
2. The outer black conical buoy has been moved S. 50° W., half a cable, to a position, in a depth of 3¾ fathoms, from which the summit (847 feet) of St. Anne island bears N. 88° E., distant 8¾ cables, and the west point of Cerf island S. 1° E.
3. The outer red mooring buoy has been moved N. 78° W., three-quarters of a cable, to a position, in a depth of 13 fathoms, from which the lighthouse bears S. 70° W., distant 6 cables, and the west point of Cerf island S. 28° E.
4. There is no bell on the inner red and white buoy situated with the lighthouse bearing S. 59° W., distant 5½ cables.

Also, that the white tower shown on the wharf N. 76° W., 7¼ cables from the lighthouse, has been demolished, and a white slaughter-house with a grey slate roof, which forms a good landmark, built in the same position.

Approximate position, lighthouse, lat. 4° 37′ S., long. 55° 28¼′ E.

Suva harbour—Buoys discontinued—Beacons erected.

No. 362 (third publication).—The British Admiralty has given notice (No. 878 of 1904) that the following alterations have been made in the buoyage and beaconing of Suva harbour:—

1. The two white buoys marking the western edge of the eastern reef, in the approach to Suva, and situated respectively S. 14° W. 5½ cables and S. 12° W. 7¼ cables from the eastern reef lighthouse, have been discontinued.
2. The white buoy on the western side of the entrance to Nai Ngalo Ngalo has been removed, and replaced by a beacon situated in a position from which the outer *red* leading light bears N. 24° E., distant 9¼ cables, and the dolphin off Cliffy point spit S. 83° E.
3. A beacon has been erected near the end of the spit on the eastern side of the entrance to Nai Ngalo Ngalo in a position from which the outer *red* leading light bears N. 17° E., distant 8½ cables, and the dolphin off Cliffy point spit S. 78° E.

Approximate position, *Red* leading light lat. 18° 6¼′ S., long. 178° 24½′ E.

MUNICIPAL DEPARTMENT—MEDICAL.

Darjeeling, the 10th November 1904

RESOLUTION—No. 444T.—P.

READ—

Government Resolution No. 1143T.—M., dated 8th June 1904, reviewing the Annual Report of the Sanitary Commissioner (paragraph 17).

Read also—

The letter from the Secretary to the Government of the United Provinces, No. $\frac{228}{XVI-710B-37}$, dated 24th August 1904.

In the Resolution cited in the preamble the Lieutenant-Governor commented upon the regularity with which plague recurred in certain portions of the Province, and raised the question whether sufficient was done in the way of providing medical relief and advice. His Honour expressed his intention of consulting the Commissioners of the Divisions in which plague is annually

prevalent, and of obtaining their suggestions and advice as to the general lines which the plague policy of Government should hereafter follow. A Conference was accordingly held in Darjeeling on the 20th October 1904, at which were present the Commissioners of the Bhagalpur, Presidency and Patna Divisions, the Secretary to the Government of Bengal in the Financial and Municipal Departments, the Inspector-General of Civil Hospitals and the Sanitary Commissioner. They were materially assisted in their deliberations by the recent enunciation of policy by the Government of the United Provinces, contained in the letter cited above, which accords entirely with the experience obtained in Bengal; and their recommendations, which are based on similar principles of policy, were accepted in full by the Lieutenant-Governor. His Honour has accordingly decided to abrogate the penal provisions of Plague Regulations A, B and C, which have been repealed under the Notification No. 445T.—P. of to-day's date, and to lay down the following principles for the guidance of the Chairman of the Calcutta Corporation, District Officers, Civil Surgeons and others engaged in the combating of plague in Bengal.

2. Experience has shown that the efforts of Government to prevent the spread of plague have been of no avail where the people themselves will not take the necessary measures of precaution and readily co-operate with the authorities. The essential basis, therefore, of any measures adopted by Government in dealing with an epidemic must be the avoidance of the least appearance of interfering with the rooted prejudices of the people. The function of Government should be to inspire and encourage them to help themselves, and to place within their immediate reach all material means to that end of which they may be disposed to avail themselves.

3. The policy hitherto followed by Government under which financial assistance to Municipalities and District Boards takes the form of reimbursing special plague expenditure actually incurred by them will now be modified; and grants will, where necessary, be made beforehand to Commissioners of Divisions to be distributed by them according to the needs of the various infected districts. This will enable the authorities to regulate and control the expenditure and to prescribe the lines on which preventive as well as remedial action should proceed, having regard to the special circumstances of each locality.

4. The active measures which it is practicable for Government officers to adopt in dealing with plague fall under the following main heads:—

I. Preventive action;
II. Enlisting and organizing unofficial help;
III. Preliminary arrangements in anticipation of an outbreak of plague;
IV. Measures to be adopted on the outbreak of plague; and
V. Organization of charity;

and the Lieutenant-Governor proposes in the following paragraphs to deal with each in turn.

5. (*I*) *Preventive Action*—(*a*) *General Sanitation.*—This must necessarily differ according as the agency and resources of a municipal body are available or not.

In municipalities the general conservancy arrangements should be placed upon a thoroughly adequate and efficient footing, and the regular cleansing of roads and drains should receive close attention. For this the ordinary municipal funds should suffice. As the plague season approaches, the conservancy staff should be increased and specially supervised so that cleansing operations may extend to the surroundings of houses, contributions being made, where necessary, from the divisional grants in aid of municipal funds for the purpose. The people should be encouraged to keep the interiors of their houses and compounds scrupulously clean, the refuse being removed by the conservancy staff as promptly and regularly as possible. While all compulsory interference with the structural arrangements of houses is to be deprecated, too much stress cannot be laid on the importance of securing proper access of light and air. The people should be encouraged to give attention to this object, which should also be borne in mind in all building regulations and schemes for bustee improvement framed by municipalities.

In towns and villages in the interior cleansing operations should similarly be encouraged to the fullest practicable extent. The best if not the only practical method of effecting this end is to depute a specially selected officer on the approach of and during the plague season to visit localities which are likely to become *foci* of the disease, who will endeavour to enlist the co-operation of the people in getting the village sites cleansed with the aid of a peripatetic conservancy staff that should accompany him. As in municipalities the people should be induced to cleanse thoroughly the interiors of their houses and compounds, the services of the staff being lent for the purpose where required.

(b) Destruction of Rats and Mice.—Both in municipalities and villages as much as possible should be done to encourage the destruction of such vermin. The poison known as "Rough on Rats" is recommended as effective under suitable precautions; and Chairmen of Municipalities as well as peripatetic officers who visit the interior might advantageously keep a supply of this poison for issue, with proper instructions, where there is no objection to its use.

(c) Inoculation.—The policy hitherto adopted by Government in this respect is susceptible of no change. The unanimous opinion of the members of the Conference, with which His Honour is in complete accord, was that inoculation should be widely encouraged, but that it should not be pressed upon the people where it is unpopular and where such action would endanger the success of other measures of prevention or relief. The operation should in all cases be performed by the Civil Surgeon (in Calcutta the Special Health Officer) or by a Medical Officer selected by him.

6. *(II) Enlisting and organizing unofficial help.*—In view of the well-known antipathy of the people to official interference in their domestic concerns the Lieutenant-Governor desires to lay special emphasis upon the necessity for organizing all the private assistance that may be available. In anticipation of an outbreak of plague in any municipal area, Ward Committees should be appointed by the District Officer, and in the case of Calcutta by the Chairman, in consultation with the Municipal Commissioners. They should consist both of members of the municipality and of others who possess local influence, as well as of private medical practitioners of all classes where the services of such are available. Their general duties would be—

(1) to call attention to sanitary defects, and particularly as to surface filth;
(2) to make arrangements for obtaining the earliest intelligence of any case of plague;
(3) to give information to the Health Officer of the town of the occurrence of plague cases;
(4 to enlist voluntary agency to supplement police measures for the protection of property left in evacuated houses;
(5) to give advice and assistance as regards the distribution of charitable funds; and
(6) generally to help and give confidence to the people.

In towns and villages in the interior either where there has been plague before, or where the disease may break out for the first time, the co-operation of the leading inhabitants of the locality should be enlisted for the purpose of carrying out similar duties as far as practicable.

7. *(III) Preliminary arrangements in anticipation of an outbreak of plague.*—In towns where plague has previously occurred certain measures should be adopted before another plague season comes round, particularly to enable the earliest cases to be dealt with promptly and effectively. Sites should be selected and cleaned for the construction of temporary quarters for all persons evacuating their houses, care being taken that an adequate water-supply, available for the public, exists in the immediate vicinity. A sufficient supply of materials for huts should be provided at the spot either by the Municipal authorities or by the District Officer. Should their supply be arranged for through a contractor, precautions should be taken to ensure that they will be available at the site immediately they are wanted. A site entirely apart from these temporary settlements should be selected for a plague hospital, and a section of it or separate huts should be erected beforehand for the accommodation of

friendless strangers and vagrants. For disinfecting purposes, a supply of cowdung cakes, perchloride of mercury and phenyle should be provided. Should an efficient desiccating apparatus be devised, one should be obtained beforehand.

In places where plague has not appeared before, similar measures should be adopted immediately on the occurrence of any cases.

8. (*IV*) *Measures to be adopted on the outbreak of plague.*—The measures that it is practicable to adopt are those of disinfection, destruction of infected material, evacuation of dwellings, and removal to plague hospitals; and the Lieutenant-Governor must lay special stress upon the necessity of taking prompt action on the occurrence of the first cases in any locality or fresh quarter of a town. At the same time experience shows that sufficient early intimation of such cases will not be obtained if the people have any ground to apprehend that the measures to be adopted will be of a drastic nature and such as may prove distasteful to them, and any measures that may be taken are liable to modification accordingly.

(*a*) *Disinfection.*—Government has been forced to the opinion that chemical disinfection by perchloride of mercury as hitherto practised has failed of complete success. It is viewed with the utmost suspicion by the people in nearly every locality; and as the first step towards a successful plague policy lies in securing the cordial co-operation of the people, the Lieutenant-Governor considers it advisable to substitute, where necessary, other means of disinfection. A simple method which has been found to commend itself to the people is to burn cowdung cakes, straw, or other materials for a few days on the floors. A desiccating apparatus, if an efficient pattern be devised, should at the same time be available for use where acceptable. Where materials in sufficient quantity are not available, they should be supplied by the municipalities or by the peripatetic officers visiting outlying localities and made over to the people to enable them to perform the operations themselves. Chemical disinfection should, at the same time, be available when asked for, and in this connection the Lieutenant-Governor is advised that phenyle has been shown to be equally efficacious as a disinfectant as perchloride of mercury, and generally more acceptable.

(*b*) *Destruction of infected material.*—All probably infected clothing and bedding should, if possible, be burnt, the people being encouraged, by the offer of compensation on the spot, to agree to this being promptly done. Other infected material should be dealt with according to circumstances, special precautions being taken to ensure that all infected grain is exposed to the heat of the sun. In touching upon this subject the Lieutenant-Governor must again impress upon all officers that no compulsory measures to this end should be adopted, as the chief desideratum in combating the disease is to secure the fullest consent of the people.

(*c*) *Evacuation of dwellings.*—After the disease has obtained epidemic proportions it is impracticable to carry out disinfection on so thorough and general a scale as to stay its course. When matters have reached that stage, the chief reliance must be placed upon evacuation; and as a corollary to this the people should be induced temporarily to dismantle the roofs of their dwellings so as to admit light and air. At the sites selected for temporary quarters, materials for huts should be supplied free to those who are too poor to pay for them. Separate sites should be set apart for those who can afford to pay for materials. Persons desiring to construct temporary quarters for themselves elsewhere should be permitted to do so provided they are not in close proximity to infected areas. It is desirable that all classes of the people should be left to build their own huts on the selected sites according to their own devices, and every endeavour should be made to prevent the settlements having the appearance of a segregation camp or of cooly lines. The one point on which it will be necessary to insist is that ventilation should not be impeded and that sanitary conditions should be carefully observed. Sir Andrew Fraser is conscious of the fact that one of the chief difficulties to be contended against in towns in prosecuting the policy of evacuation is the protection of property left in the evacuated dwellings. To obviate this difficulty the Magistrate should arrange for the efficient patrolling of evacuated quarters by the police and for

close supervision over bad characters and vigorous action against them; and Ward Committees should be encouraged to supplement police protection by enlisting volunteers from among the dispossessed inhabitants themselves. In villages no special action by the authorities in this respect is practicable or necessary.

In order to encourage evacuation and as an example to all employers, the Lieutenant-Governor is pleased to authorize District Officers to pay the whole or part of the cost of providing temporary quarters for Government servants resident in municipalities whose pay does not exceed Rs. 30 per mensem and who are obliged to stay at their posts.

(*d*) *Removal to Plague Hospitals.*—This measure is one that must only be adopted in cases of plague occurring among vagrants and friendless strangers or in lodging-houses licensed under the Lodging-house Act. In the case of other lodging-houses, serais, hostels, etc., influence should be brought to bear upon the proprietors or managers to induce them to remove plague patients to the hospital. In no other cases should pressure be brought to bear for the removal of patients to hospitals; and ordinarily they should be treated in their own homes, free medical attendance and medicines being given if asked for. His Honour is moreover advised that, where there is sufficient space available, there is no risk in erecting huts in the compounds of established municipal and local civil hospitals for the accommodation of plague patients, who would there receive better attention than at an isolated camp, and he desires to recommend this practice wherever feasible.

As a further precaution against the spread of the disease it is strongly recommended that action should be taken in municipalities to disinfect all public conveyances suspected of having been used for the transport of plague patients, moderate compensation for detention being paid to the owner

9. (*f*) *The organization of charity.*—Sir Andrew Fraser has in mind many instances of liberality among private persons called forth in consequence of the outbreak of plague in their neighbourhood and desires to encourage by every possible means this laudable practice. In order to place the funds thus procured upon a satisfactory footing the Ward Committees and leading men of each town should be encouraged to organize local charity in aid of persons rendered widows and orphans by the pestilence and of destitute persons who require medical comforts. It will be the duty of District Officers to aid any such organization and so far as possible to assist in the proper disbursement of the funds of the charity. Similar principles should be adopted, as far as possible, in villages, and District Officers should use their endeavours to induce the zamindars to come forward to assist patients and destitute persons residing within their spheres of influence.

10. The Lieutenant-Governor has considered carefully the question of rendering special assistance to plague infected districts. While it is impossible for Government to do much in the way of strengthening district staffs for the purpose of combating the annual epidemic of plague, it has been found practicable to depute two commissioned medical officers to supervise plague measures in Bihar during the ensuing cold weather. The members of the Conference recommended that both these officers should be deputed to the Patna Division, which stands primarily in need of their services, and this has accordingly been done. These officers are to be subordinate to the Civil Surgeon of the district in which for the time being they may be serving, and under the general direction of the Commissioner of the Division. For subordinate agency, though it is possible that the assistance of a few Government officers from the Subordinate Medical Service may from time to time be given, reliance must mainly be placed upon persons with medical qualifications specially recruited for the purpose.

Financial and other assistance from Government.

11. Reverting to the question of financial assistance, His Honour has already announced at the outset of this Resolution his intention to give such assistance, so far as it is available, in advance. He must at the same time impress upon the Chairmen and members of Municipalities and District Boards that the responsibility which has hitherto devolved upon them to find funds for plague prevention and relief is in no way lessened. The grants which he may be able to give are in aid and not in place of local fund expenditure, and

it will rest entirely within the discretion of the Divisional Commissioner to withhold assistance altogether in cases where local funds are ample. All sums that may be expended from this source must be fully accounted for to the Commissioner through the District Magistrate, and they must in no case be utilized for objects other than those which the Commissioner may approve.

On these conditions the Lieutenant-Governor is pleased to make a grant of half a lakh of rupees, which will be distributed as follows among the three divisions where plague has hitherto assumed epidemic proportions:—

		Rs.
Patna Division	... ...	30,000
Bhagalpur ,,	... ...	10,000
Presidency ,,	... ...	5,000

A sum of Rs. 5,000 will be held in reserve either for distribution, if necessary, between the two divisions of Burdwan and Chota Nagpur in case plague should attain serious dimensions in any district or town situated in those divisions, or, if not so required, for the purpose of supplementing the grants already allotted.

12. As the instructions conveyed in this Resolution supersede many of the provisions of the Bengal Plague Manual, the latter is hereby withdrawn.

By order of the Lieutenant-Governor of Bengal,

L. P. SHIRRES,

Secretary to the Govt. of Bengal.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL, AND OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN ASSAM, FOR THE MONTH OF OCTOBER 1904.

THE weather in October was chiefly noteworthy for the early appearance of the north-east monsoon, and the consequent deficiency in rainfall which accompanied this early change in the meteorological conditions. Light and irregular winds, characteristic of the change of the season, prevailed during the first days of the month, pressure being very uniform over the province and the bay.

By the 7th the north-east monsoon had fairly established itself, and light northerly, winds were blowing over the north of the bay. A shallow depression formed in the south-west of the bay on the 8th, but probably owing to the high pressure conditions generally prevailing during the earlier part of the month, failed to develope into a cyclonic storm, the disturbed conditions gradually passing away during the succeeding days. Its influence was however, felt in the southern and eastern parts of the province, as well as in Assam, giving rise to light precipitation in those parts.

It was succeeded, however, almost immediately by a fresh disturbance in the bay, the only cyclonic storm of the month. This latter storm materially affected the meteorological conditions of the province, and therefore forms an important feature in the weather of Bengal during October. Forming about the 12th of the month to the west of Diamond Island, it moved slowly across the bay towards the Coromandal coast increasing in intensity as it travelled westwards. On the morning of the 15th it was shown as a storm of considerable severity off the Madras Coast, with its centre to the south-east of Coconada. Crossing the coast during the night, it subsequently described a curved path through the Central Provinces and North-Western Bihar, finally breaking up in the Nepal Himalayas. With the exception of Orissa, which had to a certain extent felt the influence of the retreating monsoon, and in a lesser degree of the eastern parts of Bengal, which had been affected slightly by the previous shallow depression, practically the whole rainfall of the month was determined by the storm under consideration. It was, however, especially to Bihar that it brought copious rainfall and the precipitation caused by it between the 16th and the 18th was sufficient to bring the average rainfall for the month above the normal in that division. In Assam and the eastern portion of the province, its influence was naturally less marked, but commencing as it did somewhat later, continued to be felt up to the 20th.

Pressure, which had been generally above the normal in the first half of the month, fell very rapidly during the period of the storm. The recovery, however, which took place between the 18th and the 19th, was still more rapid, and on the morning of the latter date pressure was again well above normal throughout the province, while the ordinary cold-weather distribution was again re-established.

From this time to the end of the month weather remained fine and settled over the province with a high barometer and falling temperature. During the whole of this period northerly winds prevailed in the south of Bengal, but in the north and centre winds were irregular with a tendency to blow from the south, the central parts of the province forming a ridge of high pressure with a fall both to the south and the north. On the 26th, however, a strong north-east monsoon had established itself both over the bay and the province, and with the highest pressure in Assam and the north of the province, northerly winds prevailed steadily till the end of the month over the whole of Bengal with the exception of North Bihar, where they remained southerly.

A noticeable feature of the weather during this latter period was the very low temperatures which prevailed, the deficiency being especially marked in the highest temperatures. These early cold-weather conditions became, however, less marked towards the end of the month, a rise in temperature bringing the mean once more to the neighbourhood of the normal on the last day of the month.

Pressure varied but little except during the period of the storm. For practically the whole period from the 1st to the 13th pressure was above the normal, and it was not till the latter date that a deficiency began to shew itself. The defect, however, was neither marked nor universal till the 17th and 18th, and as already noted, the rise which took place between the 18th and 19th quickly restored high pressure conditions. As these continued with slight intermissions on the 22nd and 23rd and also on the 28th and 29th till the end of the month, the mean pressure for the month shows a considerable excess.

Temperature during the earlier part of the month varied only slightly, but though the departure from the normal was never very great, the mean was generally high With the disappearance of the storm, temperature began to fall, and during the latter part of the month remained steadily below the normal. The deficiency was, however, much more marked in night than in day temperatures. Though the period of high was of longer duration than that of low temperatures, the departure from the normal was greater in the latter case than in the former. So that, on the whole, mean temperature differed little from the average, there being slight excess in Chota Nagpur, West Bihar and parts of Western Bengal and Orissa, and slight defect in the remainder of the province. If, however,

we consider the maximum and minimum, the former show excess and the latter defect over practically the whole province.

Rainfall, as already stated, was for the most part deficient. Bihar is the only division in which the rainfall was above the normal, and this, notwithstanding that it was confined to two days in the month. All the other divisions show more or less deficiency, the greatest percentage defect being in South-West Bengal, where the whole precipitation was only about 35 per cent. of the normal. In all the divisions the number of rainy days was considerably below the average except in Orissa; but though in this case rain fell on slightly more than the average number of days, the total rainfall did not exceed 74 per cent. of the normal.

The following table gives a comparison between the actual monthly and total rainfall and the normal rainfall of the province up to the end of October in the same form as has been employed in the previous monthly abstracts of the present year. The figures represent the ratio of the rainfall of each month of the present year to the normal rainfall expressed as a percentage. The table thus gives a condensed summary of the rainfall data of the year for each meteorological division. The first ten columns give the percentage amount of rainfall received in each month, and the last column the percentage rainfall of the whole period from the 1st of January to the end of October:—

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 80, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

☼, dew ; ○, overcast.

NOTIFICATION.

No. 998Medl.—P.—The 16th November 1904.—The following notification issued by the Government of Madras is republished for general information:—

L. P. SHIRRES,
Secy. to the Govt. of Bengal.

NOTIFICATION—By the Government of Madras.

In exercise of the powers delegated to him under the Epidemic Diseases Act, 1897, the Governor in Council hereby appoints the Trichinopoly Junction and Darke's Bridge Railway stations to be inspection stations under rule 16 of the Madras Plague Regulations in force outside the Presidency town.

II.

Whereas the Governor in Council is satisfied that there is danger of an outbreak of plague at Trichinopoly and Srirangam in the Trichinopoly district, if persons from the Salem, Coimbatore, North Arcot and Bellary districts, the Mysore State, and other parts declared to be infected with plague are permitted to visit these towns on the occasion of the ensuing Srirangam Vaikunta Ekadasi festival

In exercise of the powers delegated to him under the Epidemic Diseases Act, 1897, the Governor in Council prohibits the attendance at the said festival from the 28th November to the 28th December 1904, inclusive, of persons from the said parts and further directs that between the said dates no tickets to travel by rail shall be sold within the Coimbatore, Salem, North Arcot and Bellary districts for the stations of Trichinopoly Fort, Trichinopoly Junction, Darke's Bridge, Tiruvarambur, Elamanur and Murungapettai, to any person intending, or believed to be intending to be present.

All persons proceeding to the said festival in contravention of this notification will be turned back.

III.

Whereas the Governor in Council is satisfied that there is danger of an outbreak of plague at Samayapuram in the Trichinopoly taluk of the Trichinopoly district, if cattle and cattle owners from the Coimbatore and Salem districts, the Mysore State and other parts declared to be infected with plague are permitted at the annual cattle fair to be held at that place from the 18th to the 28th December 1904.

In exercise of the powers delegated to him under the Epidemic Diseases Act, 1897, the Governor in Council prohibits the bringing to the said fair of cattle from the said parts.

All persons proceeding to the fair in contravention of this notification will be turned back.

EDUCATION DEPARTMENT, BENGAL.

Subordinate Educational Service.

The 21st November 1904.—Mr. T. A. Gregory is appointed to be an Assistant in the office of Director of Public Instruction, Bengal, on probation for three months, with effect from the 23rd November 1904, *vice* Mr. J. Jones to retire.

Mr. Gregory is also appointed substantively *pro tempore* to class VI of the Subordinate Educational Service.

Babu Rajendra Chandra Ghosh, M.A., is appointed to act as an Assistant Master in the Chittagong Collegiate School, and in class VIII of the Subordinate Educational Service, during the absence, on deputation, of Babu Nibaran Chandra Das Gupta, M.A., or until further orders.

A. PEDLER,
Director of Public Instruction, Bengal.

NOTIFICATION.

AUTHORS and publishers of text-books for use in the schools in Bengal are hereby informed that in the Vernacular and English Readers for students of all grades, a certain proportion of the reading lessons should consist of suitable biographical selections, such as would inculcate in the pupils habits of order, diligence and truthfulness, combined with submission to authority, and reverence to their elders. It is desirable that these lessons should be drawn from the lives of Hindu, Muhammadan and Christian worthies, instead of being confined to one section of individuals.

The following are the conditions of sale:—

1. The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2. The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3 The sale shall commence at the hour of 11 A.M., of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M., but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated according to the scale, noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M., in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

DEPOSIT.

When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional to the extent of Rs. 400.

6. The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7. The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8. No tender of money, Bank of Bengal receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale, will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9. The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10. Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests ordinarily required to be included in each certificate or order.

11. No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India Notes, Bank of Bengal receipts, or Government securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bonâ fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, Certificate of the opium advertised for sale; No. 2, Report of the examination of such opium.

17. The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1903-1904, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug, when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18. Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

By order of the Board of Revenue, L. P.,

H. F. SAMMAN,

Offg. Secretary.

Orders and Notifications by the Government of India, &c.

[*Reprinted from the "Gazette of India."*]

MILITARY SECRETARY'S OFFICE.

NOTIFICATIONS.

Simla, the 8th November 1904.

No. 863M.—His Excellency the Viceroy and Governor-General will arrive at Calcutta on Monday, the 5th December 1904, at 10-30 A.M. (11-3 A.M. Calcutta time). The arrival at Calcutta will be public.

On arrival at the Howrah Railway Station, His Excellency will be received by the Chairman of the Corporation of Calcutta, the Commissioner of Police for the Town of Calcutta, and the Magistrate of Howrah, and at Government House by His Honour the Lieutenant-Governor of Bengal and Staff, the Chief Justice of Bengal, the Bishop of Calcutta, Members of His Excellency's Executive and Legislative Councils, Judges of the High Court, Secretaries and Deputy Secretaries to the Government of India, the General Officer Commanding the Presidency District and Staff, all Principal Civil and Military Officers, and other gentlemen who are desirous of attending.

A Guard of Honour of the East Indian Railway Volunteers will be drawn up on the platform of the Howrah Railway Station, and a Guard of Honour of Native troops, with Band, outside the station.

The route taken will be by the Hooghly Bridge, Strand Road, Fairlie Place, Dalhousie Square, North, and Old Court House Street.

The Body-Guard and the Calcutta Light Horse will form His Excellency's escort.

A Royal Salute will be fired from the ramparts of Fort William as His Excellency alights from the train.

A Guard of Honour of British Infantry and of the Calcutta Volunteer Rifles will be drawn up in front of the Grand Staircase of Government House.

Full Dress will be worn by those entitled to wear uniform; Review Order by Military Officers. Gentlemen not entitled to wear uniform will appear in Morning Dress.

The 10th November 1904.

No. 878M.—Notice is hereby given that His Excellency the Viceroy and Governor-General will hold two Levées at Government House, Calcutta, one at 9-30 P.M., on Friday, the 16th December 1904, and the other at 9-30 P.M., on Tuesday, the 20th December 1904.

All Civil, Naval and Military Officers, Members of the Consular Body, Gentlemen whose names are borne on the Government House List, or who have already been presented

at the Court of St. James, and Native Officers of the Native Regiments of the Garrison, are invited to attend one of the Levées. Gentlemen attending the first Levée are not expected to be present at the second, except Members of the Viceroy's Executive and Legislative Councils, the Chief Justice of Bengal and the Judges of the High Court, the Bishop of Calcutta, Secretaries and Deputy Secretaries to the Government of India, Officers of the Head-Quarters Staff; and such other Officers or Gentlemen enjoying the privilege of the Private Entrée as may care to attend.

The following regulations are to be observed at His Excellency's Levées :—

I.—Gentlemen who propose to attend His Excellency's Levées are requested to send their cards addressed to the *Office of the Military Secretary to the Viceroy, Calcutta*, not later than Tuesday, the 13th December, *after which date no cards will be received*, and are also requested to bring with them two large cards with their names, *clearly written* thereon—one to be left with the Aide-de-Camp in waiting in the corridor, and the other to be delivered to the Military Secretary, who will announce the name to His Excellency.

II.—Gentlemen who propose to present others should apply to the Office of the Military Secretary to the Viceroy, Calcutta, for a "Form of presentation," which after the necessary particulars have been filled in, should be submitted for approval *not later than Tuesday, the 6th December 1904*.

III.—It is requested that Gentlemen (other than those required to be presented on both occasions) whose names begin with the letters A to K will, as far as possible, attend the first Levée and the remainder the second.

Gentlemen who are to be presented should attend the same Levée as the Gentlemen who present them.

Gentlemen wearing uniform will appear in full Dress, Gentlemen not wearing uniform in Evening Dress.

Gentlemen who had intended to be present but have found themselves unable to attend should submit an explanatory letter to the Military Secretary before, or as soon as possible after, the Levée.

NOTIFICATIONS.

Simla, the 12th November 1904.

No. 26.—In exercise of the power conferred by section 10 of the Indian Councils Act, 1861, and section 1 of the Indian Councils Act, 1892, the Governor-General is pleased to nominate Mr. Lancelot Hare, C.I.E., of the Indian Civil Service, to be an Additional Member of the Council of the Governor-General for the purpose of making Laws and Regulations.

No. 27.—Whereas by resolution passed by the Secretary of State for India in Council on the 28th day of July, 1891, the provisions of section 1 of the Government of India Act, 1870, were declared applicable to the tracts known as Angul and the Khondmals, in Orissa, Bengal;

And whereas the Lieutenant-Governor of Bengal has proposed to the Governor-General in Council a draft of the following Regulation, together with the reasons for proposing the same;

And whereas the Governor-General in Council has taken the draft and reasons into consideration, and has approved of the draft, and the same received the assent of the Governor-General on the 11th day of November, 1904;

In pursuance of the direction contained in the said section, the said Regulation is now published in the *Gazette of India*:—

REGULATION No. IV OF 1904.

A Regulation to amend the Angul District Regulation, 1894.

WHEREAS it is expedient to amend the Angul District Regulation, 1894, in manner hereinafter appearing; It is hereby enacted as follows:— I of 1894.

Short title. 1. This Regulation may be called the Angul District (Amendment) Regulation, 1904.

Amendment of section 2 of Regulation I of 1894. 2. In section 2 of the Angul District Regulation, 1894, for the words "that portion of Killah Bod" the words "the area" shall be substituted.

Addition to section 3. 3. To sub-section (*2*) of section 3 of the said Regulation the following shall be added, namely:—

"*Explanation.*—Enactments which are not comprised in the Subedula, and which have not been extended as aforesaid, shall not be deemed to be in force in the district of Angul or any part thereof merely on the ground that they are referred to in some enactment which is so in force."

Substitution of "Subdivisional Officer" for "Tahsildar." 4. For the words "Tahsildar" and "Tahsildars," wherever they occur in the said Regulation, the words "Subdivisional Officer" and "Subdivisional Officers" respectively shall be substituted.

Amendment of section 10. 5. (*1*) For clause (*i*) of section 10 of the said Regulation the following shall be substituted, namely:—

(2) The Local Government may, by notification in the Calcutta Gazette:—

(a) confer upon any Court mentioned in column 1 of the foregoing table any further powers in addition to those specified in respect of such Court in that table, or

(b) withdraw from any such Court any of the powers so specified, or

(c) authorise the Board of Revenue to exercise supervision and control over any such Court in all or any matters relating to revenue."

New section 39.

Sale of immoveable property.

9. For section 39 of the said Regulation the following shall be substituted, namely:—

"39. (1) The Subdivisional Officer shall not proceed against any immoveable property of a raiyat unless and until he has satisfied himself that the raiyat has no moveable property by the sale of which the sum due from him can be realised.

(2) No immoveable property of a raiyat shall be sold without an order from the Deputy Commissioner.

(3) The Deputy Commissioner may order either the sale of such property or the ejectment of the raiyat from his holding."

New section 41A.

Recovery of rent due to sarbarakars

10. After section 41 of the said Regulation the following shall be inserted, namely:—

"41A. Rent due to a sarbarakar who, under the terms of the settlement made with him, has previously paid the amount thereof to the Government, may be realised under this Chapter as if it were a sum due to the Government."

Amendment of section 42.

11. In section 42 of the said Regulation, before the word "appoint" the words "after consulting the residents" shall be inserted.

New section 43.

12. For section 43 of the said Regulation the following shall be substituted, namely:—

Constitution of villages, and realisation of chaukidari dues.

"43. (*1*) The Deputy Commissioner may, from time to time, by written order,—

(*a*) declare any local area or group of dwellings to be a village for the purposes of this Chapter, and

(*b*) direct each house-holder of the village to make a monthly or annual payment, in money or in grain, or in both, of such amount as may be fixed by the Deputy Commissioner after consulting the residents, for the salary and uniform of the village chaukidar.

(*2*) The said payments shall be made to the headman, sarbarakar or other person appointed by the Deputy Commissioner in this behalf.

(*3*) It shall be the duty of the person so appointed to see that the said payments are punctually made, and duly to account for the same; and any neglect of such duty shall be punishable with fine which may extend to ten rupees.

(*4*) All arrears of the said payments may be realised from the said house-holders, under the written order of the Deputy Commissioner in each case, by sale of the defaulter's moveable property.

(*5*) The Deputy Commissioner may authorise the Subdivisional Officer to exercise all or any of his powers under this section."

Amendment of section 47.

13. (*1*) In clause *first* of section 47 of the said Regulation, after the words "hurt, riot," the following shall be inserted, namely:—

"administering stupefying or intoxicating drugs with intent to cause hurt, kidnapping, unlawful assembly or violent affray."

(*2*) In clause *second* of the same section, after the word "offenders" the words "and escaped convicts" shall be inserted, and after the word "specified" the following shall be inserted, namely:—

"also any person against whom a hue and cry has been raised of his having been concerned in any such offence, whether such offence has been or is being committed within or outside his village."

(*3*) To clause *third* of the same section the following shall be added, namely:—

"the movements of any other person who may be lurking in such village without any ostensible means of subsistence or who cannot give a satisfactory account of himself, and the permanent or temporary residence in such village of any notorious receiver or vendor of stolen property."

(*4*) In clause *fourth* of the same section, after the words "suspicious characters" the words "or vagrants or wandering gangs" shall be inserted.

New sections 54A and 54B.

14. Before section 55 of the said Regulation the following sections shall be inserted, namely:—

Transfer of tenures or holdings

"54A. No transfer of a tenure or holding shall be valid without the consent of the Deputy Commissioner or Subdivisional Officer."

Ejectment of tenants.

"54B. A tenant shall not be ejected from his tenure or holding without an order of the Deputy Commissioner."

Amendment of section 60.

15. In section 60 of the said Regulation, after the word "and" the words "except in so far as the Local Government otherwise directs" shall be inserted.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.:

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

NOTICES TO MARINERS.

THE following Notices are published for general information.

D. B. HORN,
Secretary, Marine Department.

CALCUTTA, *the 18th November 1904.*

COCHIN CHINA—SAIGON RIVER—CAPE ST. JAMES.

Cocoanut bay—Light altered.

No. 392 (first publication).—The British Admiralty has given notice (No. 973 of 1904) that, on 1st September 1904, the two red fixed lights (vertical) on the end of the Mole at Cocoanut bay, cape St. James, would be replaced by a single *red fixed* light visible in clear weather from a distance of one mile.

Approximate position, lat. 10° 20¾′ N., long. 107° 4′ E.

This Notice affects the following Admiralty Charts:—Saigon river, Nos. 1269, 1016: Also, List of Lights, part VI, 1904, No. 601, Remarks; China Sea Directory, vol. II, 1889, page 382; and Supplement, 1901, page 15.

EASTERN ARCHIPELAGO—BORNEO, NORTH-WEST COAST.

Muara harbour—Beacons disappeared.

No. 393 (first publication).—The British Admiralty has given notice (No. 974 of 1904) that the three beacons marking the Muara bar, and situated respectively S. 85° W., distant 2$\frac{4}{10}$ miles; S. 83° W., distant 2¼ miles, and N. 88° W., distant 2$\frac{5}{10}$ miles from Sapo point tree no longer exist.

Approximate position, Sapo point, lat. 4° 59¾′ N., long. 115° 7¾′ E.

(*Variation 2° Easterly in 1904.*)

This Notice affects the following Admiralty Chart:—Muara harbour, No. 2134: Also, China Sea Directory, vol. II, 1899, page 152.

EASTERN ARCHIPELAGO—BORNEO SOUTH-EAST COAST—MAHAKAN RIVER.

Muara Jawa—Buoy to be replaced by light buoy.

No. 394 (first publication).—The British Admiralty has given notice (No. 975 of 1904) that it is intended to replace the white conical buoy in the entrance channel of Muara Jawa, by a white light buoy showing a *white occulting* light *every twenty seconds*, thus.—light, *ten seconds*; eclipse, *ten seconds*; and visible in clear weather from a distance of 6 miles

Approximate position on Chart No. 2662, lat. 0° 55¼′ S., long. 117° 16′ E.
Further notice will be given when this alteration has been made.

This notice affects the following Admiralty Charts:—Strait of Makassar No. 2636; plan of river Mahakan on No. 2662: Also, Eastern Archipelago, part II, 1883, page 318; and Supplement, 1899, page 39.

JAPAN, SOUTH COAST—Aoga Sima.

Breakers reported to the westward.

No. 395 (first publication).—The British Admiralty has given notice (No. 976 of 1904) that the Master of the Schooner *Okanogan* reports that at 1-30 P.M. on 20th June 1904, when to the westward of Aoga sima in lat. 32° 19′ N., long. 139° 3′ E., he passed within a distance of about three-quarters of a cable of an area of broken water, about 50 feet square in extent, where possibly a rock may exist. "Breakers reported (1904)" has therefore been placed on the Charts in the above position.

This notice affects the following Admiralty Charts:—Pacific ocean, Nos. 2459 and 781; Nipon, Kiusiu, etc., No. 2347: Also, Sailing Directions for Japan, etc., 1904, page 380.

CHINA—Pechili strait.

Perim island—New light on Balfe point.

No. 385 (second publication).—The Bombay Government has given notice (No. 110 of 1904) that a new fixed white light will be exhibited on Balfe point, Perim Island, in the same position as the old one.

The light will be elevated 46 feet above high water and visible in clear weather from a distance of 10 miles.

The light which is a Petroleum lamp, 4th order Dioptric Port Light, will be shown from a conical masonry pillar 23 feet high, the height of the building from base to ram being 31 feet.

Further notice will be given when the light is ready for exhibition.

This Notice affects the following Admiralty Charts:—Red Sea General Chart, No. 2523; Red Sea Sheet V, No. 8C, Jebel Teir to Perim Island, No. 143, Perim Island and Bab-el-Mandeb Small Strait, No. 2592, Straits of Bab-el-Mandeb and approaches, No. 3180, and Gulf of Aden Sheet II, Western Portion, No. 6B: Also, List of Lights, Part VI, 1904, No. 143.

CEYLON—South coast.

Belligam bay approach—Rock reported.

No. 384 (second publication).—The British Admiralty has given notice (No. 930 of 1904) of the existence of a rock, with a depth of 3 fathoms over it, situated in the approach to Belligam bay in a position from which Mirissi point bears N. 18° W., distant 2 miles and Doudra head light-house East.

Approximate position, lat. 5° 55½′ N., long. 80° 27′ E.

(*Variation 1° Westerly in 1904.*)

This Notice affects the following Admiralty Charts:—Cape Comorin to Cocanada, No. 828; Ceylon, south coast, No. 813: Also, Bay of Bengal Pilot, 1901, page 91.

CHINA SEA.

Carimata strait—Non-existence of wreck.

No. 385 (second publication).—The British Admiralty has given notice (No. 942 of 1904) that on a recent examination of the area where the *Bryn Gwyn* was reported to have foundered in 1888, no trace was found of the wreck. It has accordingly been expunged from the Admiralty Charts.

Approximate position, lat. 0° 49′ 45″ S., long. 107° 57′ 15″ E.

This Notice affects the following Admiralty Charts:—China sea, Nos. 1263, 2660a; Eastern archipelago, No. 941a; Carimata strait, No. 2160: Also, China Sea Directory, vol. I., 1896, page 487.

CHINA SEA—Gaspar strait.

Oromaso bank—Non-existence of—.

No. 386 (second publication).—With reference to Notice to Mariners No. 8, dated 9th January 1893, issued by this office, the British Admiralty has given further notice (No. 944 of 1904,) that an examination of the area where a sand bank, with about 2 fathoms of water over it, was reported to have been seen in 1892 by the Master of the Italian ship *Oromaso* in approximately lat. 1° 50′ S., long. 107° 30′ 45″ E., proved no trace of such a bank could be found. As this bank was not sounded over but merely stated to have been seen, it is assumed to be one of those deceptive appearances so common in this part of the world, and it has accordingly been expunged from the Admiralty Charts.

This Notice affects the following Admiralty Charts:—China sea, No. 1263; Eastern archipelago, No. 941a; Carimata strait, No. 2160; Banka and Gaspar straits, No. 2149: Also, China Sea Directory, vol. I, 1896, page 461.

PACIFIC OCEAN—Philippine islands—Port Sorsogon.

Bagatao island—Light established.

No. 387 (second publication).—The British Admiralty has given notice (No. 951 of 1904) that a *red fixed* light has been established on Arenas point, Bagatao island, about a quarter of a mile to the north-eastward of the *flashing* light on the west point of the island. It is

elevated 43 feet above high water; should be visible in clear weather from a distance of 6 miles up port Sorsogon; and is shown from a white frame structure.

Approximate position, lat. 12° 50′ N., long. 123° 48′ E.

This Notice affects the following Admiralty Chart:—Plan of port Sorsogon on No. 2395: Also, List of Lights, part VI, 1904, page 105; and Eastern Archipelago, part I, 1902, page 338.

CHINA SEA—Sulu Archipelago—Sulu approach.

Tulian island—Height—Rock reported to the east of—.

No. 388 (second publication).—The British Admiralty has given notice (No. 952 of 1904) that the height of Tulian island is only about 80 feet, and not 208 feet as shown on the Admiralty Charts.

Also, that a rock, with a depth of 4 feet over it, exists in the fairway between Tulian and Jolo islands in a position about 3¾ cables S. 75° E. from Tulian islands summit. The letters P.D. have been placed on the Chart against the rock.

Approximate position, lat. 6° 1′ N., long. 120° 52′ 30″ E.

(*Variation 1° Easterly in 1904*)

This Notice affects the following Admiralty Plan:—Sulu roadstead on No. 928: Also, Eastern Archipelago, part I, 1902, page 114.

CHINA SEA—South Natuna islands.

Robin Hood reef—Amended position—Panganj—Channel to the west of—.

No. 389 (second publication).—With reference to Notice to Mariners No. 238, dated 16th July 1904, issued by this office, the British Admiralty has given further notice (No. 959 of 1904) that Robin Hood reef is situated about three-quarters of a mile to the northward of the position assigned to it in the Admiralty Charts, or in approximately lat. 2° 49′ N., long. 108° 59′ 10″ E.

Also, that a channel about a mile broad and with depths of from 9 to 13 fathoms exists to the westward of Panjang island, and to the eastward of Sipu and Sabiung. The coast reef extends for about 6½ cables off the west coast of Panjang, and for about 1¾ cables to the eastward of Sipu and Sabiung.

Approximate position, Panjang, S.-W. point, lat. 2° 43¾′ N., long. 108° 53′ E.

This Notice affects the following Admiralty Chart:—South Natuna islands, No. 2104: Also, China Sea Directory, vol. II, 1899, page 83.

CHINA, EAST COAST—Yang tse kiang, south channel.

Fairway buoy moved.

No. 390 (second publication).—The British Admiralty has given notice (No. 961 of 1904) that the South channel Fairway light and bell buoy, Yang tse kiang, has been moved South 1¼ miles to a position from which the Tung sha light-vessel bears N. 48° W., distant 10$\frac{4}{10}$ miles, and Yang tse cape S. 62° W.

Approximate position, lat. 31° 2′ N., long. 122° 9½′ E.

(*Variation 3° Westerly in 1904.*)

This Notice affects the following Admiralty Charts:—Kue shan islands to the Yang tse kiang, No. 1199; approaches to the Yang tse kiang, No. 1602: Also, China Sea Directory, vol. III, 1904, page 406.

AUSTRALIA—Spencer gulf.

Port Lincoln approach—An uncharted rock discovered.

No. 391 (second publication).—The President, Marine Board, Port Adelaide, has given notice (No. 13 of 1904), informing Masters of vessels, fishermen, and others concerned, that an uncharted rock has been discovered between Howard Rock and Porter Rock, near the approach to Port Lincoln, in lat. 34° 51′ 40″ S, long. 136° 7′ 30″ E., and in which position 10 fathoms is shown on the chart.

It consists of isolated, bare, jagged granite rocks, with from 3 feet to 6 feet on them at L.W.S., on which the sea has not been seen to break. Its extent is about 200 yards, east and west, and 50 yards north and south, and the water gradually deepens to seven fathoms at a quarter of a mile all round.

This affects Admiralty Chart 2389A.

INDIA, WEST—Bombay coast.

Buoys between Alibag and Vengurla replaced in position.

No. 372 (third publication).—With reference to Notice to Mariners No. 216, dated the 25th June last, issued by this office, the Bombay Government has given further notice (No. 109 of 1904) that the undermentioned buoys were replaced in position on the dates marked against each:—

Alibag buoy	25th September 1904.

JAPAN, KURIL ISLANDS—Yetorup island.

Naibo harbour—Rock reported.

No. 375 (third publication).—The British Admiralty has given notice (No. 911 of 1904) of the existence of a rock, with a depth of 8 fathoms over it, and with depths of from 12 to 32 fathoms around it, situated in Naibo harbour in a position from which the Observation spot bears S. 67° E., distant 3$\frac{6}{10}$ miles, and the south extreme of Lion rock S. 69° W.

As the sea is reported to break heavily over the rock there is probably less water on it.

Approximate position, lat. 44° 42⅝′ N., long. 147° 10′ E.

(*Variation 5° Westerly in 1904.*)

This Notice affects the following Admiralty Chart:—Kuril islands, No. 2405; Yetorup island, No. 452; plan of Naibo harbour on No. 1268: Also, Sailing Directions for Japan, Korea, etc., 1904, page 758.

AUSTRALIA—Victoria.

Port Phillip entrance—Fairway deepened.

No 376 (third publication).—The British Admiralty has given notice (No. 913 of 1904) that as the result of blasting operations in the fairway into Port Phillip, the least depth along the line of the Shortland bluff leading lights and for 1½ cables to the eastward has been increased to 36 feet at low water.

The eastern limit of the deep water channel is marked by the Shortland bluff obelisk in line with the high light bearing N. 30° E., and vessels of deep draught are recommended, when crossing the Rip bank, to keep between that line of bearing and the line of the leading lights.

The least water for a distance of one-third of a cable to the westward of the line of the leading lights is 35 feet.

Approximate position, Shortland bluff high light, lat. 38° 16½′ S., long. 144° 39¾′ E.

This Notice affects the following Admiralty Charts :—Western approach to Bass strait, No. 1065; Bass strait, No. 1695b; port Phillip, No. 1171a; entrance to port Phillip, No. 2747: Also, Australia Directory, vol. I, 1897, page 502.

CHINA, NORTH-EAST COAST—Shantung.

Yung ching bay—Rock reported.—Staunton island—Depth over—Rock near.

No. 377 (third publication).—With reference to Notice to Mariners No. 298, dated the 3rd September 1904, issued by this office, the British Admiralty has given further notice (No. 916 of 1904) that the rock referred to in their Notice to Mariners No. 651 of 1904, has a depth of 2¾ fathoms over it, and is situated about 2 cables off Joss house point, Yung ching bay, in a position from which Ta Ching shan bears N. 59° W., distant 4 miles, and Ellen rock S. 50° W. Soundings of less than 5 fathoms extend for 1½ cables to the south-westward of this position.

Approximate position, lat. 37° 22¾′ N, long 122° 41′ E

Also, with reference to Notice to Mariners No. 843 of 1904 :—

That the rock (No. 4) which was reported in the above Notice to Mariners to break heavily was found to have a depth of 1½ fathoms over it, with 10 fathoms close to all round; it is situated N. 86° E., $3\frac{5}{10}$ miles from North channel rock.

Approximate position, lat. 36° 47½′ N., long. 122° 19′ E.

(*Variation 4° Westerly in 1904.*)

This Notice affects the following Admiralty Charts :—Gulfs of Pe chili and Liau tung, No. 1256; Shantung promontory, No. 1255: Also, China Sea Directory, vol. III, 1904, pages 553, 546.

RED SEA—Massawa channel.

Shumma island—Light altered.—Ras Mudir—Light established.

No. 378 (third publication).—With reference to Notice to Mariners No. 149, dated the 7th May 1904, issued by this office, the British Admiralty has given further notice (No. 923 of 1904) that Shumma island light (white fixed) has been replaced by a *fixed* light showing *red* from the bearing of S. 38° E., through south and west, to N. 68° W., and *white* in other directions. It is elevated 108 feet above the sea, and should be visible in clear weather from a distance of 16 miles; it is shown from a black cylindrical iron tower, 77 feet high, situated about one-fifth of a cable N. 6° E., from the old light.

Approximate position, lat. 15° 31½′ N., long. 39° 59½′ W.

Also, that a *white fixed* light, elevated 85 feet above the sea, and visible in clear weather from a distance of 15 miles, has been established on the east extreme of Ras Mudir, Massawa island, in a position from which the southern minaret on the island bears S. 76° W., distant 4 cables, and the Observation spot N. 18° W. It is shown from an iron cylindrical tower, 77 feet high, painted with black and white horizontal stripes.

Approximate position, lat. 15° 36¾′ N., long. 39° 27½′ E.

(*Variation 5° Westerly in 1904.*)

This Notice affects the following Admiralty Charts :—Red sea, No. 8d; Massawa channel, No. 164; Massawa harbour, No. 460: Also, List of Lights, part V, 1904, No. 1367, page 261; part VI, 1904, No. 152, page 25; and Red Sea Pilot, 1900, pages 206, 183.

EASTERN ARCHIPELAGO—SUMATRA NORTH COAST.

Telok Semawi—Light established.

No. 370 (third publication).—With reference to Notice to Mariners No. 263, dated the 30th July 1904, issued by this office, the British Admiralty has given further notice (No. 924 of 1904) that a *white group occulting* light, showing groups of three eclipses *every thirty seconds*, thus:—light, *fifteen seconds*; eclipse, *three seconds*; light, *three seconds*; eclipse, *three seconds*; light, *three seconds*; eclipse, *three seconds*; has been established near Telok Semawi; it is elevated 49 feet above high water, visible in clear weather from a distance of 12 miles, and is shown from a white open ironwork support, 42 feet high.

Approximate position on Chart No. 219, lat. 5° 13¼′ N., long. 97° 10′ E.

This Notice affects the following Admiralty Charts:—Bay of Bengal, No. 70; Hasein river to Pulo Penang, No. 830; Acheh head to Tyingkok bay, No. 2769; Acheh head to Diamond point, No. 219; Also, List of Lights, part VI, 1904, page 63; and China Sea Directory, vol. I, 1896, page 63.

INDIA, EAST—MADRAS COAST.

Masulipatam.—Date of removal of anchorage buoy.

No. 380 (third publication).—The Presidency Port Officer, Madras, has given notice (No. 37 of 1904) that the red or south anchorage buoy in the roadstead at Masulipatam will be removed on the 1st December 1904.

The black buoy will be retained in its present position.

INDIA, WEST—BOMBAY COAST.

Talayi—Buoy replaced in position.

No. 381 (third publication).—With reference to Notice to Mariners No. 193, dated the 27th May 1904, issued by this office, the Bombay Government has given further notice (No. 107 of 1904) that the small spherical buoy marking the pinnacle rock off the sub port of Talayi was replaced in position on the 24th September 1904, and that vessels should pass southward of the buoy as before.

The Administration Report of the Calcutta Municipality for the year 1903-1904.

Read again—

The Reports for the years 1901-1902 and 1902-1903 and the Resolutions recorded by the Lieutenant-Governor thereon.

THE Annual Administration Report of the Corporation of Calcutta for the year 1903-1904 was forwarded to Government on the 4th August, and the review of the General Committee followed it on the 27th of the same month. The Corporation then appointed a Special Committee to review the report on their behalf. The review of this Committee, but in an abbreviated and amended form, was adopted by the Corporation on the 29th September and reached Government on the 1st October.

2. The final recommendation of the Special Committee, that the Corporation should be restored to the position which it held before the passing of the Act of 1899, did not represent the views of the Corporation as a whole, and need not be discussed at length. The Committee drew attention to administrative defects noticed by them in the details of the year's working, and their action in doing so was endorsed by the general body of Commissioners; but they altogether failed to recognise the great improvements that have been effected in every department. The Lieutenant-Governor is fully satisfied that the period since the passing of the Act of 1899 has been one of continuous, and for the most part successful, effort after reform. This opinion is in accordance with the views expressed in the review recorded last year by Sir James Bourdillon, who wrote with long personal knowledge of Calcutta. Although, however, much has been accomplished, much undoubtedly still remains to be done. As the case presents itself to Sir Andrew Fraser, the question is not whether we should retrace our steps, but whether anything can be done to quicken and accelerate the rate of progress.

3. A very large part of the report of the Special Committee is taken up, directly or indirectly, with the Municipal Accounts and Finances; and they justly complain that owing to defective accounting the control of the Corporation over their finances has not been realised. The improvement of the Accounts Department was, however, one of the earliest questions taken up after the passing of the present Calcutta Municipal Act; and the delay which has taken place must be attributed largely, though not wholly, to the magnitude and difficulty of the task. A history of the steps which were taken will be found in paragraph 9 of last year's Resolution. The services of two Government officers were successively lent to the Corporation; and a scheme was drawn up which was approved by the General Committee after being examined and amended by a very able Sub-Committee. The experience of another year has now shown that the approval accorded to the new scheme was premature, and that it has not furnished information of the state of the finances sufficiently early and accurate for effective action to be taken. On the other hand, in justice to the Sub-Committee and to Mr. Barrow, whose recommendations they adopted, it must be remarked that the recommendation on which most stress was laid, namely, the appointment of a thoroughly competent man to be the head of the Accounts Department, was not at that time acted on. The whole subject has, however, been recently dealt with by the General Committee; the accounts have been brought up to date; and a special meeting of the Corporation held on the 14th November 1904 has decided to raise the pay of the post of Chief Accountant to Rs. 1,000 rising to Rs. 1,250 by biennial increments of Rs. 50 a month. This will enable the Corporation to secure the services of a qualified officer; and the Lieutenant-Governor hopes that the reorganization of this Department will soon be completed on satisfactory lines, although the effects of this will not be fully apparent for some time to come.

4. It is unnecessary to follow the Special Committee through the various paragraphs in which they dwell upon the defects of the Accounts Department. Their criticisms are well founded and have been accepted by the Corporation; but the impression conveyed, that the Department is in hopeless confusion and that no good work has been done, is erroneous. The following "General Summing Up" of Messrs. Lovelock and Lewes, in their report dated 14th November 1904, gives an impartial, and very much more accurate, idea of the state of the accounts:—

> The work on the main records put before us was, on the whole, very fairly good. The completeness and order of the cash vouchers was admirable: as also the cash-book itself. The condition of the journal, vouchers and subsidiary records, left much more to be desired; there was a tendency to regard a mere transfer slip as sufficient, without filing the subsidiary figures, or at least, carefully referencing back to them; not infrequently important statements leading to journal entries had been made up in the rough, not filed, mislaid, and have to be done over again: not rarely by ourselves.
>
> The closing showed signs of hurried and far less careful work than that throughout the year; ends of unfinished work left hanging out, balances unanalysed, subsidiary statements almost but not quite linked up; and in a few cases (such for instance as the writing off of the charges recoverable, and the non-adjustment of the Entally Workshops Profit and Loss Balance) blunders made which should have been impossible.

Still taking everything into consideration the work of the Accounts Department appears to us to have been a continuous and painstaking struggle against defective machinery and organisation, in which, at all events, there was no sparing of hard work, and as such in our opinion gives promise of rapid and continuous progress in the future, with the diligent carrying out of improvements as suggested.

5. One suggestion in connection with the accounts may be made; namely, that a separate loans budget should be prepared and passed by the Corporation. Such a budget can be prepared separately from, and in advance of, the ordinary budget, which must be put off till near the close of the year, in order that it may be based upon the latest information available. This procedure is followed by the Local Government; and it would not only secure the effective control of the Corporation, but would avoid the difficulties which hitherto have arisen in obtaining the sanction of the Government of India in time for the loans to be floated when the market is most favourable.

6. In regard to the financial position of the Corporation, Sir Andrew Fraser has no hesitation in endorsing the opinion recorded by Sir James Bourdillon in paragraph 4 of last year's Resolution. The average annual increase in the demand on account of the consolidated rate in the last five years has been Rs. 1,33,686, while the collections of the License Department during the same period have made an average addition to the revenue of Rs. 30,129. Moreover in the eight years 1905-1906 to 1912-1913, the Government loan and a number of debenture loans will be paid off; and the cessation of these payments will set free amounts aggregating Rs. 9,52,310, a sum sufficient to pay the interest and sinking fund on a loan of 1·9 crores of rupees. In addition to this the Corporation has a reserve of taxation on which it can draw; for the consolidated rate, which at present is levied at 19½ per cent., may legally be raised to 23 per cent.

7. Although, however, the financial position of the Corporation is without doubt thoroughly sound, they will nevertheless have to exercise the most careful economy, and to forego all capital expenditure which is not absolutely necessary, if they are to escape the necessity for enhancing the consolidated rate in the immediate future. The large sum referred to in the preceding paragraph, which will become available through the falling in of loans in the course of the next eight years, will in itself unfortunately not obviate the need for raising the rate, because the greater portion of it, viz., Rs. 8,39,560, will be set free during the second half of the period in question, and only Rs. 1,12,750 will fall in during the four years, 1905-1906 to 1908-1909. In this connection it may be mentioned that when the scheme for the improvement of Calcutta was discussed some years ago, it was anticipated that the rate would have to be raised almost immediately, and that of the 3½ per cent. margin 2 per cent. would be required to pay the interest and sinking fund charges for the loans that would be required for carrying out the schemes for drainage and water-supply. Owing to the large additions to the revenues in the last few years, the necessity for an enhancement of the rate has been postponed; but as already stated the utmost care and prudence will be required if the next four years are to be bridged over.

8. The following figures, from which all non-recurring items have been eliminated, exhibit the revenue receipts and expenditure of the past five years and show more clearly than words the need for present economy:—

	Receipt. (In thousands of rupees.)	Expenditure.
	Rs.	Rs.
1900-1901	57,53	55,18
1901-1902	62,09	57,68
1902-1903	58,32	60,30
1903-1904	61,51	64,62
1904-1905 (estimate) ...	64,37	66,37

The greater part of the deficits have hitherto been made good by reductions in the opening balance; but this resource will not serve much longer, because the estimated closing balance for the current year is only Rs. 4,26,000, and the statutory minimum closing balance is two lakhs. The extent to which borrowing is responsible for the situation depicted above will be

apparent from the following statement showing the charges during the same period on account of interest and sinking fund:—

	Rs.
1900-1901	20,24,000
1901-1902	19,49,000
1902-1903	22,54,000
1903-1904	23,15,000
1904-1905 (estimate)	25,42,000

From the application submitted by the Corporation for permission to raise the loan which they have recently placed upon the market, it appears that loans amounting to Rs. 26,84,903 still remain to be raised before the drainage and water-supply schemes can be carried to completion.

9. The general approval of the Government of Bengal was conveyed to the suburban drainage scheme in January 1897. Departures in a greater or less degree from the original scheme were, however, inevitable when detailed plans and estimates were worked out; and it was not clearly laid down in the Act, or established by precedent, that the sanction of Government to such departures was necessary. In April 1899 the Government of Bengal laid down that detailed estimates of portions of the project must be submitted for its approval as the plans and estimates were worked out. Meanwhile an important change—the laying of the sewers at a lower level as previously advised by Mr. Latham—had been partially given effect to; but, after a careful examination, Mr. Buckley, the Chief Engineer to the Government of Bengal, declared the change to be an improvement. A much more serious cause of confusion was the action of the Accounts Department of that time in refusing to pass bills so that the contractors were unable to proceed with portions of the work. Ultimately the work on certain contracts was altogether stopped; and Mr. Buckley, who was called in to arbitrate, stated that the questions in issue were such that, if they had arisen in connection with Government work, they would have been disposed of by the Engineers in charge. He therefore recommended that the Account rules should be amended so as to confer similar discretionary powers on the Engineers of the Corporation. From the Chairman's report it appears that the work on main sewer No. I, which had been interrupted in 1900, was not resumed till October 1903.

10. The scheme for the drainage of the suburbs consists of the following three main items:—

(1) The sewering of the area on the west of Tolly's Nala, *i.e.*, Alipore and Kidderpur.

(2) The sewering of the area on the east of Tolly's Nala, *i.e.*, Bhowanipur and Ballygunge.

(3) The provision of a storm-water outfall channel and reservoir for the surface drainage on the east of Tolly's Nala.

Connected with the suburban drainage scheme and in progress under the same series of contracts are certain supplementary projects for the drainage of the town area proper, which also fall under three main heads,—

(1) The construction of a storm-water outfall reservoir and channel for the town area.

(2) The construction of a channel which will carry the combined sewage of the town and suburbs.

(3) The construction of a high level sewer from the Palmer's Bridge pumping-station to the combined sewage channel at Ballygunge.

The sewerage of the area west of Tolly's Nala has already been completed, but cannot be utilised until the syphon under Tolly's Nala and the Ballygunge pumping-station are finished. The Engineer has reported that great difficulties have been met by the contractors in constructing this syphon, and that it is anticipated that the work will not be completed for several months to come. The rest of the work is in various stages of completion. Out of 39,136 feet of main sewers, 8,156 feet were completed in the year and about 17,000 feet remain to be laid; while out of 129,683 feet of branches, 11,080 feet were laid in the past 12 months, and 86,500 feet remain yet to be completed. The Budge-Budge Road pumping-station is apparently not

sufficiently advanced to permit of the erection of the machinery which is ready at the site; and the Ballygunge pumping-station has only recently been commenced. The excavations for the outfall reservoirs are now in progress; and it is expected that all those works will be completed before the end of 1905.

11. From the account given in the two preceding paragraphs, it will be apparent that large portions of the scheme have been completed, but cannot be utilized until other portions on which work had been stopped can be carried out. The completion of these portions is therefore a matter of very great urgency because, meanwhile, the Corporation are getting no return for the sums they are paying as interest on the loans by which the completed works were carried out. The Lieutenant-Governor is, however, satisfied that these important works are being vigorously pushed forward, and that far from deserving censure, the Drainage Department, under the control of Mr. Ball Hill, is one of the most efficient in the Corporation.

12. In connection with the water-supply the most important point to notice is the evidence furnished by Appendix D of the success of the continuous supply system. In the area under constant supply the average daily consumption was reduced from 31·8 gallons a head in April 1903 to 22·5 gallons in February 1904. It is true that throughout the town, the added area and the suburbs, the average daily consumption during the year was 21·5 gallons a head; but the figure quoted for February 1904 includes the consumption in the area to which the continuous system had been only recently extended, and in which therefore the waste and leakage were probably enormous. It would have been instructive if the Report had shown separately the consumption in the area in which the system had been in force throughout the whole year.

13. During the year the progress in the introduction of the continuous supply system was satisfactory, the population supplied under that system having increased from 107,892 to 210,898; but it is obvious that the system cannot be extended throughout Calcutta within the time originally contemplated in the Act. Two reasons are assigned for this, namely, (1) the insufficiency of the present water-supply to stand the strain of the immediate increase in consumption that would occur if the system were suddenly extended to a large area, and (2) the postponement of work in connection with the distribution scheme until the question has been decided whether distribution should be direct from pumping stations or from an overhead reservoir. As regards (1) the Corporation have recently sanctioned a scheme to increase the daily supply by 6,000,000 gallons to be effected by the erection of new pumps at Pulta. The other matter has been under the consideration of a Special Committee which has recently advised the Corporation to submit the whole question to expert advice in England. The Lieutenant-Governor awaits with interest the result of this reference, and he fully admits the necessity for obtaining the best expert advice even although this will occasion delay in the final completion of the project.

14. The unfiltered water-supply has for some time past given rise to anxiety. The large increase in the number of connected privies has materially reduced the pressure in certain localities; and the result has been that the supply of unfiltered water in certain parts of the town has proved at times insufficient to fill up the privy cisterns. It has been ascertained that the defect is due to two remediable causes, the smallness of some of the distributing mains and a breakdown of the pumps at Mallik's Ghât. A proposal is under consideration for linking up the mains supplied by the Mallik's Ghât and Watgunge pumping stations, in order to minimise the inconvenience resulting from a breakdown at either station. A scheme has also been prepared for the substitution of larger mains for which it is hoped that provision may be made next year; and a special repair staff under a competent Engineer has been employed at Mallik's Ghât with the result that already a great improvement in the pressure has been effected. Owing to defects in the method of distribution, pressure is still low in certain streets and lanes, which has given rise to a temporary check in the policy of compelling the substitution of connected for service privies; but the Chairman at present issues no notices for this purpose till he is satisfied that the pressure in the particular locality is

sufficient. It is understood that when the causes of the check are removed the system will be rapidly extended.

15. The Lieutenant-Governor observes with pleasure that the Collector's Department has not only maintained but improved upon the high standard of efficiency shown in the previous year. The current collections on net demands amounted to as much as 99·22 per cent. against 99·08 and 98·33 in the two preceding years. It is noticeable that resort to coercive measures was almost as infrequent as it was last year, being adopted in only 35 as against 32 cases. The Suit Department, which is now a branch of the Collector's office, have duties to perform, which are necessarily slow to secure results and which cannot be gauged by any numerical standard. The department succeeded, however, in reducing the balance outstanding against it at the beginning of the year from Rs. 2,45,949 to Rs. 2,12,292, of which Rs. 1,86,841 were old arrears. The License Department, whose re-organisation was only carried out towards the middle of the year under review, showed satisfactory results in a marked increase of collections, though the decrease in the amount of taxes realised on animals and vehicles in a city constantly growing in population and wealth points to the necessity for a stricter administration of the law in this direction.

16. The Assessment Department also shows satisfactory results. The assessing staff succeeded in completing the revaluation of four wards of the town, and at the same time in working off the greater portion of its arrears. The net increase effected in the total valuation of the town amounted to Rs. 7,67,761, a rate of increase which is in advance by about 2 lakhs of the average progressive rate of the last decade. In the Secretary's Department the work has of late years considerably increased, but the Chairman, as well as the Municipal Commissioners, testifies willingly to the prompt and punctual manner in which the business of this office is despatched. Against the Building Department some complaints are recorded, particularly in the matter of delays in the grant of sanction to build. The number of such sanctions, however, increased from 3,604 in 1902-1903 to 4,117 in 1903-1904; and a scheme is now under consideration for the reorganisation of this Department and for improving the pay and status of its staff.

17. The General Committee, in their review of the Chairman's report, noted that much good work had been done in ridding Calcutta of many very objectionable and insanitary *bustis;* and the Lieutenant-Governor is glad to learn that the work is being carefully and methodically controlled. One result has been the replacement of *bustis* by masonry buildings, because the schemes for the former will not always pay if carried out. No part of the operations of the Bustee and City Improvement Department has been more wisely conceived or more carefully executed than the alignment of new *bustis* in the hitherto unoccupied areas in the outskirts of the city. A large area has been carefully surveyed and plotted out with roads which will secure convenient access and healthy circulation of air to the *bustis* which are springing up in these tracts. A new Calcutta has in fact been laid out in advance.

18. The Special Committee of the Corporation reviewed the Chairman's Report in a very thorough manner, and rendered good service in drawing attention to defects which demand careful attention. But they were, as a body, frankly hostile to the whole system of administration introduced by the present Calcutta Municipal Act. A very cordial appreciation of good work was not perhaps therefore to be expected in their review. In many cases their criticisms are sound; but in others they have failed to recognise the existence of good work. In some instances also they appear to the Lieutenant-Governor to have missed the mark. The doubts, for example, which they expressed as to the borrowing powers of the Corporation have been set at rest by the opinion of the Advocate-General and need not be discussed. Again in regard to surplus acquired lands the suggestion is made that an immediate sale or lease should always be effected; but the question whether it is expedient to throw all the land on the market at once is one that must be decided in each case, and no hard-and-fast rule can be laid down. Again in dealing with the Health Department, the Committee remark that no precise figures are to be found to support the assertion that there has been an appreciable diminution of

malarial fever in Calcutta during the last few years. It will be found, however, from the Government Resolution on the report of the Sanitary Commissioner for the year 1903 that the quinquennial death-rate per mille from fever in Calcutta has fallen from 13·96 in the five years ending with 1897 to 8·93 in the five years ending with 1902; and the Sanitary Commissioner's reports show further that the figures for the last four years were 11·21, 7·44, 6·59 and 5·74. The improvement is far too great to be attributed solely to better diagnosis. Again a reference to section 457 of the Act will show that it is a mistake to suppose that the law gives no power to deal with private stables and cowsheds. It has been ascertained that action is taken under that section. Lastly, with reference to the complaint made in connection with the Sir Stuart Hogg Market—that expenditure should be more generally distributed—it may be pointed out that, if the expenditure in different quarters is to be compared, a distinction should be drawn between remunerative and unremunerative expenditure. In this connection it may be noted that the improvement works costing over Rs. 1,000, which were under construction at the close of the year in district No. 1 in the north of the town, aggregated Rs. 2,66,213 in value; whereas the total value of the similar works in the other three districts amounted to only Rs. 2,23,405.

19. It only remains for the Lieutenant-Governor to express his grateful acknowledgment of the assiduity and zeal with which the onerous work of the Municipal Government of Calcutta has been performed. Mr. R. T. Greer, C.S.I., was Chairman practically throughout the year, with the exception of six weeks when he went on privilege leave, and Mr. A. E. Silk acted for him. He proceeded on furlough a few days before the close of the year, and Mr. C. G. H. Allen was appointed in his place. To the latter, no less than to Mr. Greer, all praise is due for the manner in which he has filled this difficult position. Mr. H. P. Duval ably carried on the duties of Deputy Chairman, and Babu Nilambar Mukherji those of Vice-Chairman. His Honour's thanks are due to all these officers, and also to the members of the General Committee and to the Municipal Commissioners generally, whose labours in the past year were more than usually arduous, and were accomplished with an ungrudging devotion to the public service that is worthy of the highest commendation.

By order of the Lieutenant-Governor of Bengal,

L. P. SHIRRES,

Secretary to the Govt. of Bengal.

REPORT ON THE STATE OF THE SALT MARKET FOR THE SECOND QUARTER OF 1904-1905.

No. 10139B., dated Calcutta, the 15th November 1904.

From—H. F. SAMMAN, Esq., Offg. Secretary to the Board of Revenue, L. P.,
To—The Secretary to the Government of Bengal, Financial Department.

I AM directed to submit the following report on the state of the salt market for the second quarter of the year 1904-1905, comprising the months of July, August and September 1904.

Member in charge:
THE HON'BLE MR. K. G. GUPTA, I.C.S.

2. The quantity of salt of every description cleared during the quarter amounted to 28,08,505 maunds, as compared with 32,52,118 maunds in the previous quarter, and 26,58,661* maunds in the corresponding quarter of the previous year. The net amount of duty levied thereon was Rs. 52,37,470, as against Rs. 61,37,272 in the previous quarter, and Rs. 50,86,021* in the corresponding quarter of the previous year.

* Revised figures.

3. The subjoined Table (I) shows in detail the importations into the port of Calcutta and the total clearances of sea-imported salt during the quarter, as compared with the figures of the corresponding quarters of the two previous years:—

* Revised figures.

Compared with the corresponding quarter of the previous year there was an increase both in the importations and clearances; in comparison with the same quarter of 1902-1903, there was an increase in the quantity imported, but a decrease in the quantity cleared.

4. Table II shows the quantity of sea-imported salt remaining in the warehouses at the close of the quarter as compared with the previous four quarters:—

Stocks at the close of the quarter were greater than in any of the previous four quarters owing to the heavy importations during the quarter.

5. The despatches of salt from Calcutta by boat and by the several railways passing through the different pass-stations into the interior of the country, both east and west of the river Hooghly, as well as the despatches by steamers and flats during the quarter and the corresponding quarters of the last two years, are shown in Table (III) below :—

6. The quantity of salt despatched during the quarter by the East Indian Railway to stations beyond Buxar amounted to 810 maunds, as against the same quantity in the previous quarter and in the corresponding quarter of the previous year.

7. The quantity of saltpetre salt excised in the refineries of the Lower Provinces during the quarter amounted to 2,695 maunds, as compared with 6,235 maunds in the previous quarter and 5,935 maunds in the corresponding quarter of the previous year.

8. The shipments of Liverpool salt during the quarter for the port of Calcutta, according to the published market reports, amounted to 46,658 tons. It is reported that the vessels noted in the margin are afloat for Calcutta with cargoes of salt from Hamburg. The quantity given against each ship is approximate only.

During the quarter the prices of Liverpool *panga* and Hamburg *karkatch* fell, while those of Bombay *karkatch* and Rawayah crushed showed an upward tendency. The prices of Aden and Salif crushed fell and rose again during the quarter. The average price per 100 maunds of Madras salt was Rs. 52-13-4.

10. The following Table (V) shows the quantity of sea-imported salt admitted into bond and cleared from bond and shipboard at the several outports and inland warehousing stations:—

THE ADMINISTRATION REPORT OF THE COMMISSIONERS OF THE PORT OF CALCUTTA FOR THE YEAR 1903-1904.

No. 1831Marine.

Government of Bengal.

MARINE DEPARTMENT.

Dated Calcutta, the 21st November 1904.

RESOLUTION.

READ—

The Administration Report of the Commissioners of the Port of Calcutta for the year 1903-1904.

Revenue receipts and expenditure.

The income for 1903-1904 amounted to Rs. 79,65,376, against Rs. 77,34,261 for 1902-1903. The expenditure amounted to Rs. 76,75,562. The balance of receipts over expenditure in the year was Rs. 2,89,814. Adding this amount to the accumulated balances of previous years, the total surplus revenue on the 31st March 1904 was Rs. 22,31,136. Of this amount, a sum of Rs. 16,74,971 has already been set aside for the formation of a Revenue Reserve Fund, and a further contribution of Rs. 1,42,856 will now be made, raising the total at credit of the fund to Rs. 18,17,827.

Capital expenditure.

2. A sum of Rs. 29,71,393 was expended during the year on various new works; the expenditure was partly met from the proceeds (Rs. 34,10,500) of a 4 per cent. debenture loan of 34 lakhs, which was raised on the 15th June 1903, and partly from temporary advances from Revenue Funds. The Capital Debt of the Trust on the 31st March 1904 was Rs. 5,00,67,482.

3. Against this debt, the Commissioners hold properties, including works in progress, stocks of stores, cash, and securities in hand, of the value of Rs. 6,56,11,742; this does not include the Strand Bank lands, the capitalized value of which would amount to a considerable sum. The position of the Commissioners with respect to their debt may therefore be considered satisfactory. At the same time, the large sum of Rs. 42,33,243 has been accumulated by annual contributions from Revenue towards a Sinking Fund for repayment of the debenture loans, and may therefore be treated as an additional asset.

Depreciation and Insurance Funds.

4. In addition to the Revenue Reserve and Sinking Funds, the Commissioners have a Depreciation Fund for vessels and plant, and a Fire Insurance Fund. The additions made to these funds during the year amounted to Rs. 2,32,803 and Rs. 13,411, respectively; but, a sum of Rs. 1,68,430 had to be withdrawn from the Depreciation Fund to meet expenditure chargeable to that fund. At the close of the year, the balance at credit of these funds stood at Rs. 13,99,297.

Jetties.

5. The receipts from the jetties amounted to Rs. 11,05,729, showing a decrease of Rs. 90,718 compared with the receipts of 1902-1903. The decrease is due mainly to a reduction in the wharfage and night-work charges.

The expenditure amounted to Rs. 5,52,902, being an increase of Rs. 7,613.

Tea warehouse.

6. The total receipts from the tea warehouse amounted to Rs. 1,11,390, against Rs. 1,08,342 in 1902-1903. The expenditure amounted to Rs. 67,929, against Rs. 73,938 in the previous year. The decrease was due principally to the substitution of departmental for contract labour at the commencement of the year.

Petroleum wharf.

7. The income from the petroleum wharf amounted to Rs. 2,87,261, against Rs. 3,57,773 in 1902-1903. The decrease is accounted for by the marked decline in the imports of case oil.

The total expenditure amounted to Rs. 75,552, against Rs. 1,12,950 in 1902-1903. The decrease was principally under establishment and labour charges in handling case oil, which fell from Rs. 24,887 and Rs. 69,885 to Rs. 14,738 and Rs. 45,674, respectively. The decrease in the net income is wholly accounted for by the reduction in rates on bulk oil.

Vessels berthed at the jetties.

8. Two hundred and sixty-six vessels, with an aggregate tonnage of 856,006 tons, were berthed at the jetties during the year, against 230 vessels, with a tonnage of 734,659 tons in the year 1902-1903. The average tonnage of vessels has increased from 3,147 to 3,205 tons. The average number of days that each vessel occupied the jetties was 6·8 days.

Rentable lands and buildings.

9. The receipts from rental of lands, buildings, etc., increased from Rs. 5,90,382 in 1902-1903 to Rs. 6,59,243 in 1903-1904. The receipts from the Strand Bank lands increased from Rs. 1,13,969 to Rs. 1,43,756. This was due to an enhancement of the rates of rent.

Port and Port Approaches.

10. The receipts of the Port and Port Approaches Department, which are derived principally from charges on vessels, amounted to Rs. 11,02,017, exclusive of an appropriation of Rs. 41,879 from the Depreciation Fund, as against Rs. 10,99,704 in 1902-1903. The expenditure amounted to Rs. 11,55,968, as compared with Rs. 10,64,008 in the previous year. The increase of Rs. 91,960 represents the cost of special renewals and repairs to moorings and a light vessel, and includes the contribution of Rs. 41,879 from the Depreciation Fund as stated above.

11. During the year there was an expenditure of Rs. 8,158 in removing the wreck of the *Deepdale*, making, with Rs. 2,365 spent during the previous year, a sum of Rs. 10,523 for the removal of this wreck. The wreck of the *Calcutta* was also removed during this year at a total cost of Rs. 25,889.

Survey of the river

12. The following statement illustrates the progress made in respect of the operations of the River Survey Department: —

	1885.	1900-1901.	1901-1902.	1902-1903.	1903-1904.
Miles sounded	1,295	5,864	7,231	7,164	7,699
Small river charts and notices published	20	606	718	823	1,093
Number of buoys ...	7	30	36	44	44
River marks	57	115	115	138	138

Of the small river charts published, 106,180 copies were distributed to pilots, harbour masters and the shipping, against 98,760 copies in 1902-1903. The Lieutenant-Governor notes with satisfaction the steady extension of the operations of the Survey Department. The above table indicates a noteworthy feature of the duties of the Commissioners as Conservators of the river.

Railway.

13. The receipts of the Port Trust Railway amounted to Rs. 8,21,296, as compared with Rs. 7,96,541 in 1902-1903, and the expenditure to Rs. 6,12,160, as against Rs. 5,64,446 in the preceding year.

Docks.

14. The total receipts of the Wet Docks, which include the rents from lands and buildings, also receipts from the Port Trust Railway within the dock premises, amounted to Rs. 25,44,379 against Rs. 21,77,455 in 1902-1903. The increase in the receipts from the Wet Dock charges proper was more than 14 per cent., and was almost wholly due to increased exports of coal, and wheat and seeds. The export of coal amounted to 1,660,557 tons, which was in excess of the shipments of the previous year by 270,280 tons.

During the year 671 vessels were berthed at the docks, as compared with 595 vessels in the previous year. There was a substantial increase in the total tonnage handled as compared with 1902-1903; and, although there was a comparatively large falling off in the amount of import traffic, this was compensated for by a much larger increase in exports.

The expenditure of the docks, including that of the dock section of the railway, was Rs. 23,96,282, against Rs. 21,98,816 in 1902-1903.

The Dry Dock continues, as in past years, to give a good return on the capital cost. The income derived from it last year was Rs. 2,16,188, against Rs. 2,40,543 in 1902-1903. This decrease was due to a falling off in the demand for accommodation. The expenditure likewise fell from Rs. 64,890 to Rs. 58,886.

Taking the Wet and Dry Docks together with the dock section of the railway, as they are necessarily comprised in one scheme, the financial results of the year, after reduction of working expenses, show a balance of Rs. 3,05,349 compared with Rs. 1,54,292 in 1902-1903.

The total capital expenditure at the docks amounts to Rs. 365¾ lakhs; and, although the net income is not nearly sufficient to pay for interest and Sinking Fund charges, the Lieutenant-Governor is pleased to observe this marked improvement in the working results. With a fuller use of the facilities provided, it is hoped that the net revenue will in the future approximate more closely to the amount required to meet the interest and Sinking Fund charges on the large capital outlay.

Luff Point scheme.

15. In November 1903, a Commission was appointed under the orders of the Government of India to report on a proposal made by the Bengal-Nagpur Railway Company for the establishment of a depôt for the export of coal at Luff Point. In the report which has been published the conclusions arrived at by the Commission are—that additional facilities are not required, as the Port Commissioners can provide ample accommodation for the trade of the port, including the exports of coal, at the docks at Kidderpore; and that, if at any time an auxiliary port on the Hooghly becomes necessary, it should be under the control of the Port Commissioners, as the formation of a depôt under any other agency would be contrary to the interests of the general trade of the Port.

New works.

16. A sum of Rs. 29,71,393 was expended on new works during the year. The second Dry Dock, which was referred to in last year's Resolution, is nearing completion, and will, it is anticipated, be ready for use by the close of the current financial year. The warehouse accommodation at the docks is being considerably increased. The existing transit sheds have already been extended by 75,000 square feet, and three grain sheds at Kantapukur, extending over an area of 90,000 square feet, have been constructed.

River dues.

17. A sum of Rs. 10,63,579 was realized from the levy of river dues, against Rs. 9,66,248 during 1902-1903.

18. Mr. F. G. Dumayne held the office of Vice-Chairman throughout the year and discharged his duties with noteworthy ability.

19. The thanks of the Lieutenant-Governor are due to Mr. Dumayne and to the Commissioners for the able management of the affairs of the Trust during the year under review.

By order of the Lieutenant-Governor of Bengal,

D. B. HORN,

Secretary to the Govt. of Bengal.

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-guage is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

☼, dew.

NOTIFICATION No. 3320Med.

The 28th November 1904.

CHARITABLE ENDOWMENTS ACT, 1890.

In the matter of the Raja of Narajole's Zenana Hospital at Midnapore.

WHEREAS application has been made to the Government of Bengal by the Magistrate of Midnapore that the Government securities, of which the particulars are contained in the first schedule hereunder written, may be vested in the Treasurer of Charitable Endowments for the territories subject to the Government of Bengal upon the trusts for the purposes and subject to the conditions specified in the second schedule hereunder written: Notice is hereby given that an order is proposed to be made by the Government of Bengal after the expiration of one calendar month to be computed from the first publication of this notice, vesting the said Government securities in the said Treasurer upon the terms aforesaid. Any objections to the proposed order or suggestions thereon may be transmitted in writing to the Secretary to the Government of Bengal, Municipal Department, before the 1st January 1905.

The first schedule above referred to.

Government promissory notes of the 3½ per cent. loan of 1865 now converted into 3½ per cent. stock certificates of an aggregate value of Rs. 35,000.

The second schedule above referred to.

1. That the Treasurer of Charitable Endowments for the territories subject to the Government of Bengal shall stand possessed of the Government securities of which the particulars are contained in the first schedule above written upon trust to receive the interest thereon when and as the same respectively shall become payable and from time to time to apply the same in accordance with the conditions hereinafter contained to the maintenance of the hospital called or known as the Raja of Narajole's Zenana Hospital established at Midnapore in the year 1899 on the premises described in the third schedule hereunder written.

2. That the administration of the interest of the said Government securities shall be entrusted to the Managing Committee for the time being of the Pearce Hospital, Midnapore, as Trustees.

3. That the Raja of Narajole or a representative duly nominated by him shall always be a member of the said Managing Committee of the Pearce Hospital.

4. The said Zenana Hospital shall be considered as amalgamated with the said Pearce Hospital, provided that the said Trustees shall apply the annual interest of the said Government securities exclusively in or towards the upkeep, maintenance and improvement of the said Zenana Hospital. The expenses of management shall include the cost of providing a lady Doctor for attending on the patients and a proper and effectual staff for their nursing.

5. Any surplus which may remain of the annual interest of the said Government securities after application of the same in manner provided in clause 4 hereof shall be deposited by the said Trustees in the Post Office Savings Bank and may be applied by

them for such purposes in connection with the said Zenana Hospital as they shall think fit or may be invested from time to time in—

(*a*) promissory notes, debentures, stock and other securities of the Government of India or of the United Kingdom of Great Britain and Ireland;

(*b*) bonds, debentures and annuities charged by the Imperial Parliament on the revenues of India;

(*c*) stock or debentures of or shares in Railway or other Companies, the interest whereon has been guaranteed by the Secretary of State for India in Council;

(*d*) debentures or other securities for money issued by or on behalf of any local authority in exercise of powers conferred by an Act of a Legislature established in British India;

(*e*) any security authorised by an order made by the Governor-General in Council under section 4, sub-section 3, clause (*c*) of Act VI of 1890.

In the event of any investment being so made, the same shall be transferred so as to vest in the Treasurer of Charitable Endowments upon the trusts declared in the above notification.

6. The Treasurer of Charitable Endowments may, with the sanction of the Lieutenant-Governor of Bengal, from time to time vary all or any of the investments for the time being vested in him upon the trusts declared by the above notification into or for others of a nature hereby authorised.

7. Subject to this notification, the rules of the Government of Bengal for the time being in force relating to the management of charitable hospitals shall apply to the conduct and management of the said Zenana Hospital.

The third schedule above referred to.

All those the buildings standing and being on all that piece or parcel of land containing an area of about nine kathas situate within the compound of the Pearce Hospital in the town of Midnapore, in the district of Midnapore, and bounded on the north by the Pearce Hospital grounds and an enclosure wall attached to the Pearce Hospital; on the east by a covered way leading from the Zenana Hospital to the Pearce Hospital and to the grounds of the Pearce Hospital; on the south by the grounds of the Pearce Hospital, and on the west by the grounds of the Pearce Hospital.

MARINE DEPARTMENT.

The 28th November 1904.

No. 128Marine.—In exercise of the powers conferred upon him by section 36 of the Indian Steam-ships Act, 1884, and in supersession of the rules sanctioned under Notification No. 122Marine, dated the 4th September 1902, the Lieutenant-Governor proposes, with the previous sanction of the Governor-General in Council, to make the following rules to regulate the granting of certificates of competency to Engineers of seagoing steam-ships. The rules will be taken into consideration after the expiry of a month from the date of their publication in the Gazette, and the Lieutenant-Governor will be pleased to consider any suggestions or observations which may be made by any person concerning them within that period.

D. B. HORN,
Secy. to the Govt. of Bengal.

General Rules.

Certificates of competency granted to persons who pass requisite examinations.

1. Certificates of competency will be granted to those persons who pass the requisite examinations and otherwise comply with the requisite conditions. For this purpose Examiners have been appointed and arrangements have been made for holding the examinations periodically at the Port of Calcutta. The examinations will be held whenever necessary or at such other times as the Government may appoint

Application how to be made.

2. The application for examination is to be made on Form Exn. 3, which must be filled up at the Port Office. The Form Exn. 3, properly filled in, together with the candidate's Indentures of Apprenticeship, testimonials, and discharges, must be lodged with the Port Officer not later than the day before the day of examination. As such testimonials may have to be verified before the candidate can be examined, it is desirable that they should be handed in together with the Form, Exn. 3, as early as possible.

The Port Officer should be particularly careful to ascertain that there are no gaps in the candidate's service which are not properly accounted for before he is allowed up for examination.

How to apply in special cases.

3. In cases where the services of a candidate require verification, or where he is in doubt whether his service complies with the regulations and wishes to submit his case for special consideration, all certificates, discharges and testimonials, together with the form of application* properly filled in, should be submitted to the Port Officer, who will either deal with the case or transmit it to the Government for decision.

Inquiries.

4. All other enquiry regarding examinations should be made and dealt with in the same way. The point on which information is sought should be clearly stated and certificates, discharges, testimonials, etc., should be forwarded when they are material to the enquiry.

Fraud and misrepresentation.

5. It is provided by section 104 of the Merchant Shipping Act, 1894, that any person who makes, assists in making, or procures to be made, any false representation for the purpose of procuring either for himself or for any other person a certificate of competency, shall, in respect of each offence, be guilty of a misdemeanor, which is punishable on summary conviction with imprisonment for a term not exceeding six months, with or without hard labour, or with a fine not exceeding one hundred pounds.

Testimonials; shore service.

6. All candidates will be required to produce, in addition to the official discharge certificates, testimonials as to their workshop service and as to their service at sea. The testimonials as to workshop service must be signed by the employer and must testify to the candidate's conduct and ability, and state what kind of work he was engaged on (*e.g.*, fitting, erecting, etc.), and for how long.

Testimonials; sea service.

7. Testimonials as to service at sea must testify to the applicant's sobriety, experience, ability, and general good

* Form Exn. 3 which can be obtained at the Port Office.

conduct for at least the last twelve months' service at sea preceding the date of application to be examined. They must be signed by the Master and Chief Engineer (or, in the case of testimonials to Chief Engineers, by the Master and Superintending Engineer), and must clearly state whether the applicant was on regular watch, and in regular charge of a watch on the main engines or boilers. It is desirable that testimonials of candidates should be endorsed by the Superintending Engineer. No time spent in clerical work will be allowed to count.

Further as to testimonials.

8. In cases where a testimonial from the Chief Engineer, or from the Master, is for any sufficient reason not obtainable, one may be submitted from the Superintending Engineer in place of that of the Chief Engineer, and one from the Managing Owner or Secretary or Chairman of a large Company in place of that of the Master, but in every such instance the testimonial must declare that the facts stated are in accordance with the reports made by the Chief Engineer or the Master, as the case may be, or else that the facts are within the writer's personal knowledge.

Physical defects.

9. When a candidate is observed to be hard of hearing, or is labouring under any other obvious physical defect, the signatories of his testimonials are required to mention that defect specifically, and to state whether it in any way interfered with the efficiency of the candidate as an engineer on watch. When these modified testimonials are such as to completely satisfy the examiner that the defect is not such as to interfere with the efficient discharge of the applicant's duties as engineer, the examination is proceeded with; otherwise the case is referred to the Government. Candidates afflicted with nervous impediment in speech may write their answers to *viva-voce* questions.

Testimonials of Foreigners.

10. The testimonials of service of Foreign Engineers and of British Engineers serving in foreign vessels which cannot be verified by the Port Officer must be confirmed either by the Consul of the country to which the ship in which the candidate served belonged, or by some other recognized official authority of that country; or by the testimony of some credible person on the spot having personal knowledge of the facts required to be established. The production, however, of such proofs will not of necessity be deemed sufficient. Each case must be decided on its own merits; and if the sufficiency of the proofs given appears to be at all doubtful, the point must be referred to the Government.

Certificate as to age.

11. Should any doubt exist as to the age of a candidate he will be required to produce a Certificate of Birth or Baptism.

Foreigners to know English.

12. Foreigners must prove to the satisfaction of the Examiners that they can speak and write the English language sufficiently well to perform the duties required of them on board a British vessel.

Verification of service, &c., by articles.

13. Service which cannot be verified by proper entries in the Articles of the Ships in which the candidates have served cannot be counted.

Issue of certificate.

14. If the candidate passes he will receive a form (Form Exn. 16) authorizing the Port Officer to whom it is addressed to issue the Certificate. The candidate's testimonials and other papers will be returned to him when the examination is finished. It is therefore important that the port at which the Certificate is to be issued should be the same on both the Form Exn. 16 and the form of application Exn. 3. If circumstances should make any alteration necessary, the Examiner should see that it is made in both forms; otherwise delay in the issue of the Certificate may be caused.

Service found to be insufficient.

15. If after a candidate has passed the examination it is discovered on further investigation that his services are insufficient to entitle him to receive a Certificate of the grade for which he has passed, the Certificate will not be granted to him; but if the Port Officer is satisfied that the error in the calculation of the candidate's services did not

occur through any fault or wilful misrepresentation on his part, he may either have the fee returned to him or have it placed to his credit. Should his services entitle him to a Certificate of a lower grade, it may be granted to him, and the difference, if any, between the fee paid by him for the superior Certificate and the fee payable for the inferior Certificate will be returned to him or placed to his credit.

The Superior Certificate will not be granted until the candidate has performed the amount of service in which he was deficient, and has been re-examined in all the subjects unless the Government see fit to dispense with the re-examination.

Failure in examination.

16. If the candidate fails in practical knowledge he may not present himself for re-examination until he can produce proofs of three months' further service at sea, as Engineer on watch on the main engines or boilers, from the date of failure. If he fails in arithmetic, elementary questions, or drawing only, he may come up again at any time.

Fee must be paid first.

17. Candidates for examination, in making their application on the Form Exn. 3, will be required to pay the Examination fee before any step is taken towards inquiring into their services or testing their qualifications, &c. If the candidate is found not to be qualified, the fee will either be returned to him or placed to his credit until he is qualified.

Payment of fees.

18. The fee for examination must be paid to the Port Officer. In any case in which a candidate offers a gratuity to any other officer and in any place but in the Port Office, the candidate so offering a gratuity will be regarded as having committed an act of misconduct, and will be rejected, and not allowed to be examined for twelve months either at the Port where the offence was committed or at any other port.

Fees not returned on failure.

19. If a candidate fails in his examination, *no part of the fee he has paid will be returned to him.*

20. The fees are as follows :—

Table of fees.

	Rs.
Second Class Engineer's Certificate ...	15
First Class Engineer's Certificate ...	30
First Class Engineer's Certificate if candidate is already in possession of a Second Class Certificate of Competency granted by the Board of Trade, or by the Government of a British possession under section 8 of the Merchant Shipping (Colonial) Act, 1869	15

Qualifications required for the various grades.

Second Class.

21. SECOND CLASS ENGINEER.—A candidate for a Second Class Engineer's Certificate must be not less than 21 years of age;

(*a*) He must have served as an apprentice Engineer for four years in England or five years in India at least, and prove that during the period of his apprenticeship he has been employed on the making or repairing of steam engines, boilers, &c. Three years in England or four years in India of the apprentice time must have been passed in the fitting or erecting shops, or in both. In calculating the four years in England or five years in India of artisan service which are to constitute the required apprenticeship, which should not begin at an earlier age than 15, time spent at a technical school (recognized by the Port Officer as suitable) where there is an engineering laboratory, may be taken into account and accepted as equivalent to artisan service at the ratio of three years in the technical school to two in artisan service, provided that the applicant was over 15 years of age, and can

produce the Principal's Certificate for regular attendance and satisfactory progress, and provided also that in such case the other portion of the time was spent in the fitting or erecting shops of an engineer, as indicated above.

Journeyman's time will be considered as equivalent to apprenticeship.

Every applicant must produce testimonials of ability as an engineer workman to the satisfaction of the Government.

If the candidate has not served for four years in England or five years in India as an apprentice Engineer, or as Journeyman, he will be required to have served, *in lieu thereof*, four years at sea as Engineer on regular watch on the main engines or boilers of a foreign-going steamer of not less than 66 nominal horse-power, or six years in a home-trade steamer of not less than 66 nominal horse-power.

(*b*) In addition to the apprenticeship as above described, or the alternative sea service, the applicant must have served one year at sea as Engineer on regular watch on the main engines or boilers of a foreign-going steamer of not less than 66 nominal horse-power, or eighteen months in a home-trade steamer of not less than 66 nominal horse-power.

(*c*) He must be able to give a satisfactory description of boilers, and the methods of staying them, together with the use and management of the different valves, cocks, pipes, and connexions.

(*d*) He must understand how to correct defects from accident, decay, &c., and the means of repairing such defects.

(*e*) He must understand the use of the water gauge, pressure gauge, barometer, thermometer, and salinometer, and the principles on which they are constructed.

(*f*) He must state the causes, effects, and usual remedies for incrustation and corrosion.

(*g*) He must be able to explain the method of testing and altering the setting of the slide valves, and method of testing the fairness of shafts and adjusting them.

(*h*) He must be able to calculate the suitable working pressure for a steam boiler of given dimensions, and the stress, per square inch, on crank and tunnel shafts when the necessary data are furnished.

(*i*) He must understand the construction of steering engines, evaporators, feed filters, and feed heaters.

(*j*) He must understand the construction of centrifugal bucket, and plunger pumps, and the principle on which they act.

In the case of England, "foreign-going steamer" includes every steamer employed in trading or going between some place or places situate beyond the following limits, that is to say, the coasts of the United Kingdom, the Channel Islands and Isle of Man, and the Continent of Europe between the River Elbe and Brest, inclusive. "Home-trade steamer" includes every steamer employed in trading or going within the following limits, that is to say, the United Kingdom, the Channel Islands and Isle of Man, and the Continent of Europ between the River Elbe and Brest inclusive.

In the case of India, foreign-going steamer includes every steamer employed in trading between any port of the territories which are or may become vested in His Majesty by the Statutes 21 and 22 Viet., Cap. 106, entitled "An Act for the better government of India," and any port or place not in the said territories, nor on the Continent of India, nor in the Straits Settlements, nor in the Island of Ceylon. "Home-trade steamer" includes every steamer employed in trading between any ports of the said territories or between any port of the said territories and any port or place on the Continent of India or in the Straits Settlements or in the Island of Ceylon.

(*k*) He must be able to state how a temporary or permanent repair could be effected in case of derangement of a part of the machinery, or total breakdown.

(*l*) He must write a legible hand, and have a good knowledge of arithmetic up to and including vulgar and decimal fractions and square and cube root. He must also understand the application of these rules to questions about safety valves, coal consumption, consumption of stores, capacities of tanks, bunkers, &c.

(*m*) He must be able to pass a creditable examination as to the various constructions of paddle and screw engines in general use, as to the details of the different working parts, external and internal, and the use of each part.

(*n*) He must possess a creditable knowledge of the prominent facts relating to combustion, heat and steam.

22. FIRST CLASS ENGINEER.—A candidate for a First Class Engineer's Certificate must be not less than 22 years of age. First Class.

In addition to the qualification required for a Second Class Engineer,

(*a*) He must—

(1) have served at sea for 12 months, with a Second Class Certificate of Competency or service as Senior Engineer in charge of a watch on the main engines or boilers of a foreign-going steam-ship of not less than 99 nominal horse power ; or

(2) have served at sea for 18 months, with a Second Class Certificate of Competency, or service as First Engineer of a home-trade steamer of not less than 99 nominal horse-power ; or 2 years as Second Engineer of a home-trade steamer of not less than 99 nominal horse-power, with a Second Class Certificate of Competency, or service ; or

(3) have served 2½ years with a Second Class Certificate of Competency or service as third Engineer of a home-trade steamer of not less than 99 nominal horse-power, if during the whole of that period he has been the senior Engineer in charge of a watch on the main engines and boilers ; or

(4) possess or be entitled to a First Class Certificate of service.

(*b*) He will be required to make an intelligible hand sketch, or a working drawing of some one or more of the principal parts of a steam engine, and to mark in without a copy all the necessary dimensions in figures, so that the sketch or drawing could be worked from.*

(*c*) He must also be able to take off and calculate indicator diagrams.

(*d*) He must be able to calculate safety-valve pressures, and the strength of the boilers shell, stays, and riveting.

(*e*) He must be able to state the general proportions borne by the principal parts of the machinery to each other, and to calculate the direct stress, the torsional stress, and the bending stress in round bars, and the direct stress and the bending stress in rectangular bars with given loads.

(*f*) He must be able to explain the method of testing and altering the setting of the slide valves, and to sketch about what difference any alteration

* *See* Appendix C. (Not published.)

in the slide valve will make in the indicator diagram, and also the method of testing the fairness of shafts and of adjusting them

(*g*) He must be conversant with surface condensation, superheating, and the working of steam expansively.

(*h*) His knowledge of arithmetic must include the mensuration of superficies and solids and the extraction of the square and cube roots and the application of these rules to questions relating to the power, duty and economy of engines and boilers, and to the stresses in rods, shafts and levers of the engine.

(*i*) He must understand the construction of, and be able to maintain in working condition, the auxiliary machinery which is placed under his charge, viz, refrigerating machinery, electric light engines, and dynamos, electric motors fitted to ships' boats, hydraulic machinery, and the various descriptions of steering engines, etc.

Workshop service where engines are not made.

23. When the workshop service has been performed in a place where steam-engines are not made or repaired, and the class of work done is similar to that required in engine making, the service may be accepted with an additional year in the engine-room; that is, fours years in England or five years in India of workshop service and two years in the engine-room (of which one year must have been at sea) or one year at sea in the engine room and one year at engine fitting in a suitable marine engine workshop. The approval of the Port Officer must be obtained in every such case before the candidate is examined.

Workshop service other than fitting or erecting.

24. When the workshop service has been performed in a place where engines are made, and the department in which the applicant has been principally engaged is not "fitting" or "erecting," the case must be referred to the Government with a report upon the service performed. If the service be such as is useful training for an Engineer, the Port Officer may accept the service, but in every such case the applicant must prove additional engine-room or marine engine workshop service as required above.

Qualifying service described.

25. In the case of candidates for First Class Certificates, qualifying service means service on regular watch as senior Engineer in charge of the main engines or boilers. During the whole of the period claimed, candidates must have been in possession of Second Class Certificates.

In the case of candidates for Second Class Certificates, qualifying service means service as Engineer on regular watch on the main engines or boilers. In no case will time spent in clerical work be allowed to count.

Names on articles.

26. In all cases the candidates' names must have been duly entered on the ship's Articles as Engineers in their proper ratings.

Regular watch.

27. Being on regular watch means being on watch for at least eight hours a day.

Further as to qualifying service.

28. Only such service as gives the experience required to make a man thoroughly competent as a sea-going Engineer is accepted as qualifying service. Even for a Second Class Certificate the candidate must prove to the satisfaction of the Examiner that he is qualified by experience and knowledge to act as Chief Engineer in an under-powered steamer of 99 nominal horse-power on a voyage, say, India to Egypt, taking full responsibility for engines and boilers.

Sea service.

29. The sea service required by these Regulations is, unless otherwise stated, service performed in foreign-going ships.

Home-trade service.

30. Service in the Home or Coasting Trade is regarded as being equivalent to two-thirds of the same period of time served in the Foreign Trade, except in the case of Indian Coasting Voyages extending beyond a distance of 500 miles from the port of departure in steam-ships commanded by Masters holding Foreign-going Certificates,

when such service will count as foreign-voyages, and will be reckoned as full time; but the time spent in the port of departure or Home Port will not be allowed to count. In all cases the length of service is deemed to commence on the date of sailing from the port of departure or Home Port and to end on the date of arrival at the Home Port. Such service must be vouched for in the form laid down in Appendix G. (Not published.)

Lake or river service.

31. Service as watch-keeper on a lake or river steamer of not less than 66 nominal horse-power may be accepted under the following conditions:—

(1) the service will only count half as much as sea service, *i.e.*, every two months of lake or river service is only equivalent to one month's sea service;

(2) candidates for second class certificates must prove, in addition to the lake or river service, at least three months' qualifying service at sea in a steam-ship of not less than 66 nominal horse-power;

(3) candidates for first class certificates must prove, in addition to lake or river service in vessels of 99 nominal horse-power, at least six months' qualifying service at sea, with a Second Class Engineer's Certificate, in vessels of not less than 99 nominal horse-power.

Service in auxiliary screw steam-ships.

32. Service performed on board auxiliary screw whalers and other vessels with auxiliary steam-power of not less than 66 nominal horse-power in the capacity of Engineer may be allowed to count towards qualifying candidates for examination for Second Class Engineers' Certificates of Competency to the extent of one-half the time the vessel is actually at sea. If the candidate is able to prove a larger amount of time under steam, he will be allowed to count the whole of such extended time.

Service in pilot boats.

33. Service performed in pilot vessels will not qualify a candidate for examination.

Service in dredgers, trawlers or tug-boats.

34. Service in sea-going steam dredgers, trawlers, or tug-boats may be accepted under the following conditions:— Two months of such service is only equivalent to one month's qualifying service. Candidates for Second Class Certificates may perform all their sea service in sea-going steam dredgers, trawlers, or tug-boats, but they must have been on regular watch on the main engines or boilers, and the vessels must not be less than 66 nominal horse-power. Candidates for First Class Certificates must have served in vessels of at least 99 nominal horse-power, and have been in charge of a watch on the main engines or boilers. They must, in addition, have served in a qualifying capacity for at least six months in a foreign-going cargo or passenger steam-ship, or nine months in a home-trade cargo or passenger steam-ship.

Service in yachts.

35. Service performed in steam yachts, either within or beyond home-trade limits, may be accepted as equivalent to two-thirds of the time performed in foreign-going trading vessels, provided that the candidate's name is entered on the vessel's Articles and that he can prove, to the satisfaction of the Port Officer, that the time claimed was actually served at sea.

Candidates for Second Class Certificates may perform all their service in yachts, but the candidate must have been on regular watch on the main engines or boilers, and the vessel must be of not less than 66 nominal horse-power.

Candidates for First Class Certificates must have served on vessels of not less than 99 nominal horse-power, and must have been in regular charge of the main engines or boilers. In addition they must have served for at least three months in a qualifying capacity on board a foreign-going trading or passenger steam-ship. This additional service will, however, not be required in the case of a

candidate who has served for 18 months as first engineer, or for 2 years as second engineer, of a steam yacht of the requisite power.

First class Certificates without Second.

36. The Government may see fit to allow an applicant who, in consequence of service abroad, has been unable to obtain a Second Class Certificate, to be examined for a First Class Certificate, although he has not obtained a Certificate of the lower grade, provided he is able to satisfy them as to the satisfactory character of his services. If any candidate who has not got a Second Class Certificate of Competency fails to pass the examination for the first Class Certificate, but passes that for the lower grade, he may be given a Second Class Certificate of Competency, but no part of the fee will be returned. A candidate who has been permitted to be examined for a First Class Certificate without first obtaining a Second Class Certificate of Competency or service and who fails in his examination in practical knowledge, may not be re-examined for a Certificate of the higher grade until he has served 3 months as watch-keeper with a Second Class Engineer's Certificate of Competency or service as required by the regulations. If the candidate fails altogether, i.e., both in the examination for the lower as well as for the higher grade of Certificate, he may be re-examined for a Second Class Certificate only, subject to the usual regulations relating to failure.

Certificates of service.

37. An officer who has attained the rank of Engineer or Assistant Engineer in His Majesty's Navy or Indian Marine service is entitled without examination, if an Engineer, to a certificate of service as First Class Engineer, and if an Assistant Engineer, to a certificate of service as Second Class Engineer. These officers may be examined for a certificate of competency on the same conditions as Engineers of the Mercantile Marine.

An officer who has attained the rank of Artificer Engineer in His Majesty's Navy or Indian Marine service is also entitled without examination to a certificate of service as Second Class Engineer.

Examination of engine room Artificers.

38. Chief Engine Room Artificers and Engine Room Artificers in the Royal Navy may be examined for Certificates of Competency on the same conditions as Engineers of the Mercantile Marine.

Application of Naval Officers.

39. The Lords Commissioners of the Admiralty have directed that applications from officers of the Navy for Certificates of service or for permission to be examined for Certificates of Competency must, in the case of officers on the active list, be made through the Commanding Officer to the Secretary to the Admiralty, and in the case of officers on half pay direct to the Secretary to the Admiralty, who in either case will forward the applications to the Board of Trade.

Masters and Mates' Examination in steam.

40. Particulars of the examination of Masters and Mates in steam will be found in Appendix E. (Not published.)

Certificates.

41. The term Certificate in these Regulations means a Certificate issued by the Board of Trade or by a British Possession under the provisions of the Merchant Shipping Act.

Conduct of the Examinations.

Commencement and duration of Examinations.

42. The examinations will commence early in the forenoon, and will be continued from day to day until all the candidates whose names appear upon the Examiner's list on the day of examination are examined.

Candidates to be punctual.

43. Candidates are required to appear at the examination room punctually at the time appointed.

Tables cleared.

44. Before commencing the examination, the tables and desks must be cleared of all scraps of paper or books that are not used in the examination, and care should be taken that the candidates do not bring into the examination room any book or paper.

Strangers not admitted.

45. No persons will be allowed in the rooms during the examinations other than those whose duties require them to be present.

No instructors will be allowed on the premises.

Blotting paper.

46. A sheet of blotting paper will be issued to each candidate with the first examination paper, and it must be returned to the Examiner when the last paper is completed each day. The Examiner will be careful to see that the blotting paper has not been used by the candidate in solving his problems, or for conveying information to other candidates.

All work to be shown.

47. No candidate will be allowed to work out his problems on a slate or on waste paper or to write on the blotting paper supplied for his use in the examination. Violation of this rule will subject the candidate to all the penalties of a failure.

Additional sheets of paper will be supplied by the Examiner if required, but they must be attached to, and form part of, the examination papers.

Books and papers strictly forbidden.

48. All books necessary for the use of candidates under examination will be provided by the Government, and candidates are prohibited from bringing into the examination room books or papers of any kind whatever. The slightest infringement of this regulation will subject the offender to all the penalties of a failure, and he will not be allowed to present himself for re-examination for a period of three months.

Instruments are provided.

49. Candidates for First Class Certificates have to pass an examination in rough working drawing, which may, in the candidate's option, be either hand sketches clearly dimensioned and complete in the necessary views and sections, or drawings to a scale. Drawing boards and T squares will be provided by the Government, but the applicants will have to bring with them any drawing instruments they may require.

Candidates' places.

50. Candidates should be so placed as to prevent one copying from another, and no communication whatever between the candidates should be allowed.

Penalty for copying, &c.

51. In the event of any candidate being discovered referring to any book or paper, or copying from another, or affording any assistance or giving any information to another, or communicating in any way with another during the time of examination, or copying any part of the problems for the purpose of taking them out of the examination rooms, he will subject himself to all the penalties of a failure, and will not be allowed to be examined for a period of six months.

Leaving room or building.

52. No candidate may leave the examination room without permission and without giving up the paper on which he is engaged. Under no circumstances will the same paper be returned to him, but the Examiner may substitute other data, or another question.

Injury to books.

53. If a candidate defaces, blots, writes in or otherwise injures any book or form belonging to the Government, his papers will be retained until he has replaced the damaged book or document. He will not be allowed to remove the damaged book or document, and will be subjected to all the penalties of a failure.

Silence.

54. Perfect silence is to be preserved in the examination room.

Penalty for breach of rules.

55. Any candidate violating any of the regulations or being guilty of insolence to the Examiner, or of disorderly or improper conduct in or about the room, will render himself liable to the postponement of his examination, or, in the event of his having passed, to the detention of his Certificate for such period as the Government may direct.

Order of examinations.

56. The examination of candidates for Second Class Certificates consists of three parts: arithmetic, elementary questions, and *viva voce*; and that of candidates for First Class Certificates of four parts: arithmetic, drawing, elementary questions, and *viva voce* (*see* paragraphs 21 and 22).

Arithmetic.

57. When the number of marks obtained in arithmetic amounts to 28, that is, two-thirds of the maximum, the candidate passes in arithmetic.

If the marks obtained amount to 21, but not to 28, and if the applicant has had long sea experience, his testimonials should be taken into account, and his examination continued, if deemed advisable by the Examiner, and he may be passed or failed, having due regard to his practical knowledge, and to whether he is being examined for second class or first class.

Elementary questions.

58. All engineer applicants presenting themselves for examination will be required to give written answers to ten questions selected from Elementary Questions shown in Appendix B (not published). These questions are intended to furnish a record to some extent of the candidate's knowledge at the time of his examination, and also to induce the candidates to pay more attention to their handwriting and spelling.

Examiners will require all candidates to fill up a form, Exn. 15b,* and they will forward it to the Port Officer, together with the report of the examination.

The questions for both classes of engineers will be taken from the same series of Elementary Questions; and candidates for first class certificates are expected to show their superiority by giving answers more complete than those of the other candidates.

Viva voce.

59. Having regard to the fact that when the verbal examination is held, the candidate has already passed in arithmetic, and, if a first class candidate, in drawing, and has also written answers to the elementary questions, the Examiners will deal with practical, rather than theoretical questions in this division of the examination; and no candidate should be failed without having been well cross-questioned on the points for which failure takes place.

Moreover in cases where the Examiner approves of the elementary paper but fails the candidate for lack of practical knowledge or for elementary, a written account of the points failed in must be forwarded to the Port Officer with the elementary papers and the report Exn. 15.

The elementary questions to be answered on Form Exn. 15b* are good starting points in *viva voce* examinations. With the candidates' written answers before the Examiner, the same question can be put in a way requiring an answer in another form. Each question may be developed into several according to the circumstances of the case, *e.g.*—

1. What is made of? Of what parts does it consist?
2. What is its use?
3. What attention does it require at sea?
4. What attention does it require in port?
5. When it becomes defective, what is it that principally goes wrong with it?
6. How is it repaired?
7. What alteration may prevent a recurrence of the defect?

It is considered of great importance that engineers presenting themselves for examination should have an extensive knowledge of the particulars of actual casualties which have occurred at sea and be able to state how these might have been prevented, and how remedied. Sometimes an engineer presents himself who has had no personal experience of any defects, and who can tell nothing about casualties to machinery which have occurred in the experience of others: such candidates should be closely questioned as to their knowledge of boiler and engine construction and the repairs of same.

The management of engines and boilers at sea, the duties of the engineer on watch, the work to be done to the engines, boilers, and auxiliary machinery in port and the periodical examinations of the working parts, form part of the *viva voce* examination.

* *See* Appendix A. (Not published).

60. Reports of examinations on the form Exn. 15, together with the Examination Papers, should be forwarded to the Port Officer immediately the examinations are completed. Reports of examination.

General.

61. Certificates of Competency shall be made and issued by the Government in the forms hereunto annexed.

62. Every Certificate of Competency shall be made in duplicate, and one copy shall be delivered to the person entitled to the Certificate, and the other shall be kept and recorded by the Port Officer of Calcutta.

63. No application from the holder of a certificate granted by the Government of any other British Possession or by the Board of Trade to be examined for a certificate of the same legal value shall be entertained.

The 28th November 1904.

No. 127 Marine.—Mr. H. G. Fox, Junior Master Pilot, is granted an extension of furlough for one day, viz., the 11th October 1904, in continuation of that granted to him in this Department Notification No. 88 Marine, dated the 25th July 1904.

Mr. Fox is also granted subsidiary leave for one day, viz., the 12th October 1904, the date on which he arrived in India.

D. B. HORN,
Secy. to the Govt. of Bengal.

The 29th November 1904.

No. 130 Marine.—Mr. S. A. Glanley, Mate Pilot, is granted privilege leave under article 676 (*a*) of the Civil Service Regulations, for two months, from the 24th November 1904, or any subsequent date.

D. B. HORN,
Secy. to the Govt. of Bengal.

The 29th November 1904.

No. 131 Marine.—It is hereby notified, for general information, that Salaya Port in Kathiawar is declared free from plague, and that the regulations for the prevention of the introduction of plague by sea, which were imposed in the ports of Orissa and Chittagong against vessels arriving from that port, are hereby withdrawn.

D. B. HORN,
Secy. to the Govt. of Bengal.

The 29th November 1904.

No. 129 Marine.—In accordance with the provisions of section 50, clause (2) of the Indian Ports Act, 1889, the following account of the receipts and expenditure of the Hospital Port Dues Fund of the Port of Calcutta, for the year 1903-1904, is published for general information. It should be read as a supplement to the Abstract Account of Receipts and Expenditure of the Port of Calcutta for the year 1903-1904, which was published in the Appendix to the *Calcutta Gazette* of the 19th October 1904.

A. PEDLER,
Director of Public Instruction, Bengal.

NOTIFICATION.

AUTHORS and publishers of text-books for use in the schools in Bengal are hereby informed that in the Vernacular and English Readers for students of all grades, a certain proportion of the reading lessons should consist of suitable biographical selections, such as would inculcate in the pupils habits of order, diligence and truthfulness, combined with submission to authority, and reverence to their elders. It is desirable that these lessons should be drawn from the lives of Hindu, Muhammadan and Christian worthies, instead of being confined to one section of individuals.

The following are the conditions of sale:—

1. The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2. The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by clause 15 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3. The sale shall commence at the hour of 11 A.M., of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M., but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated according to the scale, noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M., in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

DEPOSIT.
When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional to the extent of Rs. 400.

6. The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7. The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8. No tender of money, Bank of Bengal receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale, will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9. The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10. Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests ordinarily required to be included in each certificate or order.

11. No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorised agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand tender at the time a deposit either in Government of India Notes, Bank of Bengal receipts, or Government securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs 5 at a time until a bid is obtained; and the first *bond fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, Certificate of the opium advertised for sale; No. 2, Report of the examination of such opium.

17. The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1903-1904, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug, when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18. Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

NOTIFICATION.

PUBLIC.

Calcutta, the 24th November 1904.

No. 2520.—The Right Honourable George Nathaniel, Baron Curzon of Kedleston, in the County of Derby, in the Peerage of Ireland, P.C., G.C.S.I., G.C.I.E., is expected to arrive at Aden on or about the 5th December 1904, and at Bombay on the 9th idem, to assume the office of Viceroy and Governor-General of India.

The Resident at Aden will receive Lord Curzon with all the honours and distinctions which are due to the Viceroy of India.

His Excellency the Governor of Bombay will make arrangements, in communication with the Naval authorities, for the landing and reception of Lord Curzon at Bombay with all the honours and distinctions which are due to the Viceroy of India.

An Aide-de-Camp of the Viceroy will proceed to Bombay to attend upon Lord Curzon throughout his journey from Bombay to Calcutta.

At the Railway stations at which halts for one hour and upwards are made for rest and refreshment, Lord Curzon will be met by one Civil and (if a Military station) one Military Officer only. There will also be a Guard of Honour upon the platform.

At stations between Bombay and Howrah, other than those mentioned in the preceding paragraph, the attendance of officers is dispensed with.

Proper police precautions will be taken at all the stations along the line at which the train stops.

Upon Lord Curzon's arrival at the Howrah terminus of the East Indian Railway, His Lordship will be received by the Secretaries to the Government of India and by the Military Secretary and Aides-de-Camp to the Viceroy.

The following officers will also be in attendance upon the Howrah Railway platform:—

The Commissioner of Burdwan.
One of the Secretaries to the Government of Bengal.
The Brigadier-General Commanding the Presidency District with the District Staff.
The Commissioner of Police, Calcutta.
The Chairman of the Commissioners of Calcutta.
The Sheriff of Calcutta.
The Magistrate of Howrah.

A Guard of Honour of the East Indian Railway Volunteer Corps will be drawn up at the Howrah Railway Station, and a Guard of Honour of Native Infantry outside the station. The Calcutta Naval Volunteers will also furnish a Guard of Honour which will be drawn up on the Howrah Bridge.

Lord Curzon, attended by his personal staff, by the Secretaries to the Government of India, by the Military Secretary and Aides-de-Camp to the Viceroy, will proceed to Government House in the Viceroy's carriages escorted by the Body-Guard and the Calcutta Light Horse.

The line of route will be lined throughout by troops under the orders of the Brigadier-General Commanding the Presidency District.

A Royal salute will be fired from the ramparts of Fort William as the cortège appears upon the Howrah Bridge.

A Guard of Honour of British Infantry and a Guard of Honour of the Calcutta Volunteer Rifles will be drawn up opposite the grand entrance of Government House.

Lord Curzon will be received as he alights from the carriage at the foot of the grand staircase by His Honour the Lieutenant-Governor of Bengal attended by his personal staff.

All the Civil, Naval and Military Officers of Government at the Presidency will be in attendance upon the grand staircase of Government House. Consular Officers and other Representatives of Foreign Governments at Calcutta, and all non-official gentlemen, are invited to be present upon the grand staircase.

His Excellency the Viceroy and Governor-General, attended by his personal staff and the Members of the Governor-General's Council, will receive Lord Curzon at the top of the grand staircase, and will conduct His Lordship to the Throne Room.

The troops will then be withdrawn.

Full dress will be worn by Civil, Naval and Military Officers, and morning dress by all gentlemen not entitled to wear uniform.

Lord Curzon will arrive at Howrah on Monday, the 12th December 1904, at 9 A.M. (Calcutta time). The ceremonial to be observed on his assumption of the office of Viceroy and Governor-General of India will be notified hereafter.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.:

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

Cape Hermes light—Date of establishment.

No. 404 (first publication).—With reference to Notice to Mariners No. 308, dated 9th September 1904, issued by this office, the British Admiralty has given further notice (No. 1001 of 1904) that on 15th October 1904, a *white flashing* light *every three seconds*, the duration of each flash being a quarter of a second, would be established in an octagonal tower of dark grey masonry, 44 feet high, with a white lantern, on cape Hermes, St. John or Umzimvubu river.

Cape Hermes light is elevated 180 feet above high water, and is visible in clear weather from a distance of 20 miles from the bearing of N. 67° E., through north and west, to S. 78° W., but obscured by the land in other directions, except in the river entrance where it will be visible to S. 3° W. It has been placed on the Chart at a distance of half a cable N. 48° W. from the extremity of the cape. The light power is 30,000 candles.

Approximate position, lat. 31° 38′ S., long. 29° 33½′ E.

(Variation 26° Westerly in 1904.)

This Notice affects the following Admiralty Charts:—Indian ocean, No. 748a; Hondeklip bay to port Natal, No. 2095; Bashee river to Umtamvuna river, No. 2087; St. John or Umzimvubu river, No. 2566: Also, List of Lights, part VI, 1904, No. 24a., Africa Pilot, part III, 1897, page 165; and Supplement, 1900, page 10.

CHINA, EAST COAST.

Haitan strait, northern entrance—Danger reported.

No. 405 (first publication).—The British Admiralty has given notice (No. 1002 of 1904) that the Captain of the S.S. *Kwong-sang* reports that on 16th July his vessel, drawing 17 feet, touched, one hour before low water, on a shoal in the northern entrance to Haitan strait, in a position with the leading beacons on Slut island in line N. 9° W., and Dori island summit N. 55° E., distant nearly 2 miles.

This shoal has been placed on the Chart as having a depth of 2¼ fathoms over it, as the rocks close to it, which dry 8 feet, were showing about 5 feet at the time of the occurrence.

Approximate position, lat. 25° 39¼′ N., long. 119° 37′ E.

(Variation 1° Westerly in 1904.)

This Notice affects the following Admiralty Chart:—Haitan strait, No. 1935: Also China Sea Directory, vol. III, 1904, page 200.

COCHIN CHINA—Saigon river—Cape St. James.

Cocoanut bay—Light altered.

No. 392 (second publication).—The British Admiralty has given notice (No. 973 of 1904) that, on 1st September 1904, the two red fixed lights (vertical) on the end of the Mole at Cocoanut bay, cape St. James, would be replaced by a single *red fixed* light visible in clear weather from a distance of one mile.

Approximate position, lat. 10° 20¾′ N., long. 107° 4′ E.

This Notice affects the following Admiralty Charts:—Saigon river, Nos. 1269, 1016: Also, List of Lights, part VI, 1904, No. 661, Remarks; China Sea Directory, vol. II, 1889, page 382; and Supplement, 1901, page 15.

AUSTRALIA—Spencer gulf.

Port Lincoln approach—An uncharted rock discovered.

No. 391 (third publication).—The President, Marine Board, Port Adelaide, has given notice (No. 13 of 1904), informing Masters of vessels, fishermen, and others concerned, that an uncharted rock has been discovered between Howard Rock and Porter Rock, near the approach to Port Lincoln, in lat. 34° 51′ 40″ S, long. 136° 7′ 30″ E., and in which position 10 fathoms is shown on the chart.

It consists of isolated, bare, jagged granite rocks, with from 3 feet to 6 feet on them as L.W.S., on which the sea has not been seen to break. Its extent is about 200 yards, east and west, and 50 yards north and south, and the water gradually deepens to seven fathoms at a quarter of a mile all round.

This affects Admiralty Chart 2389B.

RESOLUTION ON THE REPORTS ON INLAND EMIGRATION FOR THE YEAR ENDING THE 30TH JUNE 1904.

GENERAL DEPARTMENT—EMIGRATION.

Calcutta, the 25th November 1904.

RESOLUTION—No. 3547.

READ—

The reports on Inland Emigration for the year ending the 30th June 1904, submitted by the Superintendents of Emigration, Calcutta, the Southal Parganas, Hazaribagh, Ranchi and Palamau, and Manbhum and Singhbhum.

Read also—

The remarks of the Commissioners of the Bhagalpur and Chota Nagpur Divisions on the reports submitted by the Superintendents in their respective Divisions.

The reports were punctually submitted.

Working of Act VI of 1901.

2. An important event of the year in connection with the working of Act VI of 1901 was the issue by the Government of India of their letter No. 1950—19-5, dated the 2nd November 1903, in which that Government, in replying to a representation made by the Indian Tea Association regarding the recruitment of labourers for Assam, enunciated the general policy which should be followed

in the administration of the Act. This letter was circulated to all District Officers, Superintendents of Emigration and Registering Officers, with directions that the orders therein passed should be very carefully observed.

3. One of the most important matters which engaged the attention of this Government during the year was the question whether employers of labour and their representatives can legally supervise recruiting operations in areas notified under section 3 of the Act. With regard to the latter class of persons, it was held that, if duly appointed as agents by employers, *i.e.*, by persons in actual charge of gardens, they can do no more than sign contracts on behalf of their employers under section 45 of the Act, or supervise the work of Local or Selecting Agents by inspecting their offices and in other ways. They cannot, however, it was decided, take any part in the recruiting of emigrants, nor supervise the work of actual recruiting, nor in any way engage, induce or assist any person to emigrate without taking out licenses under the Act. As regards employers, it was held that, although under the law they are debarred from personally recruiting emigrants, they can supervise, without taking out licenses, the work of garden-sardars in all matters connected with recruitment and also assist in the work of recruitment by interviewing emigrants and giving them advances. It was subsequently arranged with the Indian Tea Association and the Tea Districts Labour Supply Association that employers should, on arrival in a recruiting district, report themselves to the District Officer before commencing work in the manner indicated, so that that officer might be in a position to satisfy himself that such persons are *bonâ fide* employers, and know what unlicensed persons are in his district supervising the work of garden-sardars.

4. With the object of shortening the journey to the Brahmaputra Valley, the railway route *vid* Saraghat, Parbatipur and Dhubri, which was previously open only to emigrants from districts north of the Ganges and Gogra rivers and from the Sonthal Parganas, was, on the recommendation of the Hon'ble the Chief Commissioner of Assam, prescribed as an alternative route for all emigrants proceeding to the valley in question.

5. In order to effect economies in respect of the Inland Labour Transport Fund, expenditure was retrenched in various ways during the year; the most important measure taken in this direction being the decision not to employ a Travelling Superintendent of Emigration throughout the year, but only during the months (October to March) in which emigration is active.

Number of emigrants.

6. In all, 22,322 emigrants were despatched to the labour districts, as against 27,589 during the previous year, the decline being attributed chiefly to the general agricultural prosperity which prevailed during the year under review. Of the total number so despatched, 10,814 were recruited and registered in Bengal, and the remaining 11,508 in Madras and the Central Provinces. Of the total number of emigrants, 7,003, or 31·3 *per cent.*, were recruited by licensed recruiters; 8,037, or 36 *per cent.*, by garden-sardars working under Chapter IV of the Act; and 541, or 2·4 *per cent.*, by specially employed garden-sardars working under sections 90 and 91 of Chapter V of the Act; while 6,741, or 30 *per cent.*, proceeded to the labour districts under the provisions of section 92 of the Act. During the year under review there was again a very noticeable decrease in the number of emigrants recruited by garden-sardars, the number of emigrants so recruited being 6,568, or 43·3 *per cent.*, less than in the previous year; while there was a considerable increase, viz., 1,726, or 34·4 *per cent.*, in the number recruited under section 92 of the Act.

Recruiting agencies.

7. The Commissioner of the Chota Nagpur Division has drawn attention to an abuse which has sprung up in the district of Manbhum, viz., that of smuggling intending emigrants from that district to adjoining districts, in respect of which prohibitive notifications under section 3 of the Act have not been issued, and of despatching such emigrants from those districts to Assam in accordance with the procedure permitted by section 92 of the Act in non-notified areas. The Commissioner observes that this is a subject of vital importance to tea-gardens and that he understands that the Tea Districts Labour Supply Association is likely to deal with it of its own motion. This matter has also attracted attention

in the Burdwan Division. The Lieutenant-Governor agrees with the Commissioner that the matter is a serious one, the practice referred to constituting an obvious evasion of one of the fundamental principles of the Act, viz., that the recruitment of emigrants should be effected as near as possible to their homes. His Honour will therefore take the subject into his careful consideration at an early date.

8. It is clear from what the Superintendent of Emigration, Calcutta, states in paragraph 27 of his report that some at least of the so-called cases of desertion from the depôts in Calcutta and Raniganj were really cases in which licensees expelled rejected emigrants from the depôts with the object of evading the expense, which devolves upon them by law, of sending such persons to their homes. The Lieutenant-Governor is glad to observe that the Superintendent is giving this subject his careful attention, and trusts that he will not hesitate to enforce the provisions of the law where an offence of this nature is proved.

By order of the Lieutenant-Governor of Bengal,

A. EARLE,

Secretary to the Govt. of Bengal.

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 80, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-guage is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

≏, dew; =, fog; o, overcast; g, gloomy; d, drizzling rain.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated according to the scale, noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M., in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

DEPOSIT.

When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional to the extent of Rs. 400.

6. The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7. The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8. No tender of money, Bank of Bengal receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale, will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9. The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10. Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests ordinarily required to be included in each certificate or order.

11. No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India Notes, Bank of Bengal receipts, or Government securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bonâ fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, Certificate of the opium advertised for sale; No. 2, Report of the examination of such opium.

17. The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1903-1904, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug, when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18. Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

No. 3585 W.—The 1st December 1904.—In exercise of the powers conferred by section 8, sub-section (2), clause (*d*) of the Calcutta Municipal Act III of 1899 the Lieutenant-Governor is pleased to appoint Mr. R. A. D'O. Bignell to be a Commissioner of the Corporation of Calcutta, *vice* Mr. F. L Halliday resigned.

No. 3405L.S.-G.—The 1st December 1904.—In exercise of the powers conferred on him by section 36 of the Bengal Ferries Act, 1885 (Bengal Act I of 1885), the Lieutenant-Governor is pleased to delegate to Commissioners of Divisions in Bengal the following powers, conferred upon him by clauses (*a*), (*b*), (*c*) and (*f*) of section 6 of the said Act, namely:—

(1) to declare what ferries shall be deemed public ferries and the respective districts in which, for the purposes of the Act, such ferries shall be deemed to be situate;

(2) to take possession of a private ferry and declare it to be a public ferry;

(3) to establish new public ferries where, in their opinion, such ferries are needed; and

(4) to discontinue any public ferry which they deem unnecessary.

No. 3404Medl.—The 1st December 1904.—It is hereby notified for general information that the Lieutenant-Governor is pleased, in exercise of the powers conferred by section 69, clause (6) of Bengal Act III of 1884 and section 138, clause (*k*) of Bengal Act III of 1885, to make the following rules for the management of the charitable dispensaries and hospitals in Bengal in addition to the rules published under the notification dated the 5th January 1892 at pages 6 to 11, Part IB of the *Calcutta Gazette* of the 6th idem:—

Rules.

21A. Every member of a Managing Committee appointed under rule 21, clauses (*a*) and (*c*) of the Rules for the Management of Charitable Hospitals and Dispensaries, shall vacate his office at the end of three years from the date of his appointment as such member, and

Every member of a Managing Committee appointed under rule 21, clause (*b*) shall vacate his office when the term of office of the members of the local body by which the Committee is appointed expires.

Provided that the term of office of the members of the Committee shall be held to include any period which may elapse between its expiration and the date of the first meeting of a new Committee appointed to take its place.

21B. (1) A member of a Committee appointed under rule 21, clause (*a*) may at any time be removed from office by the Commissioner of the Division.

(2) A member of a Committee appointed under rule 21, clause (*b*) may at any time be removed from office by a Resolution passed by a majority of the members of the local body by which the Committee was appointed, or, for any of the reasons for which a member of the local body might be removed from office, by the authority empowered by law to remove such member.

(3) A member of a Committee appointed under rule 21, clause (*c*) may at any time be removed from office by the Commissioner of the Division at the request of the supporters or any of them, or by the Commissioner of his own motion for any of the reasons for which he might remove from office a Municipal Commissioner.

21C. If any member of the Committee shall be unable to complete his full term of office or shall avail himself of leave granted by the Committee, the vacancy caused by his resignation, or removal, or death, or absence on leave, may be filled up by the appointment of another person, and the person so appointed shall fill such vacancy for the unexpired remainder of the term for which such member would otherwise have continued in office, or during his absence on leave as the case may be.

J. H. KERR, Collector of Midnapore.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates, situate in the district of Muzaffarpur, will be put up to sale at the Muzaffarpur Collectorate on the 22nd December 1904.

The purchasers will be subject to the following condition of sale:—

Conditions of Sale.

1st.—The estates to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.:

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

APPENDIX TO

The Calcutta Gazette.

WEDNESDAY, DECEMBER 7, 1904.

NOTICES TO MARINERS.

THE following Notices are published for general information.

D. B. HORN,
Secretary, Marine Department.

CALCUTTA, *the 28th November 1904.*

AUSTRALIA—SPENCER GULF.

Approaches to Port Augusta considered dangerous.

No. 406 (first publication).—The President, Marine Board, Port Adelaide, has given notice (No. 14 of 1904) that a heap of Stone Ballast (discharged from the *Pass of Killiecrankie*) lies on the sand flat south of Yatala Harbour, with the beacon on Douglas Bank bearing S. W. and the South Hummock W.N.W.

The flat being dry at L.W.S., the ballast is well out of the navigable channel for ordinary vessels, but may be dangerous to small vessels going over the flats at H. W.

Approximate position, lat. 32° 47′ S., long. 137° 52′ 15″ E.

This affects Admiralty Charts 2389[B] and 401.

AUSTRALIA—INVESTIGATOR STRAITS.

Marion bay—A white (ship's mast-head) light to be exhibited.

No. 407 (first publication).—The President, Marine Board, Port Adelaide, has given notice (No. 15 of 1904) that at such times as a vessel is expected at Marion Bay a white (ship's mast-head) light will be exhibited from the jetty end, and will be visible about two (2) miles.

This affects Admiralty Chart No. 2389[B].

BAY OF BENGAL—BURMA COAST.

Gulf of Martaban—The floating light-vessel Martaban to relieve light-vessel at the Baragua flats.

No. 408 (first publication).—The Principal Port Officer, Burma, has given notice dated 10th November 1904, that the floating light-vessel "Martaban" will temporarily relieve the present floating light-vessel at the Baragua Flats about the 5th December 1904.

The light to be exhibited about that date will be the same as at present.

INDIA, WEST—Bombay coast.

Rajpuri—Buoy replaced.

No. 409 (first publication).—The Bombay Government has given notice (No. 115 of 1904) that the Red buoy on the north side of the Whale Reef of Rajpuri Point at the entrance of the Janjira harbour, that had been removed for the South-West monsoon, was replaced on the 17th of October 1904.

CHINA—Yang Tse Kiang.

Kiu Toan light-vessel—Light altered.

No. 410 (first publication).—The British Admiralty has given notice (No. 1003 of 1904) that at about the beginning of October the Kiu Toan light-vessel, exhibiting a white flashing light, would be replaced by a light-vessel exhibiting a *white group occulting* dioptric light of the 4th order, showing groups of two occultations *every twenty seconds*, thus:—light, *twelve seconds;* eclipse, *two seconds;* light, *four seconds;* eclipse, *two seconds;* it would be elevated 30 feet above the sea, and visible in clear weather from a distance of 10 miles; the vessel is painted red, marked "Kiutoan" on the sides, and has one mast from which the light is exhibited

During thick or foggy weather a bell will be struck *twice* every *twenty seconds*, thus:—*stroke; silent interval, five seconds; stroke; silent interval, fifteen seconds.*

If the light-vessel is out of position, a red flag will be hoisted by day, and at night a *red fixed* light at each end of the vessel will be exhibited in place of the occulting light.

Approximate position, lat. 31° 13½′ N., long. 121° 48′ E.

This Notice affects the following Admiralty Charts:—Kueshan islands to Yang tse Kiang, No. 1199; approaches to the Yang tse Kiang, No. 1602; Also, List of Lights, part VI, 1904, No. 745; and China Sea Directory, vol. III, 1904, page 407.

NEW ZEALAND—Auckland.

Time signal established.

No. 411 (first publication).—With reference to Notice to Mariners No. 232, dated 27th June 1903, issued by this office, the British Admiralty has given further notice (No. 1011 of 1904) that the time ball formerly dropped from the yard arm of the Port Office flagstaff at Auckland has been discontinued.

Approximate position, lat. 36° 50¾′ S., long. 174° 46′ E.

This Notice affects the following Admiralty Chart:—Auckland harbour, No. 1970; Also, New Zealand Pilot, 1901, page 55; Supplement, 1903, pages 4, 5; and List of Time Signals, 1904, page 32.

AUSTRALIA—New South Wales.

Newcastle harbour—Decreased depth in entrance.

No. 412 (first publication).—The British Admiralty has given notice (No. 1014 of 1904) that a bar has formed across the entrance fairway to Newcastle harbour over which there is a depth, now, of 18¼ feet at low water, each foot of rise or fall above this depth will be indicated from the Pilot Station.

The dredger *Jupiter* will be employed dredging this bar, and Mariners are requested to exercise great caution in passing her.

Approximate position, lat. 32° 55′ S., long. 151° 48′ E.

This Notice affects the following Admiralty Chart:—Newcastle harbour, No. 2119: Also, Australia Directory, vol. II, 1898, page 80.

PACIFIC OCEAN, SOUTH—Society islands—Tahiti.

Papieté harbour—Buoy and beacon withdrawn.

No. 413 (first publication).—The British Admiralty has given notice (No. 1019 of 1904) that the red buoy on the western side of the entrance into Papieté harbour, formerly situated about 5¾ cables S. 83° W. from Moto-uta island battery, has been withdrawn.

Also, that the black beacon, formerly situated on the southern end of the reef 3 cables S. 55° W. from Moto-uta battery, has been removed.

Approximate position, Moto-uta battery, lat. 17° 31½′ S., long. 149° 34′ W.

(*Variation 9° Easterly in 1904.*)

This Notice affects the following Admiralty Charts:—Papieté pass to Papenu pass, No. 1158: Also, Pacific Islands, vol. III, 1900, page 59; and Supplement, 1903, page 5.

JAPAN—YEZO, NORTH COAST.

Soya wan—Rocks.

No. 414 (first publication).—The British Admiralty has given notice (No. 1020 of 1904) of the existence of the undermentioned rocks in Soya wan:—

(1) A rock, with a depth of 1¾ fathoms over it, situated with Koitoi zaki (the point in the middle of the bay) bearing S. 12° W., distant 3¾ miles, and Wakkanai (cape Nosshar) light S. 73° W.

Approximate position, lat. 45° 28′ N, long. 141° 45′ E.

There is a rock, with a depth of 3 feet over it, 60 yards north-eastward of the above, and there are depths around it of from 1¾ to 2 fathoms.

(2) A rock, with a depth of 2½ fathoms over it, situated with Koitoi zaki bearing S 1° E., distant one mile, and Wakkanai (cape Nosshar) light N. 75° W.

(*Variation 6° Westerly in 1904.*)

This Notice affects the following Admiralty Charts:—Kuril islands, No. 2405; gulf of Tartary, No. 3441; Yezo island, No. 452; Also, China Sea Directory, vol. IV, 1904, page 72.

JAPAN—SOUTH COAST.

Tanega sima, south-east point—Shoals.

No. 415 (first publication).—The British Admiralty has given notice (No. 1021 of 1904), of the existence of the undermentioned shoals off the south-east point of Tanega sima:—

(1) A shoal, marked by ripples, named Yokose, with a depth of 3 fathoms over it.

Approximate position, lat. 30° 19′ 30″ N., long. 130° 59′ 40″ E.

(2) A shoal, marked by ripples, named Orise, with a depth of one fathom over it. This shoal breaks in any other than calm weather.

Approximate position, lat. 30° 18′ 30″ N., long. 130° 59′ 20″ E.

There are depths of from 25 to 33 fathoms between these shoals.

(3) A shoal, named Genzaburoze, with a depth of 2½ fathoms over it.

Approximate position, lat. 30° 16′ 40″ N., long. 130° 58′ 15″ E.

This shoal is about 7 cables in extent with general depths of 5 and 6 fathoms over it, and 10 fathoms around; it is usually marked by ripples, but breaks with any swell.

(4) A shoal, with a depth of 2½ fathoms over it.

Approximate position, lat. 30° 15′ 15″ N., long. 130° 57′ 30″ E.

There is another shoal head of 2¾ fathoms three-quarters of a mile to the southward of the 2½ fathoms. These two heads form part of a shoal named Nabowari sho, which is about one mile long in a north and south direction, and 4 cables wide; there are depths of from 12 to 18 fathoms around it, but shoal water, with varying depths, extends further to the southward; vessels should therefore give this shoal a berth of 10 miles in passing. There are ripples over this shoal in fine weather, but in bad weather the sea breaks over the shoaler heads.

The Native fishermen state that there are no other than the above dangers in this vicinity, it is considered therefore that the dangers marked on the Chart ⊢) ◡ P.D. shown at distances of 3½ and 5 miles respectively, south-eastward from South East rock, Tanega sima, do not exist, they have consequently been expunged from the Charts.

This Notice affects the following Admiralty Charts:—Japan, No. 2347; Amoy to Nagasaki, No. 2412; Also, China Sea Directory, vol. IV, 1904, page 296.

CHINA SEA—GULF OF SIAM.

Bangkok river entrance—Temporary light-vessel—Proposed beacons—Pilot vessel.

No. 416 (first publication).—The British Admiralty has given notice (No. 1040 of 1904), that a light-vessel, painted grey, having one mast with a black ball, and exhibiting two lights placed vertically, 6 feet apart, *red* over *white*, has been established at the entrance to the Bangkok river, at a distance of 10¾ cables S. 69° E. from the Bar light (*white occulting*).

The lights are of low power.

Also, that it is proposed to erect two beacons at distances of $2\frac{3}{10}$ miles N. 37° E., and $1\frac{1}{4}$ miles S. 31° E. respectively, from the Bar light. When these beacons are established, which will probably be in November, the light-vessel will be withdrawn.

The Pilot Vessel is now situated at a distance of $2\frac{1}{10}$ miles S. 28° E. from the Bar light.

Approximate position of Bar light, lat. 13° 28¾′ N., long. 100° 34′ E.

(Variation 2° Easterly in 1904.)

This Notice affects the following Admiralty Charts:—Koh Ta Kut to cape Liant, No. 2720; Menam Chau Fya, No. 999; Also, List of Lights, part VI, 1904, page 113; China Sea Directory, vol. II, 1899, page 368; and Supplement, 1901, page 14.

BAY OF BENGAL—Burma coast.

Caution—A boiler drifting south-easterly.

No. 399 (second publication).—The Master of the *Rasmara* reports that while towing a cargo boat with large iron boiler from Rangoon to Akyab, the boat sank in lat. 17° 53′ N. long. 93° 42′ E. the boiler floated and drifted in a south-easterly direction. Mariners are hereby warned.

BAY OF BENGAL—Chittagong coast.

Karnafuli river—Depth of water in the channels.

No. 400 (second publication).—The Port Officer, Chittagong, has given notice that the following depth of water was found in the channels by soundings taken on the 21st November and reduced to zero:—

	Ft.	in.
Track No. 1—Outer bar—

EASTERN ARCHIPELAGO—Malacca strait.

Penang harbour—Light beacons marking cables.

No. 401 (second publication).—With reference to Notice to Mariners No. 262, dated the 13th September 1904, issued by this office, the British Admiralty has given further notice (No. 987 of 1904) that the undermentioned beacons will be established to mark the telegraph and telephone cables in Penang harbour:—

A high white beacon will be placed against, and show over the Harbour limit mark.

An iron pile beacon, painted white, will be erected in a depth of 5 feet at a distance of about 3 cables S. 88° W., from the above.

A *white fixed* light, visible in clear weather from a distance of 5 miles, will be exhibited from each beacon. These beacons, or lights, in line N. 88° E. mark the direction of the telephone cables, and also the prohibited anchorage ground.

Approximate position, Harbour limit mark, lat. 5° 25′ N., long. 100° 22½′ E.

(Variation 2° Easterly in 1904.)

This Notice affects the following Admiralty Chart:—Penang Harbour; No. 1566: Also, List of Lights, part VI, 1904, page 67; China Sea Directory, vol. I, 1896, page 149; and Supplement, 1899, page 14.

PACIFIC OCEAN, SOUTH—Tuamoto or Low archipelago.

Manihi lagoon—Shoal in entrance.

No. 402 (second publication).—The British Admiralty has given notice (No. 993 of 1904) that a coral reef, about half a cable in extent, with a depth over it of less than 1½ fathoms, exists in the entrance to Manihi lagoon, thus rendering the passage unsafe.

Approximate position, lat. 14° 28′ S., long. 146° 2′ W.

This Notice affects the following Admiralty Chart:—Plan of Manihi on Chart No. 1175: Also, Pacific Islands, vol. III, 1900, page 140.

EASTERN ARCHIPELAGO—Borneo south-east cost—Mahakan river.

Muara Jawa—Buoy replaced by light-buoy.

No. 403 (second publication).—With reference to Notice to Mariners No. 394, dated 18th November 1904, issued by this office, the British Admiralty has given further notice (No. 997 of 1904) that on 12th September 1904, the white conical buoy in the entrance channel of Muara Jawa was replaced by a white light buoy showing a *white occulting* light *every twenty seconds*, thus :—light, *ten seconds;* eclipse, *ten seconds;* and visible in clear weather from a distance of 6 miles; it is moored at a distance of 2¼ miles S. 25° W. from tanjong Timbangongot.

Approximate position on Chart No. 2662, lat. 0° 56½′ S., long. 117° 13¾′ E.

(*Variation 2° Easterly in 1904.*)

This Notice affects the following Admiralty Chart :—Plan of river Mahakan on No. 2662; Also, Eastern Archipelago, part II, 1893, page 316; and Supplement, 1899, page 59.

AFRICA, SOUTH—CAPE COLONY—St. John.

Cape Hermes light—Date of establishment.

No. 404 (second publication).—With reference to Notice to Mariners No. 308, dated 9th September 1904, issued by this office, the British Admiralty has given further notice (No. 1001 of 1904) that on 15th October 1904, a *white flashing* light *every three seconds*, the duration of each flash being a quarter of a second, would be established in an octagonal tower of dark grey masonry, 44 feet high, with a white lantern, on cape Hermes, St. John or Umzimvubu river.

Cape Hermes light is elevated 180 feet above high water, and is visible in clear weather from a distance of 20 miles from the bearing of N. 67° E., through north and west, to S. 78° W., but obscured by the land in other directions, except in the river entrance where it will be visible to S. 3° W. It has been placed on the Chart at a distance of half a cable N. 48° W. from the extremity of the cape. The light power is 30,000 candles.

Approximate position, lat. 31° 38′ S., long. 29° 33½′ E.

(*Variation 26° Westerly in 1904.*)

This Notice affects the following Admiralty Charts :—Indian ocean, No. 748a; Hondeklip bay to port Natal, No. 2095; Bashee river to Umtamvuna river, No. 2087; St. John or Umzimvubu river, No. 2566: Also, List of Lights, part VI, 1904, No. 24a., Africa Pilot, part III, 1897, page 165; and Supplement, 1900, page 10.

CHINA, EAST COAST.

Haitan strait, northern entrance—Danger reported.

No. 405 (second publication).—The British Admiralty has given notice (No. 1002 of 1904) that the Captain of the S.S. *Kwong-sang* reports that on 16th July his vessel, drawing 17 feet, touched, one hour before low water, on a shoal in the northern entrance to Haitan strait, in a position with the leading beacons on Slut island in line N. 9° W., and Dori island summit N. 55° E., distant nearly 2 miles.

This shoal has been placed on the Chart as having a depth of 2¼ fathoms over it, as the rocks close to it, which dry 8 feet, were showing about 5 feet at the time of the occurrence.

Approximate position, lat. 25° 39¼′ N., long. 119° 37′ E.

(*Variation 1° Westerly in 1904.*)

This Notice affects the following Admiralty Chart :—Haitan strait, No. 1985: Also, China Sea Directory, vol. III, 1904, page 200.

COCHIN CHINA—Saigon river—Cape St. James.

Cocoanut bay—Light altered.

No. 392 (third publication).—The British Admiralty has given notice (No. 973 of 1904) that, on 1st September 1904, the two red fixed lights (vertical) on the end of the Mole at Cocoanut bay, cape St. James, would be replaced by a single *red fixed* light visible in clear weather from a distance of one mile.

Approximate position, lat. 10° 20¾′ N., long. 107° 4′ E.

This Notice affects the following Admiralty Charts :—Saigon river, Nos. 1269, 1016: Also, List of Lights, part VI, 1904, No. 661, Remarks; China Sea Directory, vol. II, 1889, page 382; and Supplement, 1901, page 15.

Approximate position, Sapo point, lat. 4° 59¾′ N., long. 115° 7¾′ E.

(*Variation 2° Easterly in 1904.*)

This Notice affects the following Admiralty Chart:—Muara harbour, No. 2134: Also, China Sea Directory, vol. II, 1899, page 153.

EASTERN ARCHIPELAGO—Borneo south-east coast—Mahakan river.

Muara Jawa—Buoy to be replaced by light buoy.

No. 394 (third publication).—The British Admiralty has given notice (No. 975 of 1904) that it is intended to replace the white conical buoy in the entrance channel of Muara Jawa, by a white light buoy showing a *white occulting* light *every twenty seconds*, thus.—light, *ten seconds*; eclipse, *ten seconds*; and visible in clear weather from a distance of 6 miles.

Approximate position on Chart No. 2662, lat. 0° 55¼′ S, long. 117° 16′ E.

Further notice will be given when this alteration has been made.

This notice affects the following Admiralty Charts:—Strait of Makassar No. 2636; plan of river Mahakan on No. 2662: Also, Eastern Archipelago, part II, 1898, page 316; and Supplement, 1899, page 39.

JAPAN, SOUTH COAST—Aoga Sima.

Breakers reported to the westward.

No. 395 (third publication)—The British Admiralty has given notice (No. 976 of 1904) that the Master of the Schooner *Okanogan* reports that at 1-30 P.M. on 20th June 1904, when to the westward of Aoga sima in lat. 32° 19′ N., long. 139° 3′ E., he passed within a distance of about three-quarters of a cable of an area of broken water, about 50 feet square in extent, where possibly a rock may exist. "Breakers reported (1904)" has therefore been placed on the Charts in the above position.

This notice affects the following Admiralty Charts:—Pacific ocean, Nos. 2459 and 781; Nipon, Kiusiu, etc., No. 2347: Also, Sailing Directions for Japan, etc., 1904, page 380.

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

⛆, dew.

REVENUE DEPARTMENT.

NOTIFICATIONS.

No. 4656(Opium).—The 9th December 1904.—The following revised Notification is published in supersession of Notification No. 2814 (Opium), dated the 19th July 1904, published in the *Calcutta Gazette* of the 20th idem :—

It is hereby declared that a competitive examination for three appointments in the Opium Department will be held in February 1905. At this examination only such European and Eurasian candidates as have been nominated by the Lieutenant-Governors of Bengal and the United Provinces of Agra and Oudh, each of whom is authorised to make as many nominations as he considers necessary or desirable (those made by the Lieutenant-Governor of the United Provinces being subject to ultimate approval by the Lieutenant-Governor of Bengal), will be permitted to present themselves.

It must be clearly understood by competitors that the candidates who may be declared successful will not be entitled to obtain permanent appointments in the grade of Assistant Opium Agents, until permanent vacancies occur in that grade, nor until they have complied with the conditions of rule 12, but it is the intention of Government to appoint them at once to duty in the Department as Officiating Assistant Opium Agents on a salary of Rs. 200 a month each. If within two years of their appointment they succeed in passing the departmental examinations, and are well reported on, and there are no vacancies in the Department at the time, they will be allowed to draw Rs. 250 a month each from the date of passing such examinations; and on being subsequently appointed to substantive posts, they will be allowed to count service for promotion from the date on which they commenced to draw Rs. 250 a month. Pending such substantive appointments they will remain on a probationary footing and will have no claim to permanent appointments unless their work continues satisfactory.

The pay of officers of the Opium Department will rise, with length of service, according to the following scale and the rules governing service in that Department :—

Years of approved service.	Pay.
	Rs.
1, 2, 3, 4 (commencing from the date on which departmental examinations are completely passed).	250
5, 6, 7	300
8, 9, 10	350
11, 12, 13, 14	400
15, 16, 17, 18	500
19, 20, 21, 22	600
23, 24, 25, 26	700
27 and upwards (unless promoted to either of the higher grades of Sub-Deputy Opium Agent on Rs 900 and Rs. 1,000).	800

Promotion to the two highest grades of Sub-Deputy Opium Agent on Rs. 900 and Rs. 1,000 will be made by selection for ability and good service.

2. A certificate of health and physical fitness, signed by a covenanted medical officer in the form given in the margin, will be required from each candidate, who should also furnish a copy of his baptismal certificate, in the absence of which sufficient evidence as to age should be forwarded with the application for admission to the examination. No one whose age will be below 18 years on the 1st February 1905, or above 22 years on the 1st March 1905, will be permitted to appear.

I do hereby certify that I have examined Mr. , a candidate for employment in the Opium Department, and that he has no disease, affection, or bodily infirmity, and is, in my opinion, possessed of a robust constitution well fitted for the performance of the duties appertaining to such an appointment. His age is, according to his own statement, years and by appearance years.

Description.
The *190* .

3. A certificate that the candidate is able to ride and is of active habits, signed by a District Magistrate or by a Presidency Magistrate or the Commissioner of Police, in the case of applicants residing in Presidency towns, should also be submitted.

4. Applications for nominations by the Lieutenant-Governor of Bengal, accompanied by the necessary certificates, must be sent to the Under-Secretary to the Government of Bengal in the Revenue Department, on or before the 1st January 1905. Such applicants as are granted nominations will receive an intimation to that effect, and be required to pay a fee of Rs. 20 before they can appear at the examination. The fee is payable to the Under-Secretary aforesaid.

5. The examination will be held in Calcutta; the date and place of the examination and the order in which the different subjects will be taken up will be notified hereafter to such candidates as are allowed to present themselves at the competition.

6. The examination will be by written questions and answers and *viva voce*.

The subjects of examination and the number of marks to be allotted will be as follows:—

		Marks.

	Urdu.—Translation of easy passages from English into Urdu; reading at sight from a book, such as the Bagh-o-Bahar; conversation. *Hindi.*—Translation of some piece into Hindi character; reading at sight from a printed book, such as the Baital Pachisi.	150
III.—Optional—		
(10)	Latin (200) and French (150)	350
	or	
(11)	Botany (150) and Chemistry (150)	300

No text-books are prescribed for the different subjects, except for the subjects included in No. (11)—Botany and Chemistry. The text-books for these subjects are—

(*a*) Oliver's First Book of Indian Botany.
(*b*) Inorganic Chemistry, Theoretical and Practical, by W. Jago.

7. No books of any kind will be allowed at the time of examination.

8. Candidates who fail to obtain half the marks in each and all of the three subjects of the preliminary examination shall not be allowed to proceed further with the examination in the remaining subjects. The examination in the obligatory and optional subjects will not be held until the papers of the preliminary examination have been examined and marked, for which an interval of a day or two will ordinarily be allowed to the Examiners, and a list of the candidates successful in the preliminary examination will be published forthwith at the place of the examination.

9. In the obligatory subjects referred to above, each candidate must obtain at least one-third of the marks allotted to each paper to be considered to have passed in that paper; and he must also obtain half of the marks in the aggregate of the obligatory subjects. Should no candidate obtain the minimum of qualifying marks according to this standard, the appointment will be made by His Honour the Lieutenant-Governor of Bengal in such way as may be deemed proper.

10. Candidates will only be allowed to take up either, but not both, of the groups of the optional subjects, and the marks obtained will count towards the aggregate total.

11. Candidates who have complied with the conditions mentioned above will be placed in order of precedence according to the aggregate number of marks obtained by them in the preliminary, obligatory and optional subjects; and the appointments will be made accordingly.

12. Candidates appointed to the Opium Department after examination will be considered as probationers for the first two years of their service. The confirmation of a candidate in the Department will depend on his passing the departmental examinations and on the periodical reports submitted by the Opium Agents, showing the industry and intelligence with which he discharges his duties and his aptitude for service in the Department as displayed during the period of probation. He will be liable to be removed if he fails to pass all examinations within this period, or if his conduct is unsatisfactory and he is reported to be unfit for confirmation.

* Questions on these subjects may also include questions relating to the geography of these countries.

SURVEY OF INDIA.

NOTIFICATION No. $\frac{6}{E\text{-}9}$.

OFFICE OF SUPERINTENDENT, PROVINCIAL SURVEYS, BENGAL.

Dated Dinapur, the 8th December 1904.

MR. A. B. SMART, Sub-Assistant Superintendent, second grade, Survey of India, is granted privilege leave for one month and fifteen days, with effect from 31st October 1904, under article 260 of the Civil Service Regulations.

R. T. CRICHTON, MAJOR, I.A.,
Superintendent of Provincial Surveys, Bengal.

GENERAL DEPARTMENT.

NOTIFICATION.

No. 3954.- The 13th December 1904.—The following notification, issued by the Government of India in the Department of Revenue and Agriculture, is published for general information.

A. EARLE,
Secy. to the Govt. of Bengal.

No. 1258—47-8, dated Calcutta, the 6th December 1904.

NOTIFICATION—By the Government of India, Department of Revenue and Agriculture.

IN exercise of the powers conferred by section 80 of the Indian Emigration Act, 1883 (XXI of 1883), the Governor-General in Council is pleased to direct that the additions hereinafter set forth below be made to the rules published with the Notification of the Government of India in the Department of Revenue and Agriculture, No. 94E., dated 18th March 1886, and subsequently amended, namely:—

I. To rule 182 the following sentence shall be added, namely:—

"Persons suffering from tubercle of the lung should also be isolated and the instructions in Colonial Form No. 56 should be followed."

II. In Chapter VI, before rule 191 the following rule shall be inserted, namely:—

"190A. The rules contained in Chapter V shall, in so far as they are applicable, be given effect to in the case of return voyages from the colonies. Especial attention is directed to rules 182 to 186."

III. In the first column of the second table in part (*a*) of Colonial Form No. 56, and in the first column of the table in part (*b*) of the same form, after the word "dysentery" the word "tuberculosis," and before the words "chest affections" the word "other" shall be inserted.

IV. On the reverse of the same form the following instructions shall be inserted, namely:—

"INSTRUCTIONS FOR THE GUIDANCE OF SURGEON-SUPERINTENDENTS IN DEALING WITH CASES OF TUBERCULOSIS.

A.—Isolation of patients.

1. Patients suffering from tubercle of the lung with cough or expectoration should be isolated and, so far as possible, be kept on the upper deck in the open air.

B.—Hospital or part of ship set apart for tuberculous patients.

2. Arrangements should be made to secure the freest possible ventilation in order that the air may be kept fresh; and all furniture which is not absolutely necessary should be removed.

3. Patients should not be allowed to spit on the floor or walls, or to use handkerchiefs or similar articles, but should be provided with a piece of lint, or other suitable material which can be burnt after use, and which they should be instructed to hold before the mouth during a fit of coughing. Properly constructed spittoons, or where these are considered more suitable, galvanised iron buckets, three-quarters full of water or of a disinfectant, should be provided.

4. All sputum from the receptacles above referred to should be thrown overboard daily under the supervision of a responsible person. The receptacles should be cleansed with boiling water to which soda has been added.

5. The vomit and evacuations should also be received in vessels containing disinfecting solution, and should then be thrown overboard.

6. All dishes and other utensils used for or by a patient should be plunged into boiling water after use. His bedding and clothing should be kept separate and disinfected after use.

7. The quarters occupied by infected emigrants should be daily washed out with a strong disinfecting solution.

8. Spots or stains on the floor and furniture should be washed with a strong disinfecting solution. Rubbing with a damp cloth should take the place of dry sweeping and dusting. The damp cloth so used should always be disinfected after use.

9. Persons attending cases of tuberculosis should be warned of the danger of infection, and of the necessity for washing their hands with soap and a disinfecting solution before eating. Such persons should spend as much time as possible in the open air, and should not remain night and day in the hospital.

C.—Disinfection of sputum and discharges.

10. The following solutions are recommended, namely:—

(*a*) Carbolic acid solution (1 in 20).

(*b*) Mercuric chloride solution (1 in 1,000).

The formula generally used is—

Bichloride of mercury	...	...	...	½ oz.
Hydrochloric acid ...	...	...	...	1 ,,
Commercial aniline, blue	...	...	...	5 grains.
Water	...	...	...	3 gallons.

N.B.—Solution (*b*) corrodes metals and is poisonous.

If the carbolic acid solution is used in spittoons, the quantity should be sufficient to cover the sputum.

D.—Disinfection of Clothing and Bedding.

11. Burning is the best method of disinfection; and all articles of little value should therefore be burnt.

12. Infected clothing and bedding should be boiled and subsequently washed with soap and water. Where this is done, soaking in a disinfecting solution is unnecessary; but the solution may sometimes be useful (*e.g.*, for the immediate disposal of some infected article of clothing).

In such cases either of the two solutions above prescribed may be used, and the article should be soaked in it for 24 hours or till it can be boiled.

E.—Disinfection of hospital and furniture.

13. All woodwork should be well scrubbed with soft soap and hot water, or washed with a solution of mercuric chloride (1 in 1,000). The walls and floors should be similarly treated."

FINANCIAL DEPARTMENT.

NOTIFICATIONS.

No. 5705S.R.—The 12th December 1904.—In supersession of the Notification No. 2890S.R., dated the 2nd May 1900, published in Part I, page 459 of the *Calcutta Gazette* of the 9th May 1900, the following revised rules regarding the remuneration of Wharf Officers under the Collector of Customs, Calcutta, for holiday and overtime work having been approved by the Lieutenant-Governor, are published for general information:—

Rules for working on Sundays, holidays and after hours.

1. No work shall be allowed on Sundays, New Year's Day, Good Friday, Christmas Day, and the King's birthday.

2. On each application for work on general holidays, when the Jetty, Custom House, or Budge-Budge gates and sheds are to be opened for the benefit of a single individual or firm, a fee of Rs 10 shall be levied from the merchant or the owner of the goods concerned, which will be divided equally between the Wharf Supervisor and the Wharf Officer employed under such application for work on those days between 9 A.M. and 6 P.M.

A fee of annas 8 per diem shall also be levied and paid to each jamadar, peon, koyal, or tallyman, who may be employed under the application for work on those days between 6 A.M. and 6 P.M.

3. On each application for overtime work (*i.e.*, work after 6 P.M. and before 9 A.M. on general holidays, or after 6 P.M. and before 6 A.M. on other week days), a fee of Rs. 2 per hour shall be levied from the merchant or the owner of the goods concerned, which will be divided equally between the Wharf Supervisor and the Wharf Officer employed under such application; a fee of annas 4 per hour shall also be levied for each jamadar and peon required for work between 6 P.M. and 6 A.M. either on holidays or other week days.

4. When circumstances require the employment of additional Wharf Officers, as, for example, in the Custom House baggage godown on the arrival of a large number of passengers, an additional fee of Rs. 5, under rule 2, and of Re. 1, under rule 3, shall be levied for every officer so employed.

A fee of annas 8, under rule 2, shall also be levied for each jamadar, peon, koyal, or tallyman required, and a fee of annas 4, under rule 3, for each jamadar and peon required.

5. On occasions when the Port Commissioners apply to have the Jetty gates kept open on general holidays for the convenience of the general public, Government will pay a holiday fee for work between the hours of 9 A.M. and 6 P.M. at the rates prescribed for private persons in rule 2, subject to a maximum, in the case of the Wharf Supervisor, of Rs. 15 per diem.

6. For every hour in excess of 9 on which an officer works between 6 A.M. and 9 A.M., either on general holidays or on week days, Government will pay him an overtime fee of Re. 1, provided that no such fee will be paid unless the officer has worked for a total of 54 hours in the week, or for a number of hours equal to nine times the number of days on which he had been at work during free-time during the week.

7. No charge will be made for completing the delivery of a consignment when the time required does not exceed five minutes beyond office hours. If the time required for completing such delivery exceeds five minutes, the full fee for one hour will be charged.

8. The fees for overtime and holiday work, which are to be paid by the merchant or the owner of the goods concerned, must accompany each application, on receipt whereof, the Wharf Supervisor shall issue the order to take up the work.

Ditto cow	2	0	
Ditto sheep or goat	0	4	(Half-rates up to Chandraghona from or to Chittagong.)

9. Country surangas, boats or dug-outs will be towed up or down when convenient and charged at three annas per maund of their carrying capacity. The legitimate crews of such vessels will not be charged for, but their passengers will be charged third-class passenger fares for the distance travelled.

10. Persons wishing to ship goods at Ballantine's Ghat should give at least six hours' previous notice of the number and weight or cubic contents of the packages which they intend to ship. They may deposit the freight, and preference will be given to those who make such deposits. If, after notice has been given and deposit paid, all available space should be taken up by Government stores or sepoys, the deposit will be refunded unless the shipper prefers to have the cargo carried at the succeeding trip.

11. The above rates of freight do not include charges for shipping and landing. The former must be carried out by shippers or their agents at their own risk and cost. If within six hours after the arrival of the steamer at Chittagong or Rangamati, a shipper fails to take delivery of his cargo, it will be landed and kept in the godown at these places, and a charge of half an anna will be made for landing every maund of cargo or package. Godown-rent of six pies per maund per day will also be charged, if delivery is not taken within two days from the time of landing.

12. Applications for passage, freight, and information respecting the movements, etc., of the steamer must be made to the clerk on board, who will receive all passage-money and freight and grant tickets and receipts, and will be responsible for the payment of all fares and freight.

13. Any complaints should be made to the Port Officer, Chittagong, who will enquire thereinto.

14. The Port Officer, Chittagong, is responsible for the upkeep, equipment, and movements of the Government steamer. He will see that the rules and rates sanctioned by Government are adhered to; and all applications for the hire of the steamer should be addressed to that officer for disposal subject to the approval of the Divisional Commissioner.

NOTIFICATIONS OF THE BOARD OF REVENUE.

Addenda and Corrigenda to the publication containing the rules under the Sea Customs Act, VIII of 1878 (corrected up to 31st December 1902).

THE HON'BLE MR. K. G. GUPTA, I.C.S.

Dated Calcutta, the 9th December 1904.

No. 21.

THE following revised rules should be substituted for rules 1, 3 and 6 of the rules issued under Notification No. 22B., dated the 8th January 1885, and incorporated in pages 9-13 of the Rules under the Sea Customs Act, VIII of 1878 (corrected up to the 31st December 1902):—

1. The designation of the various officers of Customs under the provisions of sections 6 and 7 of the Act shall ordinarily be—

Collector of Customs.
Assistant Collectors of Customs.
Superintendent of the Preventive Service and the Salt Department, Calcutta.
Preventive Officers or Officers of the Preventive Service.
Appraisers.

3. An Assistant Collector of Customs shall be competent, in the temporary absence of the Collector of Customs, to exercise all or any of the powers conferred on that officer. Ordinarily the Assistant Collectors and all the other officers referred to in section 1 are subordinate to the Collector of Customs, and, except as hereinafter provided, shall be competent to exercise such of the powers conferred, and to perform such of the duties

imposed upon officers of Customs by this Act as the Collector may require of them, and to perform all or any of the duties, whether mentioned in this Act or not, as are ordinarily comprised in the management of a Custom House.

6. The power to adjudge confiscation and the power to impose a penalty shall be limited in the case of all Assistant Collectors of Customs, except the First Assistant Collector, to those indicated in clause (*c*) of section 182.

By order of the Board of Revenue, L. P.,
H. F. SAUNAN, *Offg. Secretary.*

The following are the conditions of sale:—

1. The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2. The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3 The sale shall commence at the hour of 11 A.M., of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M., but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated according to the scale, noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M., in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

DEPOSIT.
When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional to the extent of Rs. 400.

6. The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7. The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8. No tender of money, Bank of Bengal receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale, will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9. The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10. Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests ordinarily required to be included in each certificate or order.

11. No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India Notes, Bank of Bengal receipts, or Government securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs 5 at a time until a bid is obtained; and the first *bond fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, Certificate of the opium advertised for sale; No. 2, Report of the examination of such opium.

17. The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1903-1904, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug, when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18. Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

By order of the Board of Revenue, L. P.,

H. F. SAMMAN,

Offg. Secretary.

ORDERS BY THE LIEUT.-GOVERNOR OF BENGAL.

MUNICIPAL AND LOCAL.

NOTIFICATIONS.

No. 3483M.—The 7th December 1904.—Whereas a Notification No. 2229T.—M., dated the 1st October 1904, was published at page 222, Part IB of the *Calcutta Gazette* of the 5th October 1904, declaring the intention of the Lieutenant-Governor to extend the provisions of section 241 of the Bengal Municipal Act III of 1884 to the Suri Municipality in the district of Birbhum, and whereas no objection has been raised to the proposal within one month from the date of the publication of the above notification within the Municipality, it is hereby notified for general information that, in the exercise of the power vested in the Local Government by section 221 of the Act, and in accordance with the recommendation of the Commissioners of the Suri Municipality made at a meeting, the Lieutenant-Governor sanctions the extension of the above provisions of the Municipal Act to the said Municipality.

Birbhum.

No. 3501M.—The 8th December 1904.—It is hereby notified for general information that the Lieutenant-Governor intends, in the exercise of the power vested in the Local Government by section 221 of the Bengal Municipal Act III of 1884, and in accordance with the recommendation of the Commissioners of the Barisal Municipality in the district of Backergunge, made at a meeting, to extend the provisions of Part IX of the said Act to the area specified below of the above Municipality, unless good reasons are shown to the contrary within one month from the date of the publication of this notification within the Municipality.

Backergunge.

The area is bounded—

On the North—By an imaginary line, drawn parallel at a distance of 800 feet (running from east to west—from Saistabad Road on the east to Lakutia Road on the west) to the north of the whole length of the roads called Shaw Road and Kawnia Road.

On the West—By the Lakutia Road up to the point towards north, where the western end of the aforesaid northern boundary meets, and from the junction of the Lakutia and Madhabpasha Roads up to 500 feet towards the west of the Madhabpasha Road, and from thence by an imaginary line drawn towards the Jhalakathi Road on the south parallel, at a distance of 500 feet west along the West Bogura and Allkanda Roads, with a bend, west to eastward, at the junction of the West Bogura and South Bogura Roads.

On the South—By an imaginary line from the bridge called "John Battye," direct towards the east up to the Barisal river, and from the said bridge towards the west, the khal called "Halderbari khal" up to 800 feet, and thence again by an imaginary line towards the north-western direction, joining the Jhalakathi Road where the western boundary line meets.

On the East—By the Barisal river.

SARAN COLLECTORATE, the 10th December 1904.

KSHIROOD CHANDRA SEN, *for* Collector.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates, situate in the district of Muzaffarpur, will be put up to sale at the Muzaffarpur Collectorate on the 22nd December 1904

The purchasers will be subject to the following condition of sale:—

Conditions of Sale.

1st.—The estates to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Jherria Extension Line of the Bengal-Nagpur Railway, in the district of Midnapore, will be put up to sale at o'clock on Friday, the 10th February 1905, corresponding with the 29th Magh of 1312 A.S., on the spot by the Sub-Deputy Collector.

The purchasers of the several plots of land will be subject to the following conditions:—

1st.—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the railway fencing, or plough the lands closer than 8 feet from its foundation.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once

3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The purchasers shall be put in possession on receipt by the District Collector of the orders of the Board confirming the sale.
